

LAY PARK PAVILION CORNERSTONE

TURNER OFFERS REWARD TO HALT VOTING FRAUDS

Candidate Reveals Plot To Prevent Honest Count.

COLUMBUS, O., Aug. 10.—Offer of a \$1,000 reward was made today by Attorney General Edward C. Turner for information leading to the arrest and conviction of any person who may be guilty of fraudulent action in connection with Ohio's primary election next Tuesday.

Turner's offer, it was explained, was due to reports that illegal plans were contemplated with a view to thwarting "a fair and honest count" of the primary votes.

"Inasmuch as it has been represented to me that in certain parts of the state, a fraudulent attempt will be made on election day to prevent an honest expression of the will of the people in the exercise of the elective franchise and a fraudulent attempt will be made to prevent a fair and honest count and report of the votes cast, I hereby offer a reward of \$1,000 for information leading to the arrest and conviction of any person who wrongfully changes, alters, erases or tampers with a name, word or figure contained in any pollbook, tally-sheet, list book, or paper, or falsifies, marks or writes, thereon with intent to defeat, hinder or prevent, a fair expression of the will of the people at the primary election next Tuesday," said Turner, directing attention to the penalty of from one to three years in the Ohio Penitentiary, provided by law, for such guilty persons.

Turner, who is candidate for the Republican gubernatorial nomination, announced that his reward offer would be good in the event of the conviction of any person accused of various other illegal action in connection with the primary election.

Turner is scheduled to make campaign speeches at Cincinnati this afternoon and tonight. Congressman James T. Begg, St. Paul, Minn., an aspirant for the G. O. P. nomination for governor, will make talks at Cleveland this afternoon.

(Continued on Page Two)

VARNEY WILL NOT DROP OUT OF RACE

Prohibition Party To Stay In Campaign

ROCKVILLE CENTER, N. Y., Aug. 10.—William V. Varney, national prohibition party candidate for the presidency, will not withdraw in favor of Herbert Hoover, unless the Republican nominee takes a definite and strong stand for enforcement of the Volstead act.

Varney said that if Al Smith is elected and appoints John J. Raskob secretary of the treasury or if Herbert Hoover is elected and reappoints Andrew Mellon, the prohibition party will be justified in continuing to exist.

The national prohibition party, Varney said, stands for enforcement of the Volstead act, judicial reform, the child labor amendment and farm relief.

BUSINESS MAN SHOT IN LOVE TRIANGLE

COSHOCTON, O., Aug. 10.—Ed Rose, 38, local real estate dealer, lay dead today of bullet wounds in what police believe was the culmination of a triangular love affair.

Police detained Earl W. Rodd, of New Philadelphia, and are holding him in the city prison pending a thorough investigation of the shooting. All night questioning failed to shake Rodd's story that he had no part in the shooting.

The furniture dealer was shot in the home of Elvaine Sigman, 30, when police say was Rose's former sweetheart. He died in City Hospital a short time later.

FLOODS AND ANOTHER HURRICANE THREATEN

Florida Menaced By New Disasters; Lakes And Streams Overflow While New Wind Storm Sweeps Atlantic.

WEST PALM BEACH, Fla., Aug. 10.—Residents of Florida's storm-swept areas today were faced with two new menaces—floods and another hurricane. Highways in the central part of the state were flooded as a result of the heavy rains which accompanied the first tropical storm. Lake Okeechobee has overflowed and many streams are rising at an alarming rate. In Okeechobee City, the swollen waters of a small creek became a huge lake, flooding large tracts of territory on both sides of the creek.

Fifteen families are homeless in Jupiter, about eighteen miles north of here.

The new tropical disturbance is reported to be sweeping across the Atlantic from the West Indies. It is hoped that this new storm now centering near the West Indies, will blow itself out before reaching here. It is moving west-northwest and its intensity has driven all shipping into ports along the coast. Meanwhile, however, Florida is enjoying a period of comparatively calm weather.

GOVERNOR SMITH IS PAYING TRIBUTE TO DEMOCRATIC CHIEF

Attends Funeral Of George Brennan In Chicago

CHICAGO, Aug. 10.—Governor Al Smith of New York, the Democratic nominee for president, was speeding to Chicago today on the Twentieth Century to attend the funeral services for his political pal and friend of long standing, George E. Brennan, Illinois Democratic leader.

The New York executive will arrive here at 10:45 o'clock, Chicago Daylight Time, this morning, and will be met at the LaSalle St. station by George E. Getz, Chicago coal millionaire and one of the promoters of the Dempsey-Tunney world's title fight in Chicago in 1927.

Guarded by more than 100 policemen and a special motorcycle convoy, the Smith party will be whisked through Chicago streets to the Brennan home, where brief and simple private funeral services will be conducted.

From the home, where Governor Smith, will express his grief and sympathy to Mrs. Brennan and her daughter, Mary, the governor will be carried by automobile to the little stone and brick Our Lady of Mount Carmel Church. There public services will be held.

Unless he is delayed during the morning, it is Governor Smith's intention to return immediately to Albany, N. Y. He planned to leave at 1:40 this afternoon for the return trip.

Riding with the New York executive to Chicago are his son, Arthur, William F. Kenn, New York financier; Frank Hague, mayor of Jersey City; J. J. Riordan, a political advisor; James J. Hoey, vice chairman of the Democratic national committee; Joseph P. Tumulty, secretary to the late President Woodrow Wilson, and several military aides.

Among the 500 honorary pallbearers were Vice President Charles D. Dawes, Governor Len Small of Illinois, scores of political leaders of both the Democratic and Republican parties, leaders in the worlds of finance and labor and friends of all religious faiths.

LINEMAN KILLED BY HIGH TENSION WIRE

CHILLICOTHE, O., Aug. 10.—The body of J. N. Robinson, 28, electrocuted lineman, was to be taken to his home in Huntingdon, W. Va., today, Robinson, an employee of the Zipp-Reckmeyer Electrical Construction Co., of Huntingdon, was killed while wiring a transformer in a gravel pit at Richmondale, near here, when he touched a wire carrying 69,000 volts.

Robinson was thrown twelve feet to the ground. Gape Wood, an employee of the gravel company, was knocked fifteen feet when he sought to aid Robinson, but escaped serious injury.

TO GIVE ADDRESS

MRS. WILLIAM M. WILSON
Mrs. William Magee Wilson will deliver the principal address at the new community auditorium in Shawnee Park Friday night.

LARGEST TOTALS IN HISTORY SHOWN BY OHIO STATE BANKS

Unusual Gains In Resources Reported By Blair

COLUMBUS, O., Aug. 10.—That "extraordinary gains" are shown by the combined resources and deposits of Ohio's state-supervised banks was the statement made today by E. H. Blair, state superintendent of banks. Blair announced that these financial institutions, on June 30, last, had resources totaling \$2,371,407,719 and deposits aggregating \$1,976,259,385, "the largest totals in the banking history of the state."

"The increase in the enormous volume of business handled by the reporting institutions materially strengthens Ohio's rank as the fifth largest banking state in the United States," said Blair. "Between June 30, 1927 and June 30, last, resources increased \$130,435,991 and deposits increased \$99,588,597," Blair continued. "Between the calls of Feb. 28, last, and June 30, last, resources and deposits increased \$67,943,235 and \$49,751,143 respectively. (By the term 'the calls' Blair meant the calls issued by the state banking department for reports on the condition of these banks.)

"Savings deposit totals, which aggregated \$960,443,462 on June 30, last, are particularly gratifying," Blair stated. "In this type of deposits during the year there was a gain of \$82,545,629 and between Feb. 28, last, and June 30, a gain of \$97,827,266.

"To the credit of the people of the state, it may be asserted that there has been a consistent and steady growth in their savings accounts for several years, a trend which reflects high standards of living and an economic situation in the commonwealth which is decidedly wholesome and reassuring."

POLICE SURPRISE ROBBERS

FOIL ATTEMPT TO BREAK OPEN GASOLINE PUMP

One Captured, Three Escape; Garage Robbed Of Car

Three of four youths, surprised by Patrolmen J. E. Craig and Charles Thompson in an attempt to break open a pump in front of the Central Filling Station, S. Detroit St., owned by C. E. Owens, for the purpose of stealing gasoline, disregarded bullets fired by officers and escaped in a stolen auto at 2 a. m. Friday.

One of the youths, captured by the officers, gave his name as Charles Upchurch, Dayton, O., and admitted his companions also lived in Dayton. Two Dayton officers, who came to Xenia early Friday morning and returned the prisoner to that city, expressed the belief the quartet may be linked with a series of auto thefts in Dayton.

Police learned by tracing the license number, that the Chevrolet coach in which the trio escaped, had been recently stolen in Dayton from Mark H. Gorton, Washington C. H. Gorton came to Xenia with the Dayton officers.

A coat belonging to Gorton, in the car when it was stolen, was thrown out of the machine on E. Second St., and recovered by police.

The pursuing officers fired several shots at the fugitives but it is believed none of the bullets took effect. The two officers discovered the attempted robbery while making their usual rounds in the police car.

Theft of a 1926 model sedan owned by James Faulkner, Hill St., from The Xenia Garage Co., S. Detroit St., was discovered at 2:30 a. m., when the same officers found thieves had broken into the garage.

The intruders had broken a rear window to gain entrance. After entering, a back door was opened, presumably to permit companions to enter. The officers found the door standing open. Investigation led to the discovery that the auto had been stolen.

LINDBERGH TO INSPECT SITES

Lands Unexpectedly At Columbus

COLUMBUS, O., Aug. 10.—Quietly, and with no advance notice of his coming, Col. Charles A. Lindbergh swooped out of the skies from the east here last night, and today was conferring with Kline Roberts, secretary of the Columbus Air Board concerning prospective Ohio airport sites.

Lindbergh landed here at 5:30 p. m., in his Ryan monoplane, a replica of the famous "Spirit of St. Louis," and was immediately whisked away to the Columbus Country Club where he dined with Leon Morris, manager of the National Cash Register Co., and Lt. Frank McKee, commander of Norton Field, Columbus airport.

An amusing feature of the flying colonel's visit was the exodus of caddies from the caddy house at the Country Club to the sacred precincts of the club house. Their idleness was caused by the fact that Lindbergh, standing and with noses flattened against the windows, they awesomely watched the "lone eagle" stow away a hearty dinner—"Just the same as any other man," one ragged caddy disappointedly remarked.

POLICEMEN SUED

DAYTON, O., Aug. 10.—Two Dayton policemen, Herman Ague and H. M. Gaylor, today had been named defendants in a \$10,000 damage suit for alleged false arrest, imprisonment and misuse. The suit was filed by Charles M. Tierney, a minor, through his father.

STRATON CHALLENGE TO SMITH EXPECTED

NEW YORK, Aug. 10.—Dr. John Roach Straton's letter to Governor Al Smith, accepting the latter's challenge to debate the charge made by Dr. Straton last Sunday before his congregation in Calvary Baptist Church that the governor was the "deadliest foe today in America of moral progress and true political wisdom," should be received at the governor's office today.

Dr. Straton in his letter, continued to maintain his position asailing Governor Smith's record.

He insisted that the debate be held in an auditorium larger than Calvary Baptist Church, in order to accommodate the large crowd that would wish to hear it.

The clergyman suggested that Madison Square Garden be obtained and that 3,000 seats be apportioned to members of Calvary Church, 3,000 to members of St. Patrick's Cathedral and the 20,000 remaining be divided equally between the Republican and Democratic national committees.

Dr. Straton had told reporters that he would insist that the debate be continued in St. Patrick's

Cathedral after it had been held in Calvary. However, in his formal letter of acceptance, Dr. Straton did not insist upon this arrangement but did make the suggestion for the division of seats between the two congregations.

It is understood that the suggestion of Dr. Straton for a debate in St. Patrick's Cathedral would be rejected by the governor as the cathedral does not permit discussion of secular topics in its pulpit. The governor is insistent upon answering the charges before the same persons who heard them made and also in the same place.

MEET FUTURE MRS. GENE

Telephoto Of Heiress Who Will Wed Retiring World's Champion.

Miss Josephine Lauder, of Greenwich, Conn., who is engaged to marry Gene Tunney, retired world's heavyweight champion. Miss Lauder, whose full name is Mary Josephine Rowland Lauder, is 21 years old, a tall brunette of the athletic type. Gene's full name is James Joseph Tunney, the son of Joseph and Mary Lydon Tunney, both of whom were born in Ireland. The former champion is nine years his fiancée's senior. She is an heiress.

HOOVER OBSERVES BIRTHDAY ON EVE OF HIS NOTIFICATION

STANFORD UNIVERSITY, Cal., Aug. 10.—On the eve of his notification as the Republican nominee for president, Herbert Hoover today quietly observed his fifty-fourth birthday at his home here, surrounded by his family and a small group of friends.

The anniversary presented a climax to a saga of American opportunity. The man, who came to California three decades ago as a penniless youth seeking a job, sat in his luxurious home, surrounded by affluent friends, waiting to be notified that he had won the greatest gift in the keeping of a great political party.

The stage is set for the notification ceremony in Stanford stadium. Arrangements have been made to handle a crowd up to 150,000 people, although the Hoover managers will be satisfied with a host of 75,000 visitors. The exercises will begin at 2 o'clock with a band concert and at 3:30 Senator George H. Moses, of New Hampshire, will tell Hoover formally how the Kansas City convention named him the Republican nominee.

Hoover will accept the nomination in a 7,100 word speech, in which he will lay down the Republican issues of the coming campaign. He will begin speaking shortly before 4 o'clock and his speech will last forty minutes.

After the notification, Hoover will rest at his home here until next Thursday night, when he will begin his trek back to Washington. He will stop off Friday in Los Angeles, making a brief speech there on a "subject of interest to southern Californians." It was intimated that subject would be Boulder Dam legislation, which Hoover favors.

After a day spent talking over campaign matters with Curtis, Hoover will go on to his birthplace in West Branch, Iowa, passing through Kansas City enroute. Following a day in West Branch, with a farm speech in the evening, Hoover will spend two days in Cedar Rapids, Iowa, visiting with farm leaders. From there, he will go direct to Washington.

Hoover had a quiet birthday in prospect. He invited Hubert Work, the new Republican national chairman, to spend the day with him and he asked Senator George H. Moses to have luncheon with him. A crowd of his old friends from Stanford University was expected to drop in on him during the day. This evening, he will be the guest of honor at a birthday party to be given him by the newspaper correspondents and photographers who accompanied him from Washington.

AMERICAN IS LOSER IN SINGLE SCULLS FINAL OF OLYMPICS

Railroad Fireman Is Second; Laufer Wins Swim

SLOTEN, Holland, Aug. 10.—Ken Myers, Philadelphia, the railroad fireman who stoked his way into condition on the New York-Philadelphia run, was defeated in the single sculls final of the Olympic rowing championships today, losing to Bob Race, the Australian, in seven minutes and eleven seconds. Myers, four and a half length behind the winner, was timed in 7:29:40.

The American four-oared crew won the consolation race, taking a third place in this event at a special heat with Italy. The latter was beaten off by two lengths in 7:20:25. Later, Germany won the title in this class by defeating England in a stirring final race in 7:06:25. The Germans won by a bare half a length.

OLYMPIC SWIMMING STADIUM, Amsterdam, Aug. 10.—Walter Laufer, of Chicago, today won the first heat of the 100 meter free style Olympic swim defeating Takaishi, of Japan, in a close finish.

Laufer was timed in one minute and 45 of a second. He was neck and neck with Takaishi all through the race and won by inches.

The first two in each heat of this event and the man turning in the best time for third in all seven heats will qualify for the semi-final. Arne Borg, Swedish star, was scratched in this event.

Johnny Weissmuller, of the Illinois A. C., double Olympic winner in 1924, made his first appearance this year in an individual Olympic swimming event in the second heat which he won without any trouble.

The "human fish" thrashed through the water at a fast clip finishing in one minute flat. Spence, of Canada, was second in one minute 35 second. Schubert, of Germany, was third in one minute 35 second.

George Kojaer, of New York, the sensational youngster twice broke world's record for the 100-meter back this week, won the third heat of the 100-meter free style in one minute 35 second. Schubert, of Germany, took second place.

MILWAUKEE EAGLES TAKE MANY HONORS

COLUMBUS, O., Aug. 10.—Milwaukee Eagles today had carried off the highest honors of the pageant held by the Fraternal Order of Eagles in national session here. This Wisconsin delegation was awarded three first places, one second and one third in the parade, band and drill team contests staged under a boiling sun here yesterday afternoon.

It was estimated that 15,000 members of the organization took part in the ceremonies, while close to 100,000 persons lined the streets.

Eleven persons were reported overcome from the heat as mercury touched 100 degrees at street level, among the visitors to the city for the E. E. convention who were prostrated were: Wilham H. Fuller, Marion, O.; Mrs. Vivian Kendall, wife of Police Lt. Kendall of Richmond, Ind.; Miss Jean Tonsend, Pontiac, Mich. All will recover it was reported from hospitals here today.

FORMAL PROGRAM IS ARRANGED FOR PARK EXERCISES FRIDAY

D. A. R. Is In Charge; Concert And Lawn Fete To Follow

Elaborate plans have been completed for the cornerstone laying of the new memorial pavilion under construction in Shawnee Park Friday night at 7 o'clock.

The exercises will be in charge of Catharine Greene Chapter, Daughters of the American Revolution, and Mrs. William Magee Wilson.

AN INVITATION
Come to the Cornerstone laying at 7 o'clock Friday night. Bring a small contribution (a large one if you wish) and your name will be put on the list of donors to go into the box.

will make the principal address. Mrs. Frank A. Jackson, regent of the chapter, will preside.

The program opens with the singing of "America" by the assembly, followed by introductory remarks by Mrs. Jackson and a sketch of the development of Shawnee Park by Mrs. S. O. Hale.

Your Flag and My Flag," sung by Mrs. William H. McGeevey, will precede the address by Mrs. Wilson. The recessional will follow, with Trinity M. E. Church Choir, with violin accompaniment by Mrs. Louis Hammett.

The program continues with

(Continued On Page Two)

CLEW PROVES HOPPE MURDERED WOMAN AS ADMITTED

Pen Connects Child Slayer With Death Of Teacher

TOLEDO, O., Aug. 10.—Although Charles (Stanley) Hoppe, under sentence of death for the brutal murder of seven-year-old Dorothy Sielagowski, has confessed that he killed Miss Lily Dale Croft, Toledo teacher, whose death two years ago was an unsolved mystery on police records, the first tangible bit of evidence connecting Hoppe with the crime, a fountain pen said to have belonged to the slain teacher, was in possession of the police today.

Hoppe's first confession to the killing of Miss Croft was received with considerable skepticism, as at the time his attorneys contended he was "mentally incompetent" and should be confined to an institution where he would not be a social menace instead of expiating his crimes in the electric chair. The identification of the fountain pen, however, and additional details Hoppe related to three common pleas judges lent credence to his confession. Authorities are checking up old records in the case in the hope that Hoppe's connection with the Croft murder either will be definitely established or discarded.

DUPONT RETIRES TO AID SMITH DRIVE

NEW YORK, Aug. 10.—Granted indefinite leave of absence as chairman of the board of the General Motors Corporation, Pierre S. DuPont one of America's wealthiest men, prepared today for an active part in the campaign to send Governor Alfred E. Smith to the White House.

Although the reason formally stated in his resignation was that he did not wish the General Motors Corporation to be identified in the public mind with his activities as a director of the association against the prohibition amendment, intimate associates declared today the step was intended to pave the way for an open declaration in favor of Smith.

History Of Shawnee Park Goes In Cornerstone

By T. H. ZELL

Chairman Executive Committee Shawnee Park had its conception among a group of citizens who were interested in playgrounds and other activities for young people and organized under the name of The Xenia Recreation Association. Its first function was to create a number of playgrounds in the city under the supervision of competent persons. This work was carried on for two years with fair success being supported by public subscription. In 1925 the organiza-

tion conceived the idea of a public park where playgrounds might be placed and various recreational activities carried out that might develop the child as well as entertain older persons.

A strip of land known as part of the Roberts Estate, but at the time owned by Frank Dodds, was decided upon as the proper location for a park and negotiations were started with Mr. Dodds to acquire the land. This was finally accomplished through a gift of fifteen hundred dollars from P. H.

Flynn. This gift was made to The Xenia Recreation Association of Xenia, Ohio, which was organized at the time by Mrs. Anna Kelble, C. E. Argobust, the Rev. Wm. H. Tilford, Edwin M. Woodward, J. H. Adams and T. H. Zell. Edwin M. Woodward being president and T. H. Zell secretary, and C. E. Argobust, treasurer. The organization took out articles of incorporation under the laws of Ohio.

The deed for the property sets forth that should the Xenia Recreation Association fail to function,

then the title of the property will automatically pass to the City of Xenia, and that if at any time the city fails to maintain the land as a park then the title will automatically go to the original grantor. This was done so there would be no question but that the park would function forever.

While the work of improving the park was in progress Dr. W. A. Galloway was asked to give the park an appropriate name. He suggested the name of Shawnee to commemorate the Shawnee Indian

tribe which at one time roamed over the land now occupied by the city of Xenia. This name was adopted.

Plans were outlined for the park and subscriptions taken. Any person giving either large or small contributions was enrolled as a member of the association and in this way about seven thousand dollars was raised. Mrs. Harrison Baker gave a liberal sum of money in order to finance the committee in its drive for funds. Most of the land being swampy it was first

necessary to drain it and nineteen hundred feet of drain tile were placed in the ground and an excavation was made to form a lagoon. The dirt removed was used to fill unsightly spots, roads were opened and cinders placed on them. Bridges were built and a fill was made for a tennis court. This work was done under the money his association had available and work was discontinued for the year.

The following year a great many organizations began to take interest in the development of the park.

Among these organizations which were most active were the Garden Club, the W. C. T. U., Rotary and Kiwanis and through their efforts and City Manager S. O. Hale, the City Commissioners traveled the streets adjacent to the park. The Garden Club planted shrubbery which was instrumental in interesting many persons in planting trees. The W. C. T. U. furnished money to complete the tennis courts, gave money to erect a picnic table and also planted forty trees calling the planting White Ribbon Trail.

The officers of the W. C. T. U. at the time were Mrs. W. O. Custer, president, Mrs. Charles Ervin, vice president, Mrs. Will Smith, secretary, Mrs. Henry Dunkle, treasurer. The Business and Professional Woman's Club donated money for a picnic table also. The officers of the organization were Mrs. Elsie Canby, president, Miss Iva Laycock, vice president, Miss Stella Tuhey, treasurer, Miss Wilma Plomerfelt, assistant treasurer, Miss Helen Graham, recording secretary.

(Continued On Page Two)

HISTORY OF SHAWNEE PARK IS PLACED IN AUDITORIUM STONE

(Continued From Page One)

retary and Miss Lorena Paulin, corresponding secretary.

The Daughters of American Revolution planted forty trees, marking the group planting in memory of the veterans of the Revolutionary War. John Bocklet erected a flag pole and gave the association a flag. The Eagles Lodge donated lawn benches, and the Downtown Country Club gave two tennis nets. The Ervin Milling Company and the Cedrine Club gave picnic tables. The fountain in the park was originally a watering trough given to the citizens of King St. by the Hon. John Little and Judge E. H. Munger. Permission was given by the families of the donors to the Xenia Recreation Association to move this watering trough to the park and build it into a fountain in memory of the givers.

In 1927 members of the Xenia Garden Club held a community picnic in order to raise money to build a comfort station. In 1928 they gave another picnic and used the funds for this purpose, erecting a building fully equipped costing about twelve hundred dollars. The committee in charge of this work was: Mrs. Chas. Kelble, Mrs. Chas. Ervin, Mrs. Ben. Chambliss, Mrs. M. L. Wolf, Mrs. Frank Smith, Mrs. Effie Keyes, Dr. Ed. Kern and Otto Hornick.

In 1928 it was decided by the citizens of Xenia to hold a Home-Coming and the committee in charge felt that former citizens might be interested in building an auditorium in the park as a memorial, and with this thought solicited a few former citizens of wealth, receiving thirty-five hundred dollars. These gifts were as follows: Frank Connable of New York City, \$1,000.00; Mrs. John Connable of New York City, \$1,000.00; James R. Hopkins of Chicago, \$1,000.00 and Blair McElroy of Chicago, \$500.00. This sum being insufficient, local citizens took an interest in the work and Miss Sarah Hager gave \$500.00, Miss Emma King, \$500.00, The D. A. R. \$500.00 and Henry B. Bledsoe, \$500.00. Other small gifts brought the amount up to six thousand dollars.

The estimated cost of this building being eight thousand dollars the committee was still short of funds but decided to erect the building and take care of the deficit in some manner. A building committee was named consisting of Harry Sparks, chairman; Frank Smith, Edwin Galloway and T. H. Zell. Mr. Sparks drew all plans and specifications and supervised all the work without cost to the committee. Dealers in material used, very kindly sold products at their cost which enabled them to erect a much more substantial building than was originally estimated. Some of these firms were: the Greene County Lumber Company through the courtesy of Chalmers Murphy, the McDowell and Torrence Lumber Company through the courtesy of Findley Torrence and Austin Patterson, the Xenia Coal Company through the courtesy of Caning Brothers; Stiles and Company through the courtesy of George Stiles; Miami Portland Cement Co. and Southwestern Portland Cement Co. of Fairfield. Other firms selling material at cost were C. L. Henrie Tin Shop, courtesy Mrs. C. L. Henrie, Baughn & Son, Andrews & Beckman, Hornick Electric Co., courtesy Fred Hornick, Miller Electric Co., courtesy Arthur V. Miller, H. E. Eichman Electric Shop, Fred Graham and L. S. Barnes and the Champion Bridge Works of Wilmington, Ohio.

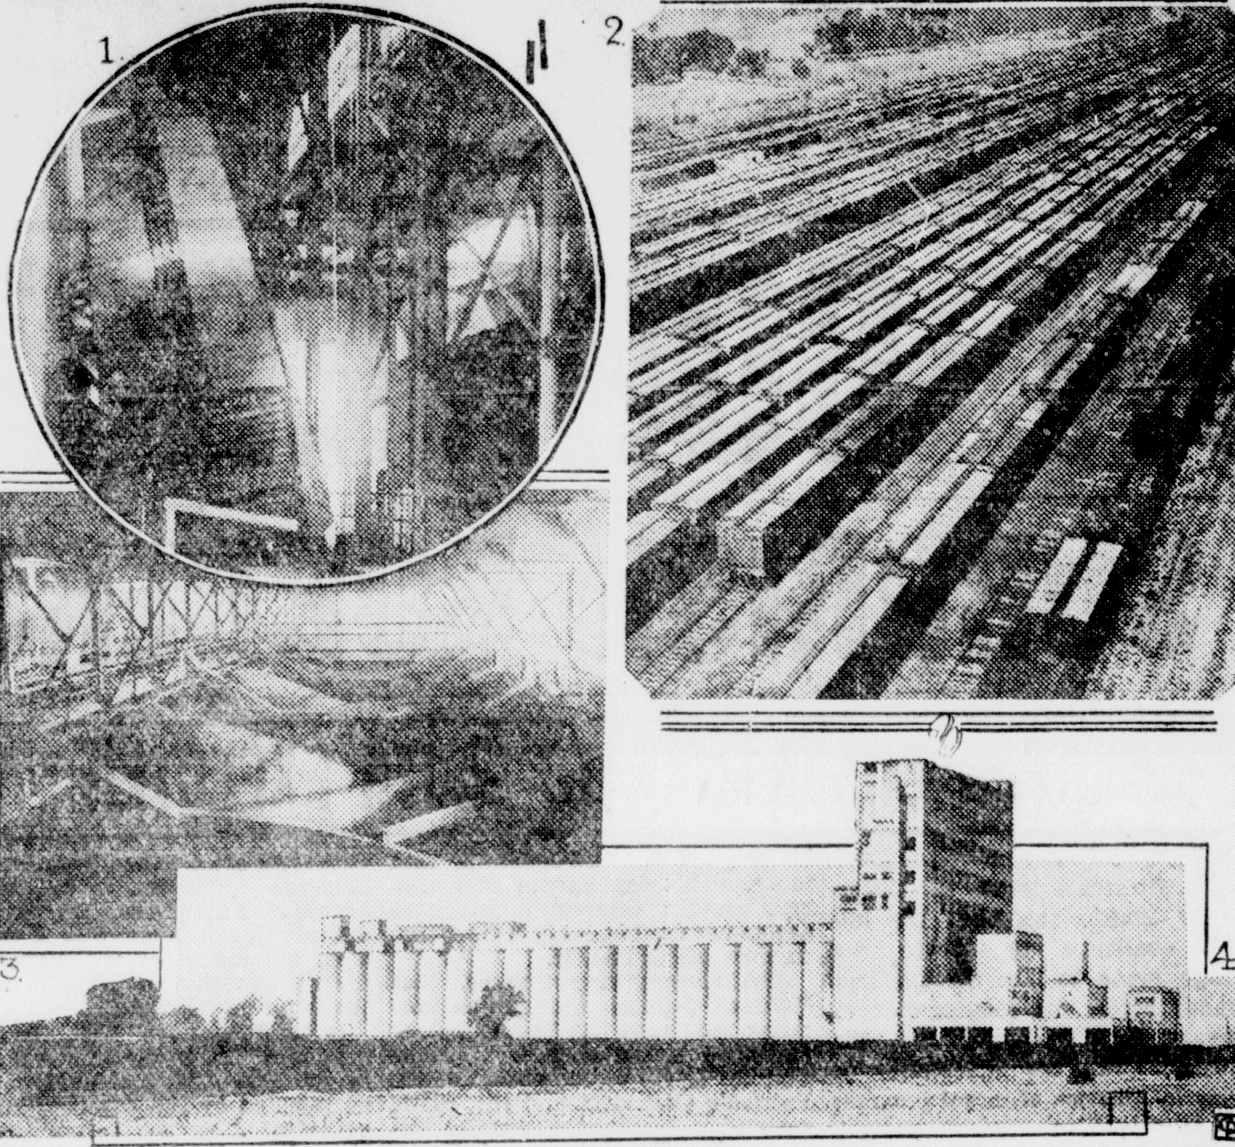

The actual construction work was carried out under the supervision of Harry Sparks by John Loyd, who at the time of erection of this building was in the contracting business. Mr. Loyd very kindly took the work on reasonable charge per hour basis, furnishing all his equipment without charge. Earl Short, also a local contractor, very kindly offered to bring in his equipment without charge working himself by the hour and donating two days of his time to the auditorium. Many other dealers and merchants donated or sold at cost many small items. This fact is recorded to show the kindly interest of all citizens in the erection of the Memorial Building.

At the time of the laying of the corner stone, August 10, 1928, the people were looking forward to a successful Home-Coming, which was to be held on the dates of August 26, 27, 28 and 29. The executive committee handling the affairs of the Home-Coming is as follows: T. H. Zell, executive chairman; M. L. Wolf, treasurer; Frank L. Smith, secretary; Dr. W. A. Galloway, historian; John W. Prugh, chairman finance committee; Karl R. Babb, chairman ways and means committee; Dr. Ben R. McClellan, chairman of clubs and organizations; Edwin Galloway, chairman of decoration committee; Dr. A. C. Messenger, chairman of program committee; Mrs. Chas. A. Kelble, chairman of beautification committee; Mrs. A. C. Messenger, chairman of accommodations committee; Mr. Harry Sparks, chairman of building committee; Isadore Hyman, chairman barbecue committee; Dilver Belden, chairman traffic and parking committee. Miss Josephine Wolf was in charge of the Home-Coming headquarters. The Home-Coming committee, through its activities, was responsible for obtaining the funds for the erection of this Memorial Building.

The laying of the corner stone was taken charge of by the D. A. R. Mrs. Frank Jackson, regent, who presided. Mrs. DeEtta Wilson was the speaker of the occasion. This history of the park was read by Mrs. S. O. Hale. Singing was furnished by members of the Trinity Choir under the leadership of Mrs. Will McGervey, who also sang a solo. Members of the D. A. R. and of the Home-Coming committee assisted.

This history was compiled by T. H. Zell, president of the Xenia Recreation Association, and assisted by members of the board, Mrs. Charles Kelble, P. H. Flynn, C. E. Arbogust, the Rev. Wm. H. Tilford, Edwin M. Woodward and Schuyler McClellan.

WHEAT POURS INTO HUGE KANSAS GRAIN ELEVATOR

These have been busy days at Turner, Kas., where more than 1,000 carloads of wheat have found their way to the gigantic Santa Fe elevator, second largest in the world. (1) A dumper weighing a whole wheat car, the grain is then shaken from the cars and the empties are then replaced on the tracks. (2) Acres of box cars awaiting their turn to empty their contents into the elevator. (3) A top view of wheat laden, reinforced concrete tanks that are 40 feet across and hold 65,000 bushels each. (4) Exterior view of the elevator.

TURNER OFFERS REWARD TO HALT VOTING FRAUDS

(Continued from Page 1)

noon and tonight.

Myers Y. Cooper, Cincinnati, also a candidate for the Republican gubernatorial nomination, was scheduled to make an address to-night at Bethel, Clermont County.

Supporters of Cooper's candidacy made public what was said to be a copy of a telegram from Congressman Nicholas Longworth, Cincinnati, speaker of the national house of representatives, endorsing Cooper. In this telegram Longworth was credited with pledging Cooper his "whole-hearted and active support in the coming primary."

Nine Ohio dry leaders issued a joint statement urging dry Republicans of the Buckeye state to vote for Beggs next Tuesday. The statement was signed by E. R. Root, Medina, former attorney general; C. C. Crabbe, Columbus; Mrs. Lillian Burt, Columbus; Judge W. V. Aldrich, Delaware; Lester D. Hill, Bowling Green; Rev. Paul T. Gilbert, Bowling Green; W. J. Danke, dean of the University of Akron; N. C. Sherwood, Fremont, and Mrs. Maybelle Hester, Norwalk, superintendent of the Purity League of the Ohio Christian Endeavor, also a member of the W. C. T. U. It was announced.

Crabbe, a former state representative, is the author of Ohio's dry laws, known as the Crabbe act.

The statement asserted that, due to the recent action of Ohio Anti-Saloon League officials in endorsing Cooper's candidacy and failing to approve that of Beggs, "a grave situation" faces Ohio voters.

Former Lieut. Gov. Charles H. Lewis, Harpster, and President William F. Pierce, Kenyon College, it was stated, endorsed Beggs' candidacy.

Addressing a picnic and rally conducted here under the auspices of the Franklin County Democratic Women's Club, Herman R. Witter, Canton, state director of industrial relations, and a candidate for the Democratic gubernatorial nomination, endorsed the policies of Governor Vic Donahey and said he was "a Smith man."

Director of Agriculture Charles V. Truax, candidate for U. S. senator favored improvement of agricultural conditions on a nationwide basis. George White, Marietta, also an aspirant for the U. S. senatorship, characterized Gov. A. Smith as the "outstanding statesman of

his time." Attorney Graham P. Hunt, Cincinnati, seeking the senatorial seat, accused the Anti-Saloon League and the Republican party with conspiring to "cheat Ohio out of proper representation in congress."

Commerce Director Earl Bloom, Bowling Green, former lieutenant governor questioned the promise of Congressman Martin L. Davey, of Kent, to save \$5,000,000 in taxes if elected governor of Ohio. "If he can show me how he can save \$50,000 in taxes, I will vote for him

myself," said Bloom, who also, is a candidate for the Democratic nomination for governor. Replying to Bloom, Davey said the next governor would be a Democrat and that he would have the support of a Democratic state legislature.

Peter Witt, Cleveland, seeking the Democratic gubernatorial nomination, said Ohio will not go Democratic this fall unless the gubernatorial candidate nominated next Tuesday by the Democrats of Ohio is in sympathy with Al Smith. Witt said he is "a Smith man."

ROSCOE G. HORNBECK Common Pleas Judge of Madison County FOR JUDGE COURT OF APPEALS

Republican Primary August 14th

The Court of Appeals is an important upper court and reviews the work of Common Pleas Judges. Therefore, experience on Common Pleas bench most valuable.

Judge Hornbeck, a trained and qualified jurist, with years of experience on rural and city Common Pleas Courts. Only candidate with experience as a judge. Opponent now and for last 15 years a court stenographer. 11 counties in district. 8 have had members on this court. Madison county, home of Judge Hornbeck, never represented. Dayton, home of his opponent, has had 37 years and seeks more. Vote For and Support Roscoe G. Hornbeck a Qualified Candidate.

P. R. Emery, Chairman, Hornbeck for Court of Appeals Committee, London, O.

FORMAL PROGRAM IS ARRANGED FOR PARK EXERCISES FRIDAY

(Continued From Page One)

Jackson and closes with prayer by the Rev. C. O. Nybladh.

At the conclusion of the D. A. R. ceremony, the Xenia Municipal Band will play a concert and a lawn fete will be conducted at the park by the Xenia Garden Club. The proceeds from the lawn fete will be turned over to the auditorium fund.

Providing favorable weather continues, enabling workmen to rush the construction of the building, the auditorium may be erected in time for use during the Greene County Home-Coming the latter part of this month. Twelve working days lay ahead of contractors in which to complete the project, but the foundation is in place and the stowest part of the work is finished, it is pointed out.

The community house, financed by Home-Coming funds, will remain as a permanent adjunct to the park and will be available for many future activities, serving to increase the benefits of Shawnee Park.

Erection of the memorial structure with Home-Coming funds will make Shawnee Park the center of activities for the affair to be staged August 26-29.

The proposal for erection of the auditorium was originally inspired by the need of such a community ritualistic service led by Mrs.

building to house Home-Coming programs.

The pavilion is being constructed at a cost of \$8,000 of which amount more than \$6,000 has already been raised through contributions solicited from Xenians and former residents of the city.

Sixteen former Xenians were solicited by Home-Coming officials for donations of \$1,000 each. Responses received boosted the fund to \$3,500 and additional subscriptions from Xenia residents brought the total to within \$2,000 of the goal. With most of the money raised or in the process of being raised, it was decided to launch construction of the building.

While the pavilion will be neither elaborate nor expensive, it will be adequately constructed as a permanent building in such a way that it can be added to and improved as occasions demand. The building is expected to seat 1,200 people.

Plans call for an expansive cement floor, roofed but without sides. There will also be a platform stage and possibly a storage room.

As a protection against the weather, canvass sidewalls may be obtained, but the sides will be so constructed that permanent side walls may be erected later or the building enlarged if need be. The cement floor will make dancing available and may be used for this purpose during the August celebration.

Many forms of programs that require a large auditorium, including Home-Coming entertainments, reunion meetings, and the like will be staged in the structure. The building in the future will also be building in the future will also be suitable for union church meetings.

community meetings, dances, theatricals and the like.

Plans for the auditorium were drawn by Harry Sparks, Xenia, who volunteered this service without cost. In addition Mr. Sparks offered to personally supervise the erection of the structure, still with out cost to the building committee. Contractors were also generous in the matter, furnishing materials at cost.

ENGINEER HURT AS TRAIN IS DERAILED

ALLIANCE, O., Aug. 10.—Frank Glasses, engineer, was recovering from slight injuries today as a result of the derailling of a Pennsylvania passenger train east of here last night. A number of passengers were shaken up, but none injured.

A section of the track was

washed out by recent heavy rain-storms and when the train reached this point the engine was overturned and six cars derailed. Glasses, who sustained injuries to his back, refused to go to a hospital. The train was made up at New Castle, Pa., and was enroute here, via Youngstown, with passengers for Columbus, Cincinnati, and Chicago.

Several sections of the Pennsylvania road in this vicinity are under water and trains have been re-routed through Ravenna, over the Cleveland-Pittsburgh division.

BOY DROWNS

NEWARK, O., Aug. 10.—Arrangements for the funeral of Jack Williams, 10, who was drowned in South Fork of Licking River, near here late yesterday afternoon, were being completed today. He is said to have waded beyond his depth.

The body was recovered later by police.

WILLIAM S. HOWARD

CANDIDATE FOR

Prosecuting Attorney

Mr. William S. Howard is a candidate for the office of PROSECUTING ATTORNEY of Greene County, Ohio, at the coming Republican Primary Election, August 14th, 1928.

It is the first time that Mr. Howard has ever been a candidate before the people for any office. Since his graduation from the Cincinnati Law School, he has been in the active practice of law in this city in all the State and Federal Courts.

Mr. Howard's opponent, Mr. Carl Marshall, the present incumbent of the office of Prosecuting Attorney, is seeking a third term, and this after having held office, successively as Deputy County Clerk, County Clerk, Probate Judge and is now serving his second term as Prosecuting Attorney, in all twenty years of continuous holding of public office.

If nominated and elected, Mr. Howard will give his best services to the people of Greene County.

BIBLE THOUGHT FOR TODAY

STABILITY—Thine own friend, and thy father's friend, forsake not; neither go into thy brother's house in the day of thy calamity: for better is a neighbour that is near than a brother far off.—Prov. 27:10.

SHOWING THE WORLD HOW TO FLY

"Commercial aviation in the United States today has almost reached, and within 12 months will certainly reach a point of development greater than that of all Europe put together," prophesies Herbert Hoover in a current magazine article, "Air Pioneering."

The American plan of development of commercial aviation, explains Mr. Hoover, has been that a sound transportation agency must be developed by private enterprise, without government subsidy; that the government support should be given only so far as we have for 100 years given it to navigation.

"This plan translated into aviation means that the government declares the routes of national airways, builds their equipment of lights and emergency landing fields, furnishes charts, licenses the planes for safety and the aviators for competence, engages itself in scientific investigation, and promotes and co-operates with private and local enterprise to do the rest."

Commercial aviation in the United States has probably a greater opportunity in that the American Government does not regard it largely as a supplement to military defense with transportation objectives secondary. Mr. Hoover further points out that the European development has been based first upon passenger carrying, whereas in the United States, the growth has hinged largely upon carriage of express and mail. As a result of this difference in emphasis, Mr. Hoover says that "per capita we transport more than twice the goods, passengers, and express transported by any European country and one-third more mail per capita than the liveliest of them—and we transport them over longer distances."

Mr. Hoover summarizes the progress made up to the present day: "We have today 7,500 miles of improved national airways in regular operation, and the contracts let will provide for 3,000 miles or more by January 1, with still further extensions after that date."

"We are rapidly developing well-equipped airports at every town, and we now have 207 municipal ports, 163 commercial and private ports, and 124 Department of Commerce landing fields."

And most of this has been largely the work of the past 18 months.

WOMEN ADD TO BUYING POWER

More than 2,000,000 married women in this country are working outside of their homes. Some of them may take this course because of their love for certain professions. But in the great majority of cases it is because they want more money for their homes and themselves than their husbands can earn.

Many of these women have been led to take such work by the increased cost of living. Some complain because such ones take jobs away from unmarried women. But their production adds to the buying power of the nation, and makes the people able to spend more money, and thus makes more work for the people to do.

When a girl sees a new dance step she will second the motion.

Next to loafing the hardest thing is work.

The Way of the World

By GROVE PATTERSON

AS TO OPERATIONS

Dr. R. S. Boles, University of Pennsylvania, says operations for chronic appendicitis are useless. The untinking may smile happily and say this is a proper blow at the doctors who are all too ready to operate—both on body account and bank account. The more thoughtful realize there are no more earnest seekers after truth than reputable physicians. Qualified doctors do not rush into operations. The fact remains that surgery—in time—is the only cure for acute appendicitis.

RADIO AND GOVERNMENT

The radio has given an astonishing boost to democracy and the whole idea of democracy. Never before have so many people taken an interest in political affairs. The radio brought the exercises of the two national conventions into millions of American homes. Thousands of folks who heard little of politics and public life and cared less, find their interest properly aroused when the proceedings of democracy are delivered into their homes.

KNOWING WHO'S WHO

Speaking of radio and the broadcasting of conventions, one can go further and see the immense contribution radio is making in this national political campaign in acquainting the people with the merits of candidates and policies. With the enormous resources of the radio added to the newspaper and the magazine it is now possible for Mr. and Mrs. Citizen to know who's who in American public life and what he stands for. We now have the best chance we ever had to do some real intelligent voting.

DOES NATURE QUIT US?

Well, here's some bad news. Dr. R. W. Scott, Western Reserve medical school, says that the large number of deaths at the age of 50 and 55 is not brought about so much by our fast living as by the hard fact that nature just naturally goes away and leaves us at the top of the hill. Every well born boy or girl has an expectancy of about 55 years at birth. After we reach that age nature seems to withdraw her special support and we have to shift for ourselves. It behooves us to get a good start before the age of 50, in the way of habits of food, drink, sleep, and exercise so that we can go it alone for the last 30 or 40 years.

NEWS COMMENT and VIEWS

The Diary

of a

New Yorker

By CLARK KINNAIRD

NEW YORK—More things that readers of this column want to know about New York:

Is there any one who will instruct me in public speaking free for the coming campaign? (Trenton, N. J.)

Where can I buy imported pumpkin bread by mail? (Oil City, Pa.)

Is "Strange Interlude" still playing in New York? (New Castle, Pa.)

Are there any magazines in New York devoted to explaining finance for small investors? (Columbus, O.)

Would Smith have carried New York State in 1926? Mills without the large majority New York City gave him? (Palermo, Cal.)

What denomination is "The Little Church Around the Corner"? (Columbus, O.)

What are the most interesting libraries in New York? (Cynthiana, Ky.)

Where could I sell a mantel clock made in 1725? (Cannonsburg, Pa.)

How many Roman Catholics vote in New York State, and how many hold office? (Langdale, Ala.)

Where in New York could I find some one to give me lessons in rush (woven chair) work? (Troy, N. Y.)

Where is the largest collection of Egyptian mummies and relics of Egypt in New York? (Huntington, W. Va.)

Where is the Margaret Sanger birth-control clinic? (Dayton, O.)

Is a building taller than the Woolworth building being built in New York? (Nashville, Tenn.)

When I was there a few months ago I saw a diamond store which advertised diamonds supposed to have been taken away from smugglers by customs officers, at unheard of prices. Are they genuine? (Nashville, Tenn.)

I want to go to art school in New York. What is the best one? (Evansville, Ind.)

When did the old Crystal Palace in New York burn down? (Poughkeepsie, N. Y.)

How many negroes have state positions in New York? (West Point, Ga.)

What per cent of New Yorkers are foreign born? What per cent are Catholic? What was the Coolidge vote in 1924 and the Smith vote? (Dayton, O.)

Household Hints

By MRS. MARY MORTON

MENU HINT

Minute Steak Mashed Potatoes
Corn with Green Peppers
Cabbage and Lettuce Salad
Blackberry Pie
Coffee

Season your meals well for summer consumption. I sometimes think that all the difference there is between a good and a bad cook is in the seasoning. I do not mean that everything must be highly spiced to taste well. Too many condiments spoil the digestion. But just enough salt and just the proper tang of spice, or whatever you are using, will make all the difference in the world between a dish that is less and one that but whets the appetite for more.

Today's Recipes

Minute Steak—Have steak from the round or sirloin cut one-fourth inch thick. Sprinkle heavily with pepper and broil under a hot flame about one minute on each side until browned. Light the broiler at least five minutes ahead to insure good heat. Sprinkle with salt and dot with butter. Slices may be cut in individual servings before cooking if preferred. Minute steak may be pan-broiled by using a very hot, heavy frying pan and greasing it slightly with a piece of the meat fat. Sliced Bermuda onion may be used as a garnish.

Corn Fried with Green Peppers—Three cups corn, two green peppers, one-half onion, three tablespoons bacon fat, salt, pepper. Brown onion and pepper finely chopped in bacon fat, add corn and seasonings and cook until slightly browned.

Plum Marmalade—Mrs. Mary Morton's Daily Tested Recipe—Take Lombard or egg plums and peel by pouring hot water upon them. After skins are off weigh and cover with the same weight in sugar. Let them stand overnight. In the morning cook until soft and the pits come out. Strain, and when pits rise to the top while boiling, skim them out. Boil until thick and put up in jelly glasses.

REAL TEMPERAMENT

The best Richard Mansfield story we ever heard originated in Youngstown, at the old Grand Opera House. Knowing the great actor's reputation for temperament, the stage hands resolved to meet him more than half way. All of them bought "snacks," which they wore to make their footsteps noiseless, and each one was instructed to be as silent as possible.

Standing in an entrance, the local stage manager said to the actor: "Listen, Mr. Mansfield, you can hear that clock ticking 'way over there on the other side of the stage."

"Yes," replied the actor, tersely: "have it stopped."

Speaking of Beauty Spots on the Vacation Trop—

How to Achieve Beauty

By MME. HELENA RUBINSTEIN

I have never known the Temperate zone people to take kindly to a mid-day siesta. In Spain, southern Italy, France, and of course throughout the tropics, it is quite another matter.

But even there, I believe the mid-day rest to be a habit imposed by economic necessity. The intense heat of the noon hours makes it unwise and impractical to indulge in any form of labor during this time. They make up for the three-hour mid-day rest in the cool of the evening.

At the first sign of real fatigue, it is an excellent health precaution to take the proverbial "cat nap." To fall into the bad habit of "dozing," however, is quite another thing. Frequently this one habit assumes such power over you that real sleep is permanently disturbed.

Sleep, you see is far more complicated than the average person realizes. It isn't only enough to be physically tired to sleep; you must be able to will your brain away from its activity before rest can come. To try and rest with your nerves clamoring is to attempt the impossible.

I have repeatedly advised the wisdom of relaxation. If you find that a 30-minute nap during the day does not disturb your long, unbroken night's sleep, by all means make it a habit.

Begin not to woe sleep, but to completely relax. A face treatment or an eye treatment can aid you in this. Make the treatment simple, however. If you have an evening engagement, begin with cleansing cream—remove it gently with soft tissues. Then, with a pad of cotton wet with extract, go over the entire face. Lastly, make two thin pads of fresh cotton, warm a little extract in an enamel cup, and place the wet pads over your eyes. Then lie down. In 20 minutes, even if you have not slept, you will have learned the advantage of physical comfort and relaxation.

Do this at the same time every day. The day will come when you will sleep. Arrange to be called at the appointed time so that this thought is not on your subconscious mind.

And as a final warning, let me urge you not to shock your nerves by submitting them to the clamorous awakening of an alarm clock. You can actually undo all the good of your rest by being startled awake. Regular waking and sleeping hours will become habits in a very short time, and they are excellent habits—both of them, for you to cultivate.

Diet and Health

By LULU HUNT PETERS M. D.
Author of "Diet and Health" and "Diet for Children"

ANNA REDUCES

"I'm Anna the new maid on your floor."

Before me was a short, blue-eyed little person, truly almost as broad as she was tall.

"All right, Anna. First, do you mind telling me how much you weigh?"

"Oh, about 225, I think." "How tall are you?" "About 5 feet."

"I think you weigh a little more, Anna, and I think you're not quite 5 feet. Let's see."

I took her height; it was 4 feet 8 inches—4 inches less than 5 feet. I weighed her on my scale. Exactly 240 pounds. Not nearly 5 feet tall and weighing 240 pounds. Can you picture her? Naturally, I got her interested in reducing. She wants to reduce, but she says she really eats very little. Hardly any breakfast and no lunch.

I asked her to tell me just what she ate the day before, and I estimated the calories. She had had 3,000! For a woman of her height, even with her activities, she probably should not have more than 1,800 to 2,000 calories a day. I found she had been eating nuts and candy every afternoon, and that morning she had had a good-sized slice of home-made apple pie with her breakfast. She was very fond of sweets, and thought she couldn't get along without them.

I told her the principles of dieting, and she promised to follow them. I didn't have her go on a semi-limited diet for the first three days, but just put her on about 1,000 C. a day.

The first week she lost 5 1-2 pounds. The second week 2 1-2 pounds. The third week, 2 1-2 pounds. So this morning, as I am writing, Anna weighs 229. She's the happiest little person you ever saw, and is sure she will continue now until she is normal weight, for she understands why she is so abnormal.

I'll keep you posted on Anna. Meanwhile, for those who wish to avoid a like fate, we have condensed instructions on reducing. The column rules for obtaining all material we offer are to enclose 10 cents in coin and a fully self-addressed, stamped envelope for the reducing and gaining pamphlet, and only 2 cents in coin and 4c

Kellygrams

By FRED C. KELLY

In New York recently I saw a little shoe store, fashionably located, with a sign on the window proclaiming that it is a "Shoe Salon."

I'm wondering if such an idiomatic name for a shoe store does as much good as harm. Personally I should have grave suspicions about shoes from a shop that calls itself a Shoe Salon. I should fear that all goods inside the store as well as the store itself ought to be thoroughly debunked.

Pomphous phraseology always sounds so spurious that it suggests fakey goods. If we're to have shoe salons why not Suspender Studios and Collar Button Art Rooms?

I'm suspicious, too, of places that put shirt materials in their windows and call them "Shirts." How am I to know that such an establishment doesn't sell also underdrawersings or hat-

ties? On the other hand, if he retires, it seems to be a foregone conclusion that his successor will be Gov. Aaron Saez of the state of Nuevo Leon, who has been tacitly recognized as the Agrarians' leader since Obregon's murder.

Saez was pretty well disposed toward Calles in Obregon's time and even held a portfolio in

Hiding in the Seaweed
"All night long that fellow talked to himself and not a thing did he do but eat!"

"How his tummy could hold all the fish and the crabs and the rest of the prey he caught I don't know!"

"I would not have had a chance for our lives if we had ventured within reach of his beak. Even now I shiver when I happen to think of what a narrow escape we had." Bobolink flapped his wings nervously and Mrs. Bobolink swung the faster upon her clover stalk.

"I should think you would have been scared to come out," exclaimed Sonny-Bunny, and Mrs. Bobolink nodded solemnly.

"I know just how you Bobolinks felt," said she. "Once upon a time I spent a whole night in a hollow of a tree trunk. I caught sight of Mr. Fox far across a field and coming my way and I didn't dare show my head until a Woodpecker friend of mine told me that he had given up searching for me in disgust, thinking I'd never come out of the hole, and gone off in another direction. And even then I had all I could do to make my legs carry me home, they shook so."

"How did you Bobolinks finally manage to get away without the Night Watchman spying you?" asked Peter.

"We didn't get away at all," replied Bobolink. "We stayed right where we were hidden in the seaweed and never ruffled a feather all through that long, long night."

"Indeed, we were almost afraid to breathe and we longed for and yet dreaded the coming of the day. We were afraid that with light to guide him, the cruel cannibal would surely discover our hiding place. You see we had forgotten that probably he could not see well in the light since his eyes were so bright in the darkness."

"At last the moon dropped into the sea and the sky began to grow gray. Then one by one the lighted candles in the heavens went out. A very faint streak of light appeared in the east. Day was breaking. Soon the great Red Ball would roll up from behind the edge of the sea, where it had hidden itself!"

Bobolink stopped short in his story-telling and tucked his head under his wings.

"Was he through? Peter and the rabbits were dismayed. There was so much more they wanted to know. They hoped Bobolink wasn't going to take a nap right at the point when his adventures were so interesting!"

EDITOR'S NOTE: Dr. Peters cannot diagnose nor give personal advice. Your questions, if of general interest, will be answered in the column, in turn. Requests for articles must be accompanied by a fully self-addressed, stamped envelope and two cents in coin for each article to cover cost of printing and handling. For the pamphlet on reducing and gaining, ten cents in coin with fully s. a. s. e. must be enclosed. Address Dr. Peters in care of this paper.

FEATURES

Behind the Scenes in Washington

By CHARLES P. STEWART

WASHINGTON.—Washington will not feel at ease concerning Mexico until it has had plenty of time to see how the southern republic's two big political parties hit it off without Gen. Alvaro Obregon.

These two parties are the Laborites and the Agrarians.

There are other parties also—the Reactionaries, who would like to engineer a return of the old pre-revolutionary days, and several more groups.

However, the industrial and agricultural factions are the only ones powerful enough to signify seriously at present.

They are bitterly hostile to one another.

Curiously enough their respective leaders were for years the friendliest two men in Mexico—President Calles and the late Gen. Obregon.

Obregon trusted Calles so fully that he passed the presidency over to Calles upon his own term's expiration and Calles was about to return it to Obregon when the latter was assassinated.

Yet, all this time, the Agrarians had hated Calles with all their souls and the Laborites had hated Obregon so venomously that, as we know, the Agrarians held the Laborites responsible for his murder.

So long as Obregon and Calles were swapping the presidency back and forth between them, it is understandable that the Agrarians and Laborites at least considered that each party was getting its turn.

But now an emergency has arisen where the Agrarians will not get their turn when they expected it, or else, if they do get it, it will be under some other president than Obregon, and the new man's relations with Calles may not be so pleasant.

To be sure, Calles has announced that he has decided not to continue in office after the expiration of his regular term, December 1.

Nevertheless, it is not considered certain he will not change his mind on this point. Tremendous pressure undoubtedly will be brought to him, to persuade him to do so. If he does, it will only be for a two-year period, as provisional president. Even that will strain the constitution, and the Agrarians will resent it furiously.

On the other hand, if he retires, it seems to be a foregone conclusion that his successor will be Gov. Aaron Saez of the state of Nuevo Leon, who has been tacitly recognized as the Agrarians' leader since Obregon's murder.

Saez was pretty well disposed toward Calles in Obregon's time and even held a portfolio in

Calles' cabinet, but that was out of deference to Obregon. With Obregon gone, the danger is seen that his attitude will change, more in conformity with his party's.

Still another danger threatens. During the outburst of anti-labor excitement, which immediately followed Obregon's death, Calles was forced to agree to considerable pro-Agrarian anti-labor legislation, which promises to set very ill on the labor party's stomach as its effects begin to be felt, particularly as Saez, if he becomes president, may be depended on to enforce it as vigorously as possible.

Then, probably, will be Luis Morones' time to make himself felt.

Morones is very much in eclipse at the moment.

Blamed in a great part, as head of the Mexican Federation of Labor, for the Obregon killing, he not only was forced to resign hurriedly as Calles' minister of commerce and industry, but to go into hiding, where he still remains.

Morones is not the man to stay in the background longer than is absolutely necessary. He is as strong as ever with the labor forces, and if he allowed himself to be very summarily wiped out of the picture as a result of conditions which took him temporarily by surprise, there are few who imagine he will be contented to stay out of it indefinitely.

The Mexican Labor party, after all, is a power to be reckoned with, and in the event of Calles' retirement, Dec. 1, Morones will be the active head of it.

Calles will be a constitutional president until December. Let him undertake to hold over later than that and his tenure will become doubtfully constitutional, which the Agrarians are likely to take advantage of.

Let Calles drop out and Saez come in and labor probably will immediately be driven to the wall which will give Morones his opportunity.

Some Washington officials think Calles has sufficient influence with the army to throw a support to Saez, as Obregon's successor. It is more generally questioned if he can do it, even he wishes—the army having more strictly the personal machine of Obregon and only to Calles because Obregon died.

Assuming that the future depends on the army, any number of prophets are to be found predicting that Minister of War Alvaro Obregon will be the man to win individual benefit and perhaps turn out to be the next dominating factor in Mexico.

When a young lady gets to be 15 or 16 and isn't allowed to have a beau, what shall she do? She is too young for beaus, say her family and friends, but she is too old for little girl games. It's a tiresome age, isn't it, this 'teen

ages? It's a good time, however, to cultivate your taste in music, literature, etc., and to go camping and swimming and all the things that make an attractive young lady when you are a few years older.

"Dear Mrs. Lee: I am a girl of 15, but look and I like 20. I have a boy friend whom I think the world of and my folks respect him highly. People try to convince them that I am entirely too young to associate with him. I realize that I am pretty young, but what shall I do? I can't go out doors and play tag like some people try to make me believe I should."

It wouldn't hurt you a bit to have an occasional game of tag, dear. At the same time, if your parents think it is all right for you to go with this nice boy there is no reason why outsiders should object.

"My Dear Mrs. Lee: I am what is called an old-fashioned girl. This all happened during last Christmas. A boy took me to a party. There was mistletoe and I unwittingly walked under it. The boy who took me then kissed me. I slapped him in the face and walked home. Everyone since has laughed at me, even my family, and no boy has ever looked at me again. Did I do right or not? INNOCENCE."

You undoubtedly acted on impulse in the surprise of the moment, dear. It was all a game, of course, and it would have been better to have laughed it off. It is not a matter of right or wrong, and I would forget it as soon as possible, if I were you. I think it is probably just a coincidence that the boys have not been paying attention to you since. However, if you ever have a good chance you might tell the boy you are sorry you took the matter so seriously, as his feelings were probably hurt as well as his face.

"Dear Mrs. Lee: Would you please tell me the correct way to introduce one's boy friend and sister? My sister is much older and married. Shall I say her married name or just her first name, and just how shall I give the introduction? I thank you."

First, to your sister say, "Mary, this is my friend, John Smith." And to him, add, "John, my sister, Mrs. So and So." Or to be more formal, "Mary, let me present my friend, John Smith John, this is my sister, Mrs. So and So."

What's Borev?
"He claims his wife was intractable, your lordship, so he beat her into subjection with a golf club."
"In how many strokes?" asked the judge.—Tit-Bits.

Harness Cigars Beaten By DOWNTOWN CLUB 11 - 6

WINNING STREAK OF LEAGUE LEADERS IS CHECKED THURSDAY

Victory Cuts Lead Of National Loop Pace-makers

The worm finally turned and the Downtown Country Club, 1927 city softball champions, checked the advance of the Harness Cigars by defeating the league-leaders 11 to 6 Thursday night in a National League game at Cox Memorial Athletic Field.

The victory shaved a full game from the lead of the Harness Cigars but still leaves the D. T. C. Club one full game behind with, however, a better chance of overhauling the leaders.

It was only the second defeat of the season for Harness, which had defeated the 1927 champions by one-run margins in two previous games.

The D. T. C. Club made victory certain in the lucky seventh inning when the second-placers pushed seven runs across the plate after two were out.

Until this round, the two teams had battled on even terms. The D. T. C. Club took the lead by scoring one run in the second. Harness went ahead with a two-run rally in the third but the second-placers again went out by tallying twice in the fourth, aided by a home run by LeSourd. Harness tied it up with a marker in the fifth. Matters stood this way until the seventh-round blowoff. The winners added another run for good measure in the eighth.

Harness scored one run in the seventh and two more in the ninth but found the margin too great to overcome. Frame and McCutcheon, the batter for the winners, Paul Boxwell, who started in the box for Harness, gave way to Smith in the eighth.

Central High School meets the Phi Delta Club tonight.

D. T. C. Club lineup: R. Finlay, 3b; Patterson, ss; Huston, 1b; LeSourd, cf; McCutcheon, c; D. Finlay, 2b; Higley, rf; Eavey, cf; Frame, p.

Harness lineup: Shaw, rf; D. Fuller, 1b; P. Fuller, cf; LeSourd, c; Bottorff, ss; A. Boxwell, cf; Smith, 3b; Cain, 1b; P. Boxwell, p.

Score by innings:

D. T. C. Club ... 010 200 710-11

Harness ... 002 010 102-6

AUTHORIZE \$17,000 BOND ISSUE TO PAY FOR SEWER SYSTEMS

A bond issue of \$17,000 to finance extension of sewer systems on E. Market and E. Church Sts., petitioned for by property owners, was authorized by City Commission Thursday night.

Commission passed an ordinance covering the bond issue in anticipation of the collection of assessments in ten annual installments. Property owners will be specially assessed for a greater part of the amount.

The sewer system on E. Market St. will be extended east for 635 feet and on E. Church St. from Columbus St. to Patton St., a distance of approximately 3,000 feet.

Commission also authorized a bond issue of \$2,000 for enlargement of the city municipal water plant building north of Old Town. Complying with a request of the Erie board of health, the city will build a new wing on the east side, completely covering the settling chambers. This will necessitate a change in the location of the airways, according to Superintendent T. H. Zell. The suggestion was made to protect the settling chambers from an accumulation of dust and dirt.

CHARLES V. BURTON ASSUMES DUTIES AS EXECUTIVE AT HOME

Charles V. Burton, new superintendent of the O. S. and S. O. Home, arrived at the institution Thursday from Cleveland, where he spent the week closing up his affairs before taking charge at the Home.

He was busy Friday "sizing up" work at the Home and declared that he found everything harmonious and everyone co-operating for the good of the institution.

Mrs. Burton will arrive Saturday from Cleveland and their son, Jim, 21, will arrive from that city, later. Young Mr. Burton plans to enter the U. S. Military Academy at West Point next term.

Superintendent Burton has had three years work with veterans' claims and guardianships in Cleveland, for the U. S. government, in connection with his office, in which he served as lieutenant colonel. His previous experience has been of benefit to him in his new office, he believes.

AFTER 47 YEARS
Suit to dissolve the marriage, performed in Osborn forty-seven years ago, was filed in Clark County Common Pleas Court, Springfield, Thursday by Belle E. Hadder, 705 Tibbets Ave., Springfield against John L. Hadder, address unknown.

They were married March 16, 1881 and have three sons, all of age. She asks restoration of her maiden name, Belle E. Davis.

FAIRFIELD PIKE WILL BE AMONG BEST IN COUNTY SAYS SURVEYOR

County Surveyor William J. Davis, who is personally supervising the paving of the Xenia-Fairfield Road, predicts the highway, upon completion, will be one of the finest in the county.

Six miles of the road are being paved with concrete. At present the construction of two and one-half miles is complete and the entire project is expected to be finished by October 1. Parts of the road are closed to traffic.

A new concrete bridge, 135 feet in length, which will replace the present wooden structure, is also being built at a point in the road near Old Town. Upon completion of the new span in a month, the present wooden structure will be razed. The new bridge is being built at a point about sixty feet downstream from the site of the present structure. The road is being moved at that point to eliminate a sharp curve in the road.

W. J. DAVIS

HUGGINS PULLS RABBIT FROM HIS HAT; YANKEES HOLD LEAD

NEW YORK, Aug. 10.—The sleight-of-hand ability of Professor Miller Huggins, director of those temperamental Yankees, today is the envy of fifteen other big league managers. The professor never pulled a rabbit out of a hat, but he pulled an even better trick yesterday when he pulled a crackerjack pitcher from the minors.

The pitcher who put the Yankees right back into the thick of the American League pennant scrap was Lefty Himech, and his successful comeback set Connie Mack to gnashing his teeth because Himech once was discarded by the Athletics. The A's traded him to the Boston Red Sox, whom he held to four hits yesterday in his first start as a Yankee. Lefty struck out eight men and retired fifteen consecutive batters after the first inning, the Yanks winning 7 to 1.

Sharing the spotlight with Himech were Howard Ehmke and Al Simmons of the Athletics. Ehmke held the Senators to only three hits and beat them 3 to 3 with the aid of Polish Al, who smacked an important home run with the bases loaded. The Mackmen are still four and one-half games behind the Yanks.

The St. Louis Cardinals, who have lost four of their last five starts now lead the Giants by only four games in the National League scramble. The Pirates hung up their eighth straight win and advanced to third place in the league and a half of the Cards yesterday. The Cubs picked Haines for three runs in the first inning while Hill and Grimes checked St. Louis after Frisch hit a homer with one on.

Other teams did not play.

ANNOUNCE RATE SCHEDULE FOR BOOTH SPACE AT HOME-COMING

A schedule of rates and conditions for the sale of space for concessions at the Greene County Home-Coming celebration August 26-29, has been drawn up by the ways and means committee of the Greene County Home-Coming Association.

Space for concessions has been set aside along the east side of Detroit St. from Main to Market St. and on Market St. from Detroit to Green St.

EVANGELIST KNOWN IN XENIA SUCCUMBS FRIDAY IN ALABAMA

The Rev. Douglas McDuffie, colored evangelist, died last Friday night in Birmingham, Ala., after being found intoxicated in a gutter, according to the Pittsburgh Courier, leading race newspaper.

McDuffie, the article says, admitted he was a habitual drunkard and narcotic user, before his death. He conducted a revival service here at one time, during which he was arrested on complaint of two young boys and required to face serious charges. He escaped trial by jumping his bond.

The Courier story follows: Rev. Douglas McDuffie, famous evangelist, died last Friday night in the Birmingham Hospital.

The story goes that McDuffie had just closed a three weeks' revival in a C. M. E. church in Birmingham and as is his usual practice left the church with two grips of money.

According to McDuffie's confessions shortly before his death, he has been a habitual drunkard and dope fiend, under the guise of a preacher and man of God and has been a robber and a hypocrite. He died cursing, claiming that hell would be his goal.

McDuffie has been known the country over as a revivalist and a religious fanatic.

Many times he has conducted meetings at the larger churches in this city, converting souls in large numbers and leaving the city with bags of money.

He claims to have owned a palatial home in New York City and one in Philadelphia.

That McDuffie was under the influence of drugs and liquor at the time he was carried to the hospital was evidenced when he fell in love with one of the nurses and gave her all of his money, telling her that she was the only woman he had ever loved.

For McDuffie this was unusual, as he was known to have held an aversion to womankind so far as personal admiration goes.

This love at first sight and extreme generosity on the part of the dying evangelist raised the ire of his man attendant, who bitterly resented the nurse's acceptance of the money.

Dr. Charles S. Nall is said to have found McDuffie drunk and in a gutter on the street after leaving the church.

He rushed him to the hospital, where physicians attributed his death to a long habitual use of drugs and whisky.

SEEK AUTOIST WHO HURT FOUR PEOPLE

Dayton police are searching for Joseph Youngblood, Osborn, who is said to have injured four persons Wednesday night, while driving a speeding automobile in Dayton, and then disappeared.

Tarquin M. Hawkins, Osborn, owner of the machine Youngblood drove, said he loaned the car to Youngblood early Wednesday night. Youngblood is said to have gone to his home in Osborn, after the accident, packed his clothes and disappeared.

He is said to have had three companions at the time of the accident.

GLIMPSES OF OHIO HISTORY

Mad Anthony Wayne of The "Dark and Bloody Ground"

FOR years after the Revolutionary War so terrible were the onslaughts of the thousands of Indians north of the Ohio River that the country became known as the "dark and bloody ground." Still harboring the hatred of the white man generated by the British in earlier days the red men continued their raids.

In 1793, the impetuous and daring Anthony Wayne who had gained the nickname of "Mad Anthony" during his service in the revolution conducted a final expedition against the savages. He literally built a road into their country, and over this passed his army, hardened, disciplined, and eager to fight. His victory led to the treaty of Greenville, by which the United States gained title for all time to a vast area.

Mad Anthony Street in Cincinnati marks the beginning of the road which the dauntless general built; and it extended to Hamilton, crossing the Miami just south of the present High Street bridge.

Over practically the same highway pass thousands of motorists annually, guided and aided by the now familiar red and white emblem of Smiling Loreco Service.

Creamed Comments On S.S. Lesson

From the council at Jerusalem, Paul and Barnabas returned to Antioch and after some days set out on a second missionary journey visiting the cities where they had founded churches on the first journey. The trouble about Mark's turning back in the first journey caused sharp contention between Paul and Barnabas, Barnabas, the uncle of Mark, wanting to take him along and Paul refusing to agree to this. The result was that Paul and Barnabas separated, Barnabas taking Mark and Paul taking Silas as his traveling companion. The quarrel was overruled for good as two foreign missionary expeditions instead of one set out into pagan territory.

V. 9. "Come over into Macedonia and help us." Visions are still hovering around us to catch our attention and coax us as Paul into a larger world and richer life. Any call to duty and opening into service is a vision burning in our sky. The Macedonian was a representative man and his call was the pathetic cry of the heathen world. The church that cannot hear this man today is spiritually dead.

V. 10. "And when he had seen the vision, straightway we sought to go forth into Macedonia, concluding that God had called us to preach the gospel unto them." When Paul knew the Lord's way, he instantly acted and turned his vision into reality. The reason we do not see more visions may be that we do not obey the ones we do see.

Vs. 11, 12. "Setting sail from Troas . . . and from thence to Philippi"—This sail marks one of the greatest crossings and epochs of history. In passing from Troas to Philippi, the gospel stepped at one stride from Asia into Europe and set out upon its world wide march. When we set out under divine providence we never know what splendid results we may achieve.

V. 13. "And on the Sabbath Day we went forth by a river side where there was a place of prayer." Paul remembered the third commandment. The heathen world did not know this day but these missionaries knew it and how to spend it by attending a place of worship. To those who know its secret, it is a divine day in the calendar that brings rest and worship and peace and breathes a better spirit through all our days. "And spake unto the women." The Gospel in heathen lands generally first finds its way into woman's heart and the cause that captures woman to its support will eventually capture the world.

V. 14. "A certain woman named Lydia . . . heard us." Lydia has the conspicuous honor of being the first Christian convert in Europe. First she "heard" the Gospel, Next the Lord "opened her heart"; then she "gave heed unto the things spoken by Paul"; "she was baptized"; then grace widened and took in her whole life. Finally she invited the missionaries home to dinner, her faith "flowered in the beautiful grace of hospitality" and her conversion was complete.

Discussion on Questions S.S. Lesson

1. What should Christians do when they differ in opinion?
2. How can we know when Providence is guiding us?
3. How turn visions into victories?
4. What would be the difference now if Paul had remained in Asia for the rest of his life?
5. What is the world's greatest need today?

need today? How far are we from reaching the world with the gospel?

6. What were the steps in Lydia's conversion? Clericus says, "When one honest Christian soul stands at the parting of the ways, looking up prayerfully for guidance, then manfully going forward because there is no going backward, no one knows what blessing that act will eventually bring to thousands yet unborn."

Lesson Prayer—O, Lord, open our ears that we may hear the Macedonian call challenging every Christian—the call of all lands and places increasingly without the gospel.

BOOK REVIEW

"Evangelistic Sermons," by Rev. Joseph B. Baker, H. M. Shelley, publisher, 5513 Larchwood Ave., Philadelphia, Pa., \$1.60 consists of seventeen evangelistic sermons sounding the gospel alarm to the unchurched and the unsaved.

"American Travelchart and Travelcharts" by Frederick L. Collins, The Bobbs-Merrill Co., Indianapolis, Ind. \$2.50 contains systematized information covering eight eastern cities, eleven midwestern, five western, and six southwestern lands—the essential places of interest, total outlay financially for a visit, etc.

World Religious News

Dean W. R. Inge of St. Paul's Cathedral, London is to preach the League of Nations' sermon in Geneva Cathedral September 2nd. Bishop F. J. McConnell was elected acting president of the Board of Foreign Missions of the Methodist Episcopal church recently and Bishop Edwin Hughes made chairman of the World Service Commission.

John D. Rockefeller, Jr., has contributed \$10,000 for the restoration of the beautiful stained glass windows of the Chartres cathedral in France. While traveling in France last summer Mr. Rockefeller found that the original windows had been replaced by ordinary glass.

Students representing sixteen different colleges and universities met at Cornell University recently and passed a resolution pledging support to a campaign for \$10,000,000 for the starving Chinese in the province of Shantung.

After ten years of discussion, the New York Lutheran Synod, the Synod of New York and New England and the New York Methodist have taken action looking toward a merger into a new United Synod of New York. This merger will affect 390 ministers and property valued at twenty million dollars.

Mr. Julius Rosenwald, Chicago philanthropist is to invest \$20,000,000 in a well planned group of apartment buildings for negroes to cover an entire block on the south side of Chicago, to be called Michigan Boulevard Gardens. This will be the second largest gift of its kind surpassed only by the Paul Dunbar apartments in New York City, gift of Rockefeller.

Church Forum

What may be expected of a successful Sunday School Superintendent?

The superintendent should be an organizer of forces. To put all to work the superintendent must be some wise and persistent planning. He should be a student of the best literature on his work as well as a student of school methods. He should see that the school over which he presides is of the best type and is made interesting, instructive and devotional.—John R. Pepper.

Do you believe in dues as a means of financing the class? This is not the ideal method but it seems to be the most practical. The majority of classes finance their organizations by some means.

of dues. The idea is to get each one to contribute something, what he desires rather than some fixed amount. The Duplex Envelope system sometimes solves the financial problem for Sunday School classes.

Home Education

THE POWER OF AN AMBITION

Many years ago, a teenage poverty stricken lad moved by an ambition for an education, sought aid by an appeal to a lively man who had two superannuated nags considered useless.

The lad made a proposition to the lively man to let him drive these two old nags to an old carriage as a means of transportation, splitting fees.

The boy had made friends by his genial disposition. He had a passion for horses and was known as a clever, young, jockey. But there was no future in that business and he was determined to make himself useful, which called for an education.

It was not long before he succeeded in building up a good patronage and one day he offered the owner of the two nags a price for the outfit, which was accepted. While the horses rested, the boy attended the Topeka public schools. Then he took a course in law and was admitted to the bar at the age of twenty-one.

His name is Charles Curtis, candidate for vice president on the Republican ticket.

D. Carl Yoder.

THE BETTER WAY

THE INFLUENCE OF THE GOSPEL

The influence of the social gospel on the industrial conditions of the country is revealed in an appeal signed by forty Christian leaders of the Southern states looking toward better living conditions and better wages for the workers in the mill villages of the South. This appeal is as follows:

"We believe that all of the conditions can be steadily improved, and we therefore urge you, as present leaders holding positions of responsibility and vantage to take the initiative in their improvement. We believe that if you will take the initiative and if there can be the friendly co-operation of employees, employers, churches, educators and officials of the state, it will be possible to build in the South, by united effort in the lifetime of this generation, a greater and more powerful industry, constructed solidly upon good will and co-operation, avoiding the waste and bitterness of industrial conflicts and mitigating the intensity of the class struggle."

Butter and Eggs

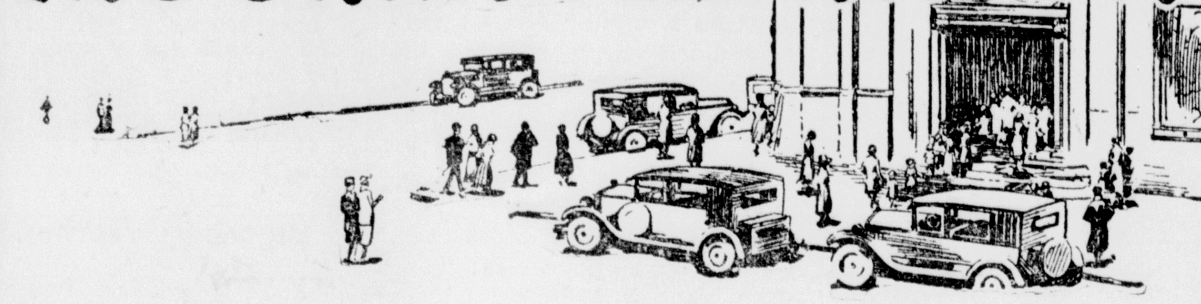

"Big butter and egg men" have nothing on Miss Betty Shimon, of Milwaukee, Wis. She is described as the only woman operator on the butter and egg market in the Chicago mercantile exchange, and her business exceeds \$4,000,000 annually.

CIVIC LEAGUE NOTES

To make us love our city, we must make our city beautiful. In all city beautification there is involved an element of self-denial, or self-subordination for the common good. Settling aside parks and playgrounds and planting trees is a good example of this form of self-denial.

Xenians in general are proud of Shawnee Park, a long desired community pleasure and beauty spot. Now it is time for Xenians in particular to cultivate a personal pride in keeping the park neat and attractive at all times, and in further beautifying it. Trees and shrubbery have been planted and will add in wonderful measure to the appearance of the Park in a very brief time if the public aid in the care of them. Every one should feel a personal interest in this little park; talk up the care of it; train children and grown-ups alike to respect its beauty by keeping the grounds clear of rubbish. Papers, boxes, trash of any kind should be thrown into the receptacles provided therefor, or carried home for the home receptacle.

Help make Xenia beautiful in every possible way, that we may love it more.

True nobility is invulnerable.

Real wealth consists not in having but in not wanting.

As virtue is its own reward so is vice its own punishment.

GANGSTER IS SLAIN AND WIFE ARRESTED

CLEVELAND, Aug. 10.—As a result of aggressive and precise moves by local detectives, practically all details in the murder of Philip "Funnyface" Corry, 28-year-old gangster and drug addict, had been cleared up today. The murderer's wife is under arrest and the capture of the accused man himself is a matter of only a few hours, according to Detective Inspector Cornelius Cody.

Corry was mortally wounded as he stood at an east side street corner yesterday afternoon. A roadster, accompanied by a man and woman, was parked a short distance away. The woman was driving. The man stepped out, approached Corry, and spoke to him. He answered. There was a shot and Corry sank to the sidewalk, a bullet through his abdomen. The gunman walked rapidly to the parked roadster and the woman drove him away.

POSTMASTER DIES WHEN ON VACATION

COLUMBUS, O., Aug. 10.—Funeral services for Fred H. Tibbets, 58, Columbus postmaster, were to be conducted here this afternoon. Tibbets was stricken while vacationing at Confluence, Pa., Wednesday.

Officers of the Tri-State Postmasters' Association, of which Tibbets was a sergeant-at-arms, have been asked by their president, James Patchell, postmaster at Union City, Ind., to attend the services. Franklin County postmasters, also have been asked to attend.

was when they arrived at any port.
to refrain from leaving the ship
until after Mrs. Roosevelt.

Another's Sorrow.

On the boat, all alone, was a
little old man who seemed bowed
down with grief. Apparently, each
day of the trip only added to his
sorrow. Studiously he avoided
every one on board and spent most
of his waking hours sitting quietly
in his deck chair looking longingly
across the trackless waste of wa-
ter as if his eyes, sometimes dim
with tears, were trying to pierce
the veil that separated and marked
the place "where earth ended and
heaven began."

One day his story was told—
I will let him recount it in his own
pathetic words:

"This is the first time in all my
life that I ever took a trip that
my Rebecca was not with me and
I am very sorrowful. Before the
war came, I was very happy with
my four sons; they all answered
their country's call. First the eld-
est, then the other two in turn.
My youngest son joined the colors
the moment he went away, and

"My Rebecca began to grieve
the moment he went away, and
when the official word came that
he had been killed at Chateau
Thierry it seemed as though she
did not want to live any longer.

"All the others came back, but
still her heart seemed broken and,
although my business prospered
greatly, my Rebecca faded away
and died.

"After my Rebecca died, my
three boys were goodness itself to
me. But all was ashes, nothing
was right. Finally my boys
seemed to think that I might re-
gain some little forgetfulness, if
not happiness, if I had a change
of scene and they persuaded me
to take this trip. I have tried to
get interested, but all I can think
of is—that I am alone—alone."

Mrs. Roosevelt's Kindness.

Whether Mrs. Roosevelt over-
heard this or someone, moved by
the pathos of his story, told it to
her, I do not know, but he ap-
peared on deck some days later
with the first gleam of interest
and hope that any of the passen-
gers had seen in his eyes. Later,
as he sat in his deck chair, Mrs.
Roosevelt passed by.

With the characteristic impul-
siveness of his race, the man
turned to a woman who sat next
to him and said: "Do you know
what that wonderful woman said
to me this morning? She said, 'I
am very glad to have met you, sir,
for I feel that the stories of our
lives are much alike. We have
much in common. We each have

had four sons all of whom enlisted
in the great war. Only three of
yours came back and my youngest
boy is lying on French soil. You
have lost your life-long companion
and so have I, and yet I feel that
we must not give up. We must
carry on until the end. Not only
because of those who are left, but
for the honor of those who are
gone."

For a moment the man's voice
trembled and stopped, then he
said: "I did not weep while that
blessed woman said these things
to me. My heart was weeping, but
I did not let a tear drop from my
eyes. But after she went away I
went down to my cabin and I
cried for hours until my grief-bur-
dened soul could weep no longer."

The woman to whom this story
was told observed that every day
thereafter Mrs. Roosevelt took
particular pains to single this man
out for some little act of kindness.

YEARLY MEETING OF
FRIENDS NEXT WEEK

Greene Countians will take part
in the program of the Wilmington
Yearly Meeting of Friends at the

Wilmington College Auditorium,
August 13-19.

Mrs. Carrie L. Flatter, Xenia, ex-
ecutive secretary, Anti-Cigarette Al-
liance of America, will give an ad-
dress on "The Churches' Greatest
Problem," at 8 p. m., Tuesday,
August 8. Ralph Ennis, Xenia,
will take part in the anti-cigarette
contest the same evening.

Members of the Xenia Meeting
will furnish music at 2 p. m. Fri-
day, following the address of Clark
H. Bedford, pastor, First Friends
Church, Richmond, Ind.
Sarah Haines, New Burlington,
will give a vocal solo on the Sunday

morning program. Business meet-
ings and prominent speakers in
the church will be on the week's
program.

VIRGINIANS MEET

The eleventh annual reunion of
the Greene County Virginian As-
sociation will be held Sunday,
August 12, at Coy's Grove, one-
quarter mile south of Shoup's Sta-
tion, H. Swindler, president, an-
nounces. Virginians are asked to
come early and enjoy an entire day

of entertainment. The outing is
arranged annually to renew ac-
quaintances.

EAST END NEWS

The public is invited to attend
a meeting given by the Voters
League, Monday evening, August
13, 1928 on the lawn of Mr. L. P.
Hilliard, 706 E. Main St., at 8 p. m.
Persons of prominence will be the
speakers.

NOTICE

We are pleased to advise that the gas distribution system
of The Ohio Fuel Gas Company in the Xenia District has been
purchased by The Dayton Power and Light Company, and we
believe the consolidated operations of both utilities will result
in added convenience to the public.

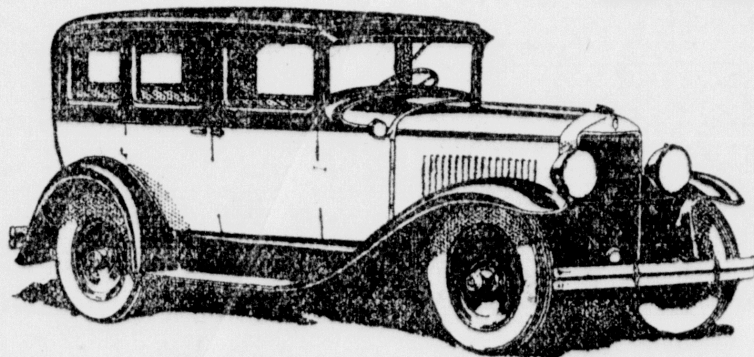

The office formerly occupied by The Ohio Fuel Gas Com-
pany will be closed on August 13th, 1928, and the public will
please call at the office of THE DAYTON POWER AND
LIGHT COMPANY, 37 South Detroit St., on all matters relating
to gas service.

Farm Notes

THE HOG WALLOW—that grunts his way into the water. While there is nothing esthetic about a hog wallow, there is satisfaction for the hog—and protection for his owner. In hot weather the hog is liable to most other animals is liable to overheat, likely to be attended by very high mortality. Plenty of shade and cool water, together with freedom from any disturbance, are preventative against this source of losses in the hog lot.

On the John Brown farm near Mechanicsburg, Ohio, there is a hog wallow of concrete which pretty well suits the ideas of J. W. Wulchert, animal husbandry specialist at Ohio State University, as to what a hog wallow should be.

About twenty-five feet square, the sides of the wallow slope very gradually toward a drain in the center. In one corner there is an automatic drinking fountain, the overflow from which runs directly into the pool. Over the wallow, there is a roof supported on posts. All four sides are open.

The capacity of the wallow is highly elastic, since every hog

GOTHAM FIRE CHIEF NO QUITTER; STILL WORKS AT NEARLY 70

John Kenlon in civvies.

By CLARK KINNAIRD
Staff Writer for Central Press and The Gazette

NEW YORK, Aug. 10.—The fame that is Lindbergh's, the glory that is Babe Ruth's, the renown that is Tom Mix's, have not decreased the number of boys who want to grow up to be fire fighters. It is indicated by the number of youthful letters received by John Kenlon.

John Kenlon is glad it is so. You see, he's the biggest fire chief of them all, head of the fire department of New York City, and commander of 7,000 men.

When he was a boy Chief Kenlon didn't want to be a fireman, but the captain of a ship, and at thirteen he ran away to sea.

In fourteen years he rose from cabin boy to master. When sails began to fade from the seas, he came ashore and became a fireman.

For thirty-nine years he has been a fire fighter. He wishes now he'd become a fire fighter sooner.

But he isn't a sentimentalist about his business. He doesn't weep when a fireman is killed in line of duty, for he knows that death, to the men who fight fires, is always just around the corner.

And he never asks his men to go anywhere or do anything he would not attempt himself.

He's near 70 now, and there is talk of retiring Kenlon in favor of a younger and more vigorous man.

The chief, who figures he's good for ten or more years, admits they can get a younger man, but no one as vigorous one. He shows them by going to all the fires he can—and there are lots of them in New York, despite the unrelenting vigilance of Chief Kenlon's 7,000 men.

Constantly on Job

He spends eight to ten hours a day in executive work at the Municipal building, then goes to night headquarters in Great Jones St., and except on Saturdays and Sundays he is on duty virtually twenty-four hours a day.

He still slides down the brass pole, and he sleeps with his boots beside his bed and a fire alarm over his head.

His headquarters in Great Jones St. is lined with books he likes to read. Stories of ancient battles and the memoirs of great commanders are his favorite books, and he is an authority on ancient military campaigns. Another hobby is working out engineering problems. He still has his master's certificate and a marine engineer's certificate, and has kept himself informed on all new developments so that he is qualified to command an engine room on any liner.

On all sides it is admitted that in the sixteen or seventeen years he has been chief of the department he has been above politics. He has compelled the bosses to keep their hands off his department. Kenlon doesn't care whether the men in his command are vote getters, but he does insist that they be good firemen. During the Hyman administration an effort was made to force him out of office. It failed.

He knows he's a good fireman. That's one of the reasons why he's glad that boys still want to grow up to be fire fighters.

Everybody is welcome.

THIRD BAPTIST CHURCH

Rev. A. M. Howe, Pastor

MAKE-UP

A Romance of the Footlights

READ THIS FIRST:

Janet Mary James, eighteen, sweet and clever and good, has an ambition to go on the stage because her mother, who died the night she was born, had been a famous opera star. Janet meets Dr. Ballard Riley, who is known as a woman hater. Ballard dates her up, and Janet gets a lot of fun out of having a date with him. Janet meets Sir Henry Martindale, a rather old gentleman, who comes interested in her stage career. He takes Janet to meet Mort Goldstein, famous musical revue producer. Mort has her sing and dance, and engages her for a number in his new show. Janet is attending rehearsals.

At the rehearsal she meets Corinne Mallory, a tired little chorus girl, broke, who has gone hungry for several days. Janet takes her to lunch, and they become friends. Janet is anxiously waiting for her call to go on the stage at rehearsal.

Flodine Deslys, one of the show girls, takes a dislike to Janet, and they are bitter enemies. Flodine is particularly disagreeable on the opening night of the new show.

NOW GO ON WITH THE STORY

CHAPTER XXI

Corinne whirled and her eyes flashed. Janet knew she was going to say something to Flodine and tried to restrain her with a look. But Corinne tilted her little nose and sniffed.

"Were you seeking encouragement, Miss Deslys, when you stuck your head in the barn paint?"

A good time was had by all. Janet was too big to let such remarks worry her. She had heard plenty of them at school and they rolled off her. Esther always said, like water off a roof. There was not a petty bone in her pretty body.

Corinne was in the first number and had to hurry. Janet kissed her on the cheek and told her to go out and knock 'em dead. Corinne laughed a little bitterly.

"Yea knock 'em dead carrying a spear. Fine chance! If I had your looks and your ability I might have a break. I used to think I was a world beater."

Janet gave her a little slap. "You used to be! You sound as though you had been in the business fifty years."

Corinne bent over and whispered. "I've never told anybody. But I'll be thirty next year."

Janet stepped back and looked at her in amazement. Corinne did not look a day over twenty. She shrugged and half smiled.

"I got about five years more to go, and then I'm a has-been!"

Janet thought about it constantly as the excitement and waiting to see the first number from the wings. Corinne thirty! And how hopeless she sounded. What a life for a girl with no special ability. Why would they stick to it? Instead of settling down and marrying or getting into work they could succeed at.

The curtain rose on a crowd of squirming, laughing, shouting little flappers. And Corinne was the gayest looking of the lot. Janet watched, fascinated.

Mrs. Carter Van Arden sat in a box with a party of friends. Opening nights always thrilled her. She was looking over the program.

Suddenly she sat up straight and gasped. Oh, names. "I want to be a French Coquette—Janet Mary James and ensemble."

She was thrilled. The little girl she met on the train! Surely not. Not so soon! She couldn't be doing a number in a big show like "The Palace of 1928." She turned to her husband.

"Why, I met a child on the train by that name when I was coming from the south in June. She said she was coming to New York 1928 on the stage. You don't suppose it can be she?"

Mr. Van Arden looked bored. Opening nights were fine when you didn't have to take your own wife. His eyes were glued to the flashing lights of the chorus on the stage when he answered her.

"Oh, it doesn't take 'em long to pick up with someone with a little cash to buy 'em a chance."

Mrs. Van Arden concealed her contempt. How she loathed his filthy mind. She thought of pretty little Janet James, and tried to imagine her paying for a chance on Broadway. Not that girl! There was something different in that precocious little elf who hated subways and had never seen one before. She remembered Janet's remark about being a parson's daughter and thriving on sin, and smiled to herself. Well, if Janet played a season in this show she ought to find plenty to thrive on their being made up of breach of promise and alimony ladies of the

The Theater

Ben Hecht, Chicago newspaperman, author and scenarist, can add playwright to these titles. Hecht has a play on Broadway, entitled "The Front Page," with a newspaper plot.

Hecht wrote the successful movie, "Underworld" which added laurels to his already crowned brow.

An operetta based on the ro-

from the works of Chopin. Grace Brinkley of the "Greenwich Village Frolics" fame will have the leading role. Included in the cast will be DeWolf Hopper, Odell Myrtill and Guy Robertson.

The genius Chopin was the lover of Mme. Dudevant, better known as George Sand. The vogue for operettas of this sort was established by the successful "Blossom Time" upon the life and tunes of Franz Schubert.

Ina Claire is returning from Europe to appear in a new play, based on the life of Nell Gwynn. Leonore Ulric will also have a new one, Parene Molnar's "Mina."

Flodine Deslys, one of the show girls, takes a dislike to Janet, and they are bitter enemies. Flodine is particularly disagreeable on the opening night of the new show. NOW GO ON WITH THE STORY

CHAPTER XXI

Corinne whirled and her eyes flashed. Janet knew she was going to say something to Flodine and tried to restrain her with a look. But Corinne tilted her little nose and snifled.

"Were you seeking encouragement, Miss Deslys, when you stuck your head in the barn paint?"

A good time was had by all. Janet was too big to let such remarks worry her. She had heard plenty of them at school and they rolled off her. Esther always said, like water off a roof. There was not a petty bone in her pretty body.

Corinne was in the first number and had to hurry. Janet kissed her on the cheek and told her to go out and knock 'em dead. Corinne laughed a little bitterly.

"Yea, knock 'em dead carrying a spear. Fine chance! If I had your looks and your ability I might have a break. I used to think I was a world beater."

Janet gave her a little slap. "You used to be! You sound as though you had been in the business fifty years."

Corinne bent over and whispered. "I've never told anybody. But I'll be thirty next year."

Janet stepped back and looked at her in amazement. Corinne did not look a day over twenty. She shrugged and said:

"I got about five years more to go and then I'll be a has-been!"

Janet thought about it constantly as she stood in the wings watching the excitement and waiting to see the first number from the wings.

Corinne thirty! And how hopeless she sounded. What a life for a girl with no special ability. Why would they stick to it? Instead of settling down and marrying or getting into work they could succeed at.

The curtain rose on a crowd of squirming, laughing, shouting little flappers. And Corinne was the gayest looking of the lot. Janet watched fascinated.

Mrs. Carter Van Arden sat in a box with a party of friends. Opening nights always thrilled her. She was looking over the program.

Suddenly she sat up straight and gasped. Oh, it must be just a coincidence of names. "I want to be a French Coquette—Janet Mary James and ensemble."

She was thrilled. The little girl she met on the train! Surely not. Not so soon! She couldn't be doing a number in a big show like "The Parrot of 1928." She turned to her husband.

"Why, I met a child on the train by that name when I was coming from the south in June. She said she was coming to New York to go on the stage. You don't suppose it can be she."

Mr. Van Arden looked bored. Opening nights were fine when you didn't have to take your own wife. His eyes were glued to the flashing legs of the chorus on the stage when he answered her.

"Oh, it doesn't take 'em long to pick up with someone with a little cash to buy 'em a chance."

Mrs. Van Arden concealed her contempt. How she loathed his filthy mind. She thought of pretty little Janet James, and tried to imagine her paying for a chance on Broadway. Not that girl! There was something different in that precious little elf who hated bad ways and had never seen one before. She remembered Janet's remark about being a parson's daughter and thriving on sin, and Janet smiled to herself. Well, if Janet played a season in this show she ought to find plenty to thrive on. Goldstein's shows were noted for their being made up of breach of promise and alimony ladies of the

She was wonderful.

night clubs. Fine setting for the parson's daughter!

Janet's number was next. Ballard Riley smiled to himself. He was excited. Bless the kid! He knew how happy she was. And he hoped she would look down and see that he was there pulling for her. It was sort of a mean trick. He should have told her he fully intended being there, and where he meant stringing her along about it.

Ballard was lost in thoughts of her throughout the number. He scarcely knew what was happening on the stage. He wondered if she would be as beautiful with make-up as without it. How glad he was she did not use it on the street. That she gave her own rich coloring a chance.

At that moment Janet came sailing out. Mrs. Van Arden leaned over in her box and smiled. It was the little girl of the train! Bless her!

Janet came out in a tight slip of a flame-colored satin thing that fit like her skin. Every curve of her beautiful body was revealed, and her legs were bare. She wore no ornament except large rhinestone buckles on her French pumps.

Her eyes sparkled like jewels. Ballard Riley leaned forward in his seat—and gave a satisfied smile. She was wonderful! He had never seen anyone look quite so French—so daring and fascinating.

"I want to be ze French Coquette," Janet seemed to be all over the stage at once. He had never seen such a girl. She got a hand the moment she came out. There was something about her personality and her breath-taking beauty that got the audience at once. Broadway first nighters can be kind to the stranger in their midst if they like them. And Janet won them with her first smile.

Her dialect was perfect. There were many who thought she must be one of the girls Goldstein brought over from Paris. She was real Parisian!

Flodine Deslys stood in the wings, biting her lips. How she hated that little amateur sinner from the sticks. That was the number she had been promised. Darn her pretty face! Her eyes glittered. Someday—somehow, she would find a way to fix her. Goldstein might change his mind and put her in her place if he liked—but she wouldn't get away with it long.

The chorus danced out in costumes that were the replicas of Janet's, in black. Ballard Riley noticed how she put everyone of them in the background. There wasn't a figure that could touch hers.

Mrs. Van Arden sat with a pleased smile on her lips. It was a good surprise. Coming to see the opening show and finding her little train acquaintance. She must go back stage after the show and say "hello."

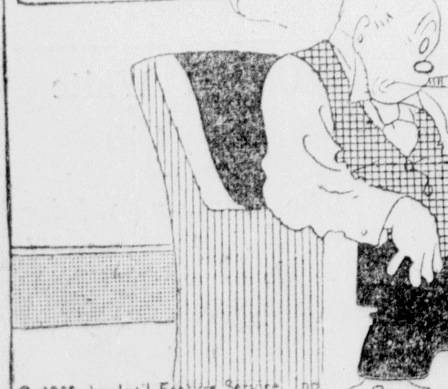

Janet had to come back and give two encores. They were wild in their enthusiasm. She felt as though she had been on the stage all her life. It was in her blood—the love of the crowds and their wild applause. She went through it all as though she were in a dream. A happy, gay dream—one it seemed she had always looked forward to.

Goldstein was back stage when she came off. He grasped her hands and there was enthusiasm in his voice.

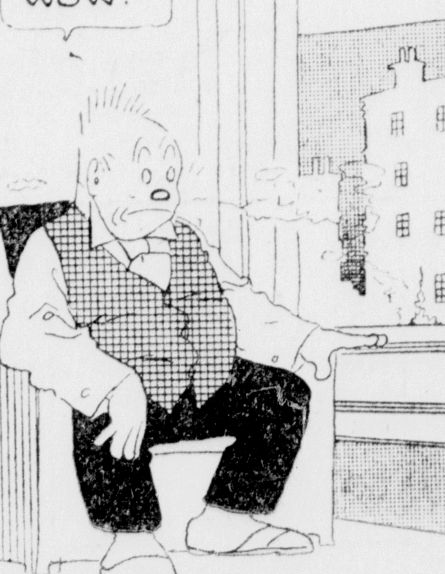

"Believe me, kid, I've never

The Theater

Ben Hecht, Chicago newspaperman, author and scenarist, can add playwright to these titles. Hecht has a play on Broadway, entitled "The Front Page," with a newspaper plot.

Hecht wrote the successful movie, "Underworld," which added laurels to his already crowned brow.

An operetta based on the ro-

from the works of Chopin. Grace Binkley of the "Greenwich Village Follies" fame will have the leading role. Included in the cast will be DeWolf Hopper, Odell Myrtle and Guy Robertson.

The genius Chopin was the lover of Mme. Dudevant, better known as George Sand. The vogue for operettas of this sort was established by the successful "Blossom Time" upon the life and tunes of Franz Schubert.

Ina Claire is returning from Europe to appear in a new play, based on the life of Nell Gwynn. Leonore Ulric will also have a new one, Farence Molnar's "Mina."

Twenty Years '08- Ago -'28

Final plans for the first annual picnic of the Y. M. C. A., to be held at Neff Park August 21, were made.

The first business house in Xenia to be decorated in anticipation of the Home-Coming, is Zell's book store on Green St.

The congregation of the First U. P. Church authorized the letting of a contract to erect a stone church, costing \$28,000, on the site of the present edifice.

Dr. Clarence McPherson, who at present is connected with the Ohio State Hospital, as an assistant physician, is preparing to open an office in Xenia for the practice of medicine.

DEAR NOAH—IF A MAN CAN THROW HIS VOICE TO PERFECTION, HOW FAR CAN THE SYRUP PITCHER? J. A. BEAVER, LEESVILLE, LA. NOAH—WHEN THE HORSE FELL IN THE BATH TUB, WHO PULLED THE PLUG OUT? O. F. F. CLAY, WVA. DEAR NOAH—IF THE STAIR STEPS WOULD BE BANISTER? SEND YOURS, MARIE STEPHEN—AKRON, OH.

Antic Life of Chopin will have its premier at Atlantic City soon. Karl Hajos has adapted the score.

LULA VOLLMER PLAY WILL FEATURE 1928 XENIA CHAUTAUQUA

Years past chautauqua was largely associated with prominent lecturers to the exclusion of other types of entertainment and the chautauqua program was in the past analysis nothing more than a lecture course.

In that day patrons were fortunate in having opportunity to listen to such great personages on the Redpath platform as William Jennings Bryan, Frank Willis, David Sutton and Governor Allen. But this day is past and the programs offered by the chautauqua must answer to an entirely different demand. People throughout the country today are not satisfied with a preponderance of any one kind of entertainment but they insist upon a diversified bill.

Xenia patrons have always been especially interested in the Redpath play productions. It was the earnest request of the local chautauqua association, in planning the entertainment with the Redpath people, that some important play hold a principal place on the 1928 program. The drama decided upon to fill this need captured the Pulitzer prize for 1924, has brought fame and fortune to Miss Lula Vollmer, the author, and will be presented here by a company carefully selected—Miss Marie Pavey having the leading role which she filled when the play was on Broadway.

Many properties that carry the audience back to the alleged "good old days" when wooden buckets, gourd dippers and coal-oil lamps flourished, and automobiles were unknown, may be seen when the Redpath chautauqua brings the north Carolina mountain drama, "Sun-Up," as one of the week's big features.

The scene is laid in a mountain cabin, with the Widow Cagle as the central figure in the drama. Seated in an old-fashioned arm chair, puffing a corn cob pipe, and never allowing a smile to cross her features, "Miz" Cagle is the human hum about which revolves the action of the play.

"Pap" Todd affords humorous relief from the tenseness of the drama, with his frequent references to being shot in the leg while fighting in the Confederate army. He isn't especially popular with Widow Cagle, who claims that "Pap" was born without a backbone.

One of the most lovable characters in the play is Emmy Todd, who marries the widow's son, Rufe Cagle, just before he leaves for France—"bout forty miles tother side of Asheville."

Among the other big features of chautauqua opening August 15 in Xenia are the comedy success "Tommy," Gilbert's Golden Memories, William Rainey Bennett, Claremont String Ensemble and the Solis Marimba Band.

Cures Malaria and quickly relieves Biliousness, Headaches, and Dizziness due to temporary Constipation. Aids in eliminating Toxins and is highly esteemed for producing copious watery evacuations.

VOTE FOR LACKEY

For Commissioner
Next Tuesday, Aug. 14th

Now Serving First Term

We are too busy with official work to canvass the county or make a house to house call.

The present Board has made and repaired more roads and streets than has ever been done in one term of the County Board. Drainage has been our first work on all streets and roads in each town in the county. We have made or assisted in constructing more new streets. The roads are in better condition than ever before, with less expense to the county, using in the last two years only one-half of the two mill levy.

We were the first to suggest rest rooms and comfort stations for the public in the Court House. How does the Court House lawn look to you? More people out of the mud than ever before.

The present Board is very logically situated. Mr. Beam, in the south west part of the county, Mr. Eavey at Xenia and Lackey in Ross Township.

The Board has always been very harmonious in all county work and deliberations and plans. We are better prepared to serve the county successfully than four years ago.

We are only asking the customary second term and will appreciate your support.

Our present board is different in that they do not use tobacco in any form or cuss or swear.

It's too hot for that if we were so inclined.

Let's keep it that way by the usual X next Tuesday.

Respectfully your Servant,

J. H. Lackey.

—Political Adv.

M. D's. Honor Him

Dr. Edward Francis, of the United States public health service, who has been awarded a gold medal for research work into tularemia, or "rabbit fever." The American Medical Association, in awarding the medal, characterized his efforts as the most important medical research work of the year.

EAST END NEWS

MRS. JAMES HARRIS
Correspondent
Tel. 91-R

Relatives upon their return from the hospital Thursday report that the Rev. A. M. Howe, who was operated on Wednesday for appendicitis at the Miami Valley Hospital at Dayton, O., is doing as well as could be expected and the physicians feel that unless unforeseen complications arise his recovery is safe.

There will be a social Saturday night at the residence of Mrs. Marietta Moore at Main and Patton Sts.

Rev. Jas. H. Harris will preach at

Washington C. H., Ohio, Sunday, filling the pulpit of Rev. Smith. The Coatsville Baptist Church will hold its annual basket meeting Sunday and as Rev. Smith also pastors that church he will be in charge of the basket meeting services.

The Zion Baptist Moonlight picnic will be held on the Masonic lawn, Main and Leach Sts., Saturday evening, Aug. 11.

Mr. and Mrs. Edward Page of E. Church St., have as their house guests, their sister and brother-in-law, Prof. and Mrs. Mabel Williamson of Buffalo, N. Y., and also Mr. Edward Page, Jr., Mrs. A. W. Williamson and daughter Edith and Mr. John Brock all of Chicago, Ill. Mr. Lionel Page motored to Chicago Sunday morning returning with the latter four Tuesday evening.

Miss Gertrude Blade of Cleveland spent this week with her uncle Rev. Samuel Blade and Mrs. Ellen Blade of E. Third St., and other relatives.

ALL OUT DOORS AND WHERE TO GO

Editor's Note: The "All Outdoors and Where to Go," is written for L. N. S. by James W. Stuber, big game hunter, sportsman-conservationist, and member of the Outdoor Writers' Association of America. Stuber has had a wide field of experience covering a period of many years, both in the United States and Canada. Mr. Stuber is also secretary of the Ohio Conservation Council.

You don't have to go so far away to get good fishing, and beautiful scenery, with good roads and camping sites and good accommodations for the tourist who wants a short trip, not too far away from Osgo. Here are some good places:

Harlan County, Kentucky: P. O. Baxter, On Cumberland River and not far from Cumberland Falls.

Accommodations at farm houses, L. and N. to Baxter or drive there from Cincinnati.

Taylor County, Kentucky: Campbellsburg, L. and N. Ry. Information from L. and N. ticket agent at Campbellsburg. Many lakes and good fishing, wonderful scenery.

Boone County, Kentucky: Gunpowder Creek, Dixie Highway from Cincinnati to Erlanger. Hotels at Burlington.

Pendleton and Harrison Counties, Kentucky: Motor from Cincinnati to Independence via Madison Pike from Covington and on to Falmouth. Bass, perch, and pan fish. Beautiful scenery. Wading and shore fishing in streams. Hotels at above named towns.

Where can I get some grouse shooting? This question is often asked by Ohio hunters. One of the best places close to Ohio for ruffed grouse, woodcock and small game, is at Conneaut Lake, Pennsylvania. There is also good bass, perch and bluegill fishing there. Conneaut Lake is in the western

part of the state, Crawford County and is reached by good roads through Youngstown, or via Pennsylvania railway via Linesville or Bessmer and L. E. direct. Information as to guides can be obtained from Wild Life Inn, or Hotel Iroquois, Conneaut Lake.

For a short fall fishing trip combined with duck hunting is Lake of Many Islands, 170 miles north of Toronto Ontario, in the Parry Sound territory. It is reached via Canadian National Railway from Detroit. The stopping place is Burk Falls. Deer, moose, bear, grouse and small game is plentiful. Twenty lakes are close by, and also good streams. Write to F. J. Schmeier, Box 51, Magnetawan, Ont., for information. This would be an inexpensive trip.

The survey now being made of American game resources by the Arms and Ammunition Manufacturer's Institute will interest the general public as well as every sportsman. The purpose of the survey is to collect experience and ideas of sportsmen and conserva-

tionists as to the best means of sustaining a game crop. Facts will be assembled by the Institute and made available to state officials, and sportsmen, from which a dependable replacement program can be formulated. The survey is premised upon the idea that the sportsman, landowner and manufacturer of sporting equipment as well as the public have a stake in the maintenance of an abundant supply of game. Again the sportsman is taking the lead in the con-

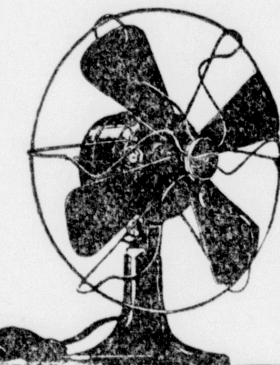

servation movement according to "Sportsman's Digest," well known outdoor publication of national circulation, speaking editorially.

An effort will be made to have the American farmer consider game as a crop, instead of a liability. Instead of stopping hunting by posting farms, the farmer will be encouraged to raise game and profit from the hunters, who under the law can trespass only by permission anyhow. Once the farmer finds he has a gold mine in a game

supply, he will realize its value him as a crop. He will find some measure a means of "farm aid" by cultivating the friendship of the sportsman, many of whom will gladly pay for the privilege of hunting on farms where game is plentiful. The farmer should be able to pay his taxes with the game on his farm, by leasing shooting privileges. At the same time state should provide shooting ground through lease or purchase to hunters.

No One Wants The Fan With a Cut-out

Fans should be "felt"—and not heard. The rattling and buzzing fan is "taboo." In this hot weather people demand the RESTFUL breeze of the WEST-INGHOUSE FAN, with its efficiently designed blades pushing out a steady current of refreshing, cool air.

From \$6.50 up—With TERMS

The Dayton Power & Light Co.
Xenia District

Notice to Voters of Greene Co.

We hereby call your attention to our candidacy for re-election to the office of "County Commissioner" at the Republican Primary, Aug. 14th, 1928.

We have tried to serve the county the past four years faithfully and impartially; have been absent from only two business sessions of the board during that time and the policy of the board has been to view the county at all times as a unit.

The Board has made special effort in the more remote parts of the county to bring the condition of the roads up to a standard thus giving assistance to those taxpayers who have hitherto not enjoyed the privilege of good roads.

We feel that it has been the good fortune of our board to have been able to build more roads at less cost by using the present day road equipment as graders, trucks, stone and gravel crushers, using the native quarries and pits thus eliminating freight rates and extremely long hauls and in co-operation with the state the county will have completed this year some fifteen miles of hard surfaced road during the incumbency of the present board; also the state and county have jointly rebuilt and maintained during the past two years about twenty miles of road in Bath, Miami, Cedarville, Silvercreek, and Jefferson Townships; besides the county alone under the supervision of the County Surveyor and the Commissioners has converted many miles of strictly mud roads into roads now passable at all times of the year.

It may also be of interest to the tax payers of Greene County to know that only one mill of the regular two mill levy formerly made has been collected during the past two years.

We would appreciate the consideration of all voters who feel that our efforts and services merit their support.

Signed,
A. E. BEAM.

TURNER OFFERS REWARD TO HALT VOTING FRAUDS

Candidate Reveals Plot
To Prevent Honest
Count.

COLUMBUS, O., Aug. 10.—Offer of a \$1,000 reward was made today by Attorney General Edward C. Turner for information leading to the arrest and conviction of any person who may be guilty of fraudulent action in connection with Ohio's primary election next Tuesday.

Turner's offer, it was explained, was due to reports that illegal plans were contemplated with a view to thwarting "a fair and honest count" of the primary votes.

"Inasmuch as it has been represented to me that in certain parts of the state, a fraudulent attempt will be made on election day to prevent an honest expression of the will of the people in the exercise of the elective franchise and a fraudulent attempt will be made to prevent a fair and honest count and report of the votes cast, I hereby offer a reward of \$1,000 for information leading to the arrest and conviction of any person who wrongfully changes, alters, erases or tampers with a name, word or figure contained in any pollbook, tally-sheet, list book, or paper, or falsifies, marks, or writes, thereon with intent to defeat, hinder or prevent, a fair expression of the will of the people at the primary election next Tuesday," said Turner, directing attention to the penalty of from one to three years in the Ohio Penitentiary, provided by law, for such guilty persons.

Turner, who is candidate for the Republican gubernatorial nomination, announced that his reward offer would be good in the event of the conviction of any person accused of various other illegal actions in connection with the primary election.

Turner is scheduled to make campaign speeches at Cincinnati this afternoon and tonight. Congressman James T. Begg, Sandusky, an aspirant for the G. O. P. nomination for governor, will make talks at Cleveland this afternoon.

(Continued on Page Two)

VARNEY WILL NOT DROP OUT OF RACE

Prohibition Party To
Stay In Campaign

ROCKVILLE CENTER, N. Y., Aug. 10.—William V. Varney, national prohibition party candidate for the presidency, will not withdraw in favor of Herbert Hoover, unless the Republican nominee takes a definite and strong stand for enforcement of the Volstead act.

Varney said that if Al Smith is elected and appoints John J. Raskob secretary of the treasury or if Herbert Hoover is elected and reappoints Andrew Mellon, the prohibition party will be justified in continuing to exist.

The national prohibition party, Varney said, stands for enforcement of the Volstead act, judicial reform, the child labor amendment and farm relief.

BUSINESS MAN SHOT IN LOVE TRIANGLE

COSHOCOTON, O., Aug. 10.—Ed. Rose, 38, local furniture dealer, lay dead here today of bullet wounds in what police believe was the culmination of a triangular love affair.

Police detained Earl W. Rodd, of New Philadelphia, and are holding him in the city prison pending a thorough investigation of the shooting. All night questioning failed to shake Rodd's story that he had no part in the shooting.

The furniture dealer was shot in the home of Elvaine Sigman, 30, whom police say was Rose's former sweetheart. He died in City Hospital a short time later.

FLOODS AND ANOTHER HURRICANE THREATEN

Florida Menaced By New Disasters; Lakes And
Streams Overflow While New Wind Storm
Sweeps Atlantic.

WEST PALM BEACH, Fla., Aug. 10.—Residents of Florida's storm-swept areas today were faced with two new menaces—floods and another hurricane. Highways in the central part of the state were flooded as a result of the heavy rains which accompanied the first tropical storm. Lake Okeechobee has overflowed and many streams are rising at an alarming rate. In Okeechobee City, the swollen waters of a small creek became a huge lake, flooding large tracts of territory on both sides of the creek.

Fifteen families are homeless in Jupiter, about eighteen miles north of here.

The new tropical disturbance is reported to be sweeping across the Atlantic from the West Indies. It is hoped that this new storm now centering near the West Indies, will blow itself out before reaching here. It is moving west-northwest and its intensity has driven all shipping into ports along the coast.

Meanwhile, however, Florida is enjoying a period of comparatively calm weather.

GOVERNOR SMITH IS PAYING TRIBUTE TO DEMOCRATIC CHIEF

Attends Funeral Of
George Brennan In
Chicago

CHICAGO, Aug. 10.—Governor Al Smith of New York, the Democratic nominee for president, was speeding to Chicago today on the Twentieth Century to attend the funeral services for his political pal and friend of long standing, George E. Brennan, Illinois Democratic leader.

The New York executive will arrive here at 10:45 o'clock, Chicago Daylight Time, this morning, and will be met at the LaSalle St. station by George E. Getz, Chicago coal millionaire and one of the promoters of the Dempsey-Tunney world's title fight in Chicago in 1927.

Guarded by more than 100 policemen and a special motorcycle convoy, the Smith party will be whisked through Chicago streets to the Brennan home, where brief and simple private funeral services will be conducted.

From the home, where Governor Smith will express his grief and sympathy to Mrs. Brennan and her daughter, Mary, the governor will be carried by automobile to the Little stone and brick Our Lady of Mount Carmel Church. There public services will be held.

Unless he is delayed during the morning, it is Governor Smith's intention to return immediately to Albany, N. Y. He planned to leave at 1:40 this afternoon for the return trip.

Riding with the New York executive to Chicago are his son, Arthur, William F. Kenny, New York financier; Frank Hague, mayor of Jersey City; J. J. Riordan, a political advisor; James J. Hoey, vice chairman of the Democratic national committee; Joseph P. Tumulty, secretary to the late President Woodrow Wilson, and several military aides.

Among the 500 honorary pallbearers were Vice President Chas. G. Dawes, Governor Len Small of Illinois, scores of political leaders of both the Democratic and Republican parties, leaders in the worlds of finance and labor and friends of all religious faiths.

LINEMAN KILLED BY HIGH TENSION WIRE

CHILLICOTHE, O., Aug. 10.—The body of I. N. Robinson, 28, electrocuted lineman, was to be taken to his home in Huntingdon, W. Va., today, Robinson, an employee of the Zipp-Beckmeyer Electrical Construction Co., of Huntingdon, was killed while wiring a transformer in a gravel pit at Richmondale, near here, when he touched a wire carrying 69,000 volts.

Robinson was thrown twelve feet to the ground. Gape Wood, an employee of the gravel company, was knocked fifteen feet when he sought to aid Robinson, but escaped serious injury.

POLICE SURPRISE ROBBERS

FOIL ATTEMPT TO BREAK OPEN GASOLINE PUMP

One Captured, Three Es-
cape; Garage Rob-
bed Of Car

Three of four youths, surprised by Patrolmen J. E. Craig and Charles Thompson in an attempt to break open a pump in front of the Central Filling Station, S. Detroit St., owned by C. E. Owens, for the purpose of stealing gasoline, disregarded bullets fired by officers and escaped in a stolen auto at 2 a. m. Friday.

One of the youths, captured by the officers, gave his name as Charles Upchurch, Dayton, O., and admitted his companions also lived in Dayton. Two Dayton officers, who came to Xenia early Friday morning and returned the prisoner to that city, expressed the belief the quartet may be linked with a series of auto thefts in Dayton.

Police, learned by tracing the license number, that the Chevrolet coach in which the trio escaped, had been recently stolen in Dayton from Mark H. Gilton, Washington C. H. Gilton came to Xenia with the Dayton officers.

A coat belonging to Gilton, in the car when it was stolen, was thrown out of the machine on E. Second St., and recovered by police.

The pursuing officers fired several shots at the fugitives but it is believed none of the bullets took effect. The two officers discovered the attempted robbery while making their usual rounds in the police car.

Theft of a 1926 model sedan owned by James Faulkner, Hill St., from the Xenia Garage Co., S. Detroit St., was discovered at 2:30 a. m., when the same officers found thieves had broken into the garage.

The intruders had broken a rear window to gain entrance. After entering, a back door was opened, presumably to permit companions to enter. The officers found the door standing open. Investigation led to the discovery that the auto had been stolen.

LINDBERGH TO INSPECT SITES

Lands Unexpectedly At
Columbus

COLUMBUS, O., Aug. 10.—Quietly, and with no advance notice of his coming, Col. Charles A. Lindbergh swooped out of the skies from the east here last night, and today was conferring with Kline Roberts, secretary of the Columbus Air Board concerning prospective Ohio airport sites.

Lindbergh landed here at 5:30 p. m., in his Ryan monoplane, a replica of the famous "Spirit of St. Louis," and was immediately whisked away to the Columbus Country Club where he dined with Leon Morris, manager of the National Cash Register Co., and Frank McKee, commander of Norton Field, Columbus airport.

An amusing feature of the flying colonel's visit was the exodus of caddies from the caddy house at the Country Club to the sacred precincts of the club house. Their idleness of Lindbergh caused them to throw discretion aside and with noses flattened against the windows, they awesomely watched the "lone eagle" stow away a hearty dinner—"Just the same as any other man," one ragged caddy disappointedly remarked.

POLICEMEN SUED

DAYTON, O., Aug. 10.—Two Dayton policemen, Herman Ague and H. M. Gaylor, today had been named defendants in a \$10,000 damage suit for alleged false arrest, imprisonment and misuse. The suit was filed by Charles M. Tierney, a minor, through his father.

STRATON CHALLENGE TO SMITH EXPECTED

NEW YORK, Aug. 10.—Dr. John Roach Straton's letter to Governor Al Smith, accepting the latter's challenge to debate the charge made by Dr. Straton last Sunday before his congregation in Calvary Baptist Church that the governor was the "deadliest foe today in America of moral progress and true political wisdom," should be received at the governor's office today.

Dr. Straton in his letter, continued to maintain his position as sailing Governor Smith's record.

He insisted that the debate be held in an auditorium larger than Calvary Baptist Church, in order to accommodate the large crowd that would wish to hear it.

The clergyman suggested that Madison Square Garden be obtained and that 3,000 seats be apportioned to members of Calvary Church, 3,000 to members of St. Patrick's Cathedral and the 20,000 remaining be divided equally between the Republican and Democratic national committees.

Dr. Straton had told reporters that he would insist that the debate be continued in St. Patrick's

Cathedral after it had been held in Calvary. However, in his formal letter of acceptance, Dr. Straton did not insist upon this arrangement but did make the suggestion for the division of seats between the two congregations.

It is understood that the suggestion of Dr. Straton for a debate in St. Patrick's Cathedral would be rejected by the governor as the cathedral does not permit discussion of secular topics in its pulpit. The governor is insistent upon answering the charges before the same persons who heard them made and also in the same place.

MEET FUTURE MRS. GENE Telephoto Of Heiress Who Will Wed Retiring World's Champion.

Miss Josephine Lauder, of Greenwich, Conn., who is engaged to marry Gene Tunney, retired world's heavyweight champion, Miss Lauder, whose full name is Mary Josephine Rowland Lauder, is 21 years old, a tall brunette of the athletic type. Gene's full name is James Joseph Tunney, the son of Joseph and Mary Lydon Tunney, both of whom were born in Ireland. The former champion is nine years his fiancée's senior. She is an heiress.

HOOVER OBSERVES BIRTHDAY ON EVE OF HIS NOTIFICATION

STANFORD UNIVERSITY, Cal., Aug. 10.—On the eve of his notification as the Republican nominee for president, Herbert Hoover today quietly observed his fifty-fourth birthday at his home here, surrounded by his family and a small group of friends.

The anniversary presented a climax to a saga of American opportunity. The man, who came to California three decades ago as a penniless youth seeking a job, sat in his luxurious home, surrounded by affluent friends, waiting to be notified that he had won the greatest gift in the keeping of a great political party.

The stage is set for the notification ceremony in Stanford stadium. Arrangements have been made to handle a crowd up to 150,000 people, although the Hoover managers will be satisfied with a host of 75,000 visitors. The exercises will begin at 2 o'clock with a band concert and at 3:30 Senator George H. Moses, of New Hampshire, will tell Hoover formally how the Kansas City convention named him the Republican nominee.

Hoover will accept the nomination in a 7,100 word speech, in which he will lay down the Republican issues of the coming campaign. He will begin speaking shortly before 4 o'clock and his speech will last forty minutes.

After the notification, Hoover will rest at his home here until next Thursday night, when he will begin his trek back to Washington. He will stop off Friday in Los Angeles, making a brief speech there on a "subject of interest to southern Californians." It was intimated that subject would be Boulder Dam legislation, which Hoover favors.

After a day spent talking over campaign matters with Curtis, Hoover will go on to his birthplace in West Branch, Iowa, passing through Kansas City enroute. Following a day in West Branch, with a farm speech in the evening, Hoover will spend two days in Cedar Rapids, Iowa, visiting with farm leaders. From there, he will go direct to Washington.

Hoover had a quiet birthday in prospect. He invited Hubert Work, the new Republican national chairman, to spend the day with him and he asked Senator George H. Moses to have luncheon with him. A crowd of his old friends from Stanford University was expected to drop in on him during the day. This evening, he will be the guest of honor at a birthday party to be given him by the newspaper correspondents and photographers who accompanied him from Washington.

AMERICAN IS LOSER IN SINGLE SCULLS FINAL OF OLYMPICS

Railroad Fireman Is Sec-
ond; Laufer Wins
Swim

SLOTEN, Holland, Aug. 10.—Ken Myers, Philadelphia, the railroad fireman who stoked his way into condition on the New York-Philadelphia run, was defeated in the single sculls final of the Olympic rowing championships today, losing to a German, the Australian, in seven minutes and eleven seconds. Myers, four and a half lengths behind the winner, was timed in 7:20:40.

The American pair-oared crew without experience made a third place in this event in a special heat with today, the latter was beaten off by two lengths in 7:20:25. Later, Germany won the title in this class by defeating England in a stirring final heat in 7:06:25. The Germans won by a bare half length.

OLYMPIC SWIMMING STADIUM, Amsterdam, Aug. 10.—Walter Laufer, of Chicago, today won the first heat of the 100 meter free style Olympic swim defeating Takashi, of Japan, in a close finish.

Laufer was timed in one minute and 45 of a second. He was neck and neck with Takashi all through the race and won by inches.

The first two in each heat of this event and the man turning in the best time for third in all seven heats will qualify for the semi-final. Arne Borg, Swedish star, was scratched in this event.

Johnny Weissmuller, of the Illinois A. C., double Olympic winner in 1924, made his first appearance this year in an individual Olympic swimming event in the second heat which he won without any trouble. The "human fish" thrashed through the water at a fast clip finishing in one minute flat. Spence, of Canada, was second in one minute 35 second. Schubert, of Germany, was third in one minute 40 second.

George Kolac, of New York, the sensational youngster twice broke the world's record for the 100-meter back this week, won the third heat of the 100-meter free style in one minute 35 second. Schubert, of Germany, took second place.

MILWAUKEE EAGLES TAKE MANY HONORS

COLUMBUS, O., Aug. 10.—Milwaukee Eagles today had carried off the highest honors of the pageant held by the Fraternal Order of Eagles in national session here. This Wisconsin delegation was awarded three first places, one second and one third in the parade, band and drill team contests staged under a boiling sun here yesterday afternoon.

It was estimated that 15,000 members of the organization took part in the ceremonies, while close to 100,000 persons lined the streets. Eleven persons were reported overcome from the heat as mercury touched 100 degrees at street level. Among the visitors to the city for the F. O. E. convention who were prostrated were: William H. Tuller, Marion, O.; Mrs. Vivian Kendall, wife of Police Lt. Kendall of Richmond, Ind.; Miss Jean Tonsend, Pontiac, Mich. All will recover, it was reported from hospitals here today.

FORMAL PROGRAM IS ARRANGED FOR PARK EXERCISES FRIDAY

D. A. R. Is In Charge;
Concert And Lawn
Fete To Follow

Elaborate plans have been completed for the corner-stone laying of the new memorial pavilion under construction in Shawnee Park Friday night at 7 o'clock.

The exercises will be in charge of Catharine Greene Chapter, Daughters of the American Revolution, and Mrs. William Magee Wilson.

AN INVITATION
Come to the Cornerstone laying at 7 o'clock Friday night. Bring a small contribution (a large one if you wish) and your name will be put on the list of donors to go into the box.

will make the principal address. Mrs. Frank A. Jackson, regent of the chapter, will preside.

The program opens with the singing of "America" by the assembly, followed by introductory remarks by Mrs. Jackson and a sketch of the development of Shawnee Park by Mrs. S. O. Hale.

"Your Flag and My Flag," sung by Mrs. William H. McGee, will precede the address by Mrs. Wilson. The recessional will follow, by Trinity M. E. Church Choir, with violin accompaniment by Mrs. Louis Hammele.

The program continues with
(Continued On Page Two)

CLEW PROVES HOPPE MURDERED WOMAN AS ADMITTED

Pen Connects Child Slay-
er With Death Of
Teacher

TOLEDO, O., Aug. 10.—Although Charles (Stanley) Hoppe, under sentence of death for the brutal murder of seven-year-old Dorothy Sielagowski, has confessed that he killed Miss Lily Dale Croy, Toledo teacher, whose death two years ago was an unsolved mystery on police records, the first tangible bit of evidence connecting Hoppe with the crime, a fountain pen said to have belonged to the slain teacher, was in possession of the police today.

Hoppe's first confession to the killing of Miss Croy was received with considerable skepticism, as at the time his attorneys contended he was "mentally incompetent" and should be confined to an institution where he would not be a social menace instead of expiating his crimes in the electric chair.

The identification of the fountain pen by Miss Croy's mother yesterday, however, and additional details Hoppe related to three common pleas judges lent credence to his confession. Authorities are checking up old records in the case in the hope that Hoppe's connection with the Croy murder either will be definitely established or disproved.

DUPONT RETIRES TO AID SMITH DRIVE

NEW YORK, Aug. 10.—Granted indefinite leave of absence as chairman of the board of the General Motors Corporation, Pierce S. DuPont one of America's wealthiest men, prepared today for an active part in the campaign to send Governor Alfred E. Smith to the White House.

Although the reason formally stated in his resignation was that he did not wish the General Motors Corporation to be identified in the public mind with his activities as a director of the association against the prohibition amendment, intimate associates declared today the step was intended to pave the way for an open declaration in favor of Smith.

History Of Shawnee Park Goes In Cornerstone

By T. H. ZELL
Chairman Executive Committee
Shawnee Park had its conception among a group of citizens who were interested in play grounds and other activities for young people and organized under the name of The Xenia Recreation Association. Its first function was to create a number of play grounds in the city under the supervision of competent persons. This work was carried on for two years with fair success being supported by public subscription. In 1925 the organiza-

tion conceived the idea of a public park where playgrounds might be placed and various recreational activities carried out that might develop the child as well as entertain older persons.

A strip of land known as part of the Roberts Estate, but at the time owned by Frank Dadds, was decided upon as the proper location for a park and negotiations were started with Mr. Dadds to acquire the land. This was finally accomplished through a gift of fifteen hundred dollars from P. H.

Flynn. This gift was made to The Xenia Recreation Association of Xenia, Ohio, which was officered at the time by Mrs. Anna Kelbie, C. E. Arbogust, the Rev. Wm. H. Tilford, Edwin M. Woodward, J. H. Adams and T. H. Zell. Edwin M. Woodward being president and T. H. Zell secretary, and C. E. Arbogust, treasurer. The organization took out articles of incorporation under the laws of Ohio.

The deed for the property sets forth that should the Xenia Recreation Association fail to function,

then the title of the property will automatically pass to the City of Xenia, and that if at any time the city fails to maintain the land as a park then the title will automatically go to the original grantor. This was done so there would be no question but that the park would function forever.

While the work of improving the park was in progress Dr. W. A. Galloway was asked to give the park an appropriate name. He suggested the name of Shawnee to commemorate the Shawnee Indian

tribe which at one time roamed over the land now occupied by the city of Xenia. This name was adopted.

Plans were outlined for the park and subscriptions taken. Any person giving either large or small contributions was enrolled as a member of the association and in this way about seven thousand dollars was raised. Mrs. Harrison Baker gave a liberal sum of money in order to finance the committee in its drive for funds. Most of the land being swampy it was first

necessary to drain it and nineteen hundred feet of drain tile were placed in the ground and an excavation was made to form a lagoon. The dirt removed was used to fill unsightly spots, roads were opened and cinders placed on them. Bridges were built and a fill was made for a tennis court. This work exhausted all the money the association had available and work was discontinued for the year.

The following year a great many organizations began to take interest in the development of the park.

Among these organizations which were most active were the Garden Club, the W. C. T. U., Rotary and Kiwanis and through their efforts and City Manager S. O. Hale, the City Commissioners graveled the streets adjacent to the park. The Garden Club planted shrubbery and was instrumental in interest. The W. C. T. U. furnished money to complete the tennis courts, gave money to erect a picnic table and also planted forty trees calling the planting White Ribbon Trail.

The officers of the W. C. T. U. at the time were Mrs. W. O. Cusatis, president, Mrs. Charles Ervin, vice president, Mrs. Will Smith, secretary, Mrs. Henry Dunkle, treasurer. The Business and Professional Woman's Club donated money for a picnic table also. The officers of the organization were: Miss Elsie Canby, president, Miss Iva Laycock, vice president, Miss Stella Tuhey, treasurer, Miss Willa Plomerfelt, assistant treasurer, Miss Helen Graham, recording secretary.
(Continued On Page Two)

HISTORY OF SHAWNEE PARK IS PLACED IN AUDITORIUM STONE

(Continued From Page One)

retary and Miss Lorena Paulin, corresponding secretary.

The Daughters of American Revolution planted forty trees, marking the group planting in memory of the veterans of the Revolutionary War. John Bocklet erected a flag pole and gave the association a flag. The Eagles Lodge donated lawn benches, and the Downtown Country Club gave two tennis nets. The Ervin Milling Company and the Cedarine Club gave picnic tables. The fountain in the park was originally a watering trough given to the citizens of King St. by the Hon. John Little and Judge E. H. Munger. Permission was given by the families of the donors to the Xenia Recreation Association to move this watering trough to the park and build it into a fountain in memory of the givers.

In 1927 members of the Xenia Garden Club held a community picnic in order to raise money to build a comfort station. In 1928 they gave another picnic and used the funds for this purpose, erecting a building fully equipped costing about twelve hundred dollars. The committee in charge of this work was: Mrs. Chas. Kelble, Mrs. Chas. Ervin, Mrs. Ben Chambers, Mrs. M. L. Wolf, Mrs. Frank Smith, Mrs. Effie Keyes, Dr. Ed. Kern and Otto Hornick.

In 1928 it was decided by the citizens of Xenia to hold a Home-Coming and the committee in charge felt that former citizens might be interested in building an auditorium in the park as a memorial, and with this thought solicited a few former citizens of wealth, receiving thirty-five hundred dollars. These gifts were as follows: Frank Connable of New York City, \$1,000.00; Mrs. John Connable of New York City, \$1,000.00; James R. Hopkins of Chicago, \$1,000.00 and Blair McElroy of Chicago, \$500.00. This sum being insufficient, local citizens took an interest in the work and Miss Sarah Hager gave \$500.00, Miss Emma King, \$500.00, The Eavey Company, \$500.00 and Henry Binder \$500.00. Other small gifts brought the amount up to six thousand dollars.

The estimated cost of this building being eight thousand dollars the committee was still short of funds but decided to erect the building and take care of the deficit in some manner. A building committee was named, consisting of Harry Sparks, chairman; Frank Smith, Edwin Galloway and T. H. Zell. Mr. Sparks drew all plans and specifications and supervised all the work without cost to the committee. Dealers in material used, very kindly sold products at their cost which enabled them to erect a much more substantial building than was originally estimated. Some of these firms were: the Greene County Lumber Company through the courtesy of Chalmers Murphy, the McDowell and Torrence Lumber Company through the courtesy of Findley Torrence and Austin Patterson; the Xenia Coal Company through the courtesy of Canning Brothers; Stiles and Company through the courtesy of George Stiles; Miami Portland Cement Co. and Southwestern Portland Cement Co. of Fairfield. Other firms selling material at cost were C. L. Henrie Tin Shop, courtesy Mrs. C. L. Henrie, Baughn & Son, Andrews & Beckman, Hornick Electric Co., courtesy Fred Hornick, Miller Electric Co., courtesy Arthur V. Miller, H. E. Eichman Electric Shop, Fred Graham and L. S. Barnes and the Champion Bridge Works of Wilmington, Ohio.

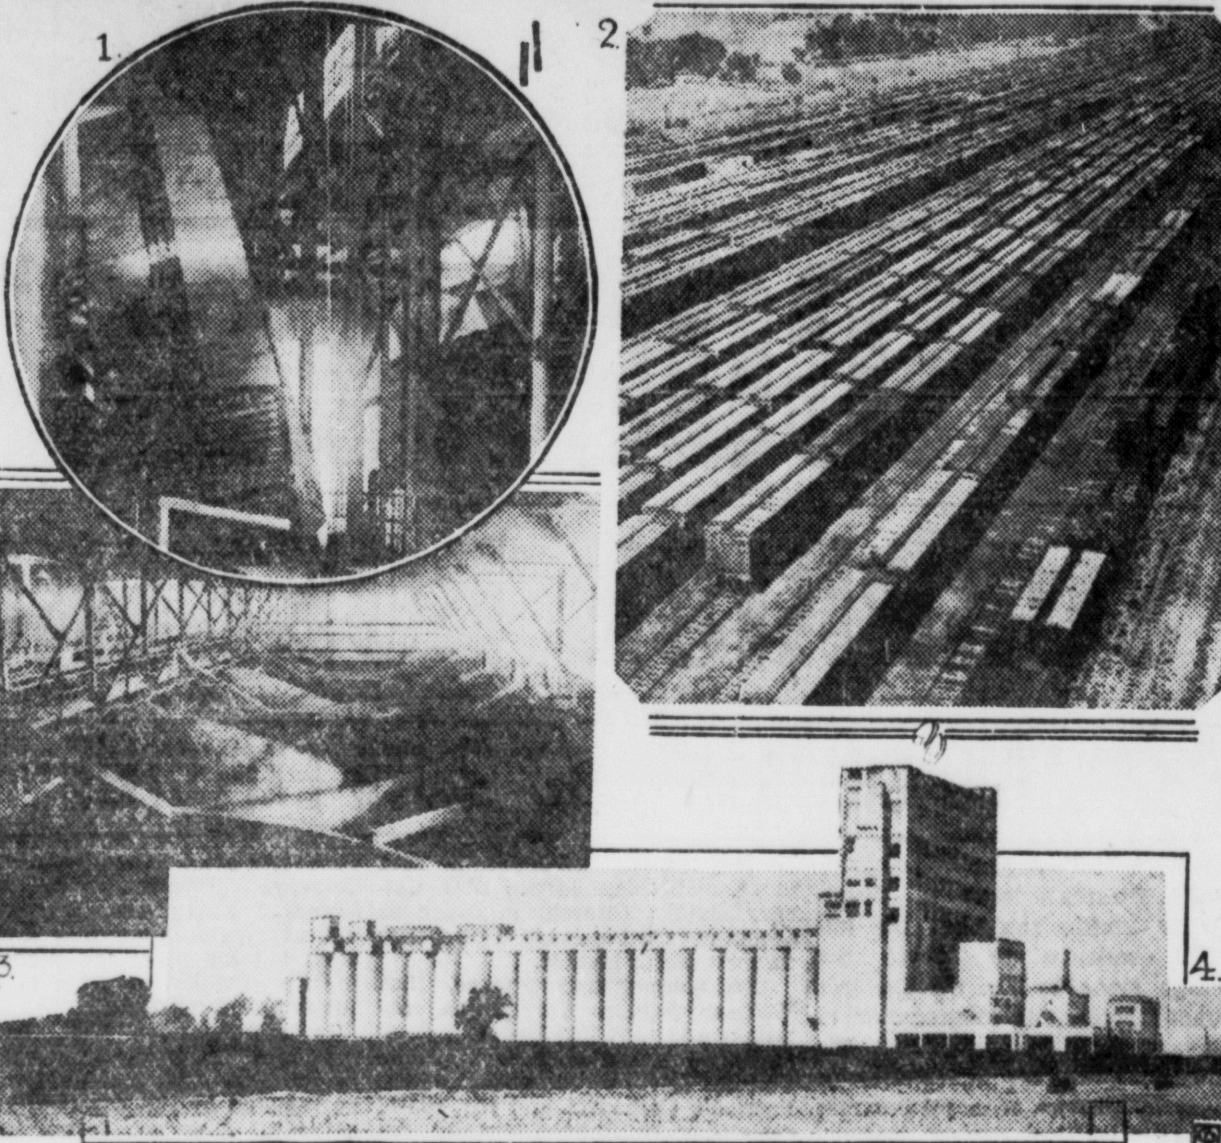

The actual construction work was carried out under the supervision of Harry Sparks by John Loyd, who at the time of erection of this building was in the contracting business. Mr. Loyd very kindly took the work on reasonable charge per hour basis, furnishing all his equipment without charge. Earl Short, also a local contractor, very kindly offered to bring in his equipment without charge working himself by the hour and donating two days of his time to the auditorium. Many other dealers and merchants donated or sold at cost many small items. This fact is recorded to show the kindly interest of all citizens in the erection of the Memorial Building.

At the time of the laying of the corner stone, August 10, 1928, the people were looking forward to a successful Home-Coming, which was to be held on the dates of August 26, 27, 28 and 29. The executive committee handling the affairs of the Home-Coming is as follows: T. H. Zell, executive chairman; M. L. Wolf, treasurer; Frank L. Smith, secretary; Dr. W. A. Galloway, historian; John V. Frught, chairman finance committee; Karl R. Babb, chairman ways and means committee; Dr. Ben R. McClellan, chairman of clubs and organizations; Edwin Galloway, chairman of decoration committee; Dr. A. C. Messenger, chairman of program committee; Mrs. Chas. A. Kelble, chairman of beautification committee; Mrs. A. C. Messenger, chairman of accommodations committee; Mr. Harry Sparks, chairman of building committee; Isadore Hyman, chairman barbecue committee; Delver Belden, chairman traffic and parking committee. Miss Josephine Wolf was in charge of the Home-Coming headquarters. The Home-Coming committee, through its activities, was responsible for obtaining the funds for the erection of this Memorial Building.

The laying of the corner stone was taken charge of by the D. A. R. Mrs. Frank Jackson, regent, who presided. Mrs. DeEtta Wilson was the speaker of the occasion. This history of the park was read by Mrs. S. O. Hale. Singing was furnished by members of the Trinity Choir under the leadership of Mrs. Will McGervey, who also sang a solo. Members of the D. A. R. and of the Home-Coming committee assisted.

This history was compiled by T. H. Zell, president of the Xenia Recreation Association, and assisted by members of the board, Mrs. Charles Kelble, P. H. Flynn, C. E. Arbogast, the Rev. Wm. H. Tilford, Edwin M. Woodward and Schuyler McClellan.

WHEAT POURS INTO HUGE KANSAS GRAIN ELEVATOR

These have been busy days at Turner, Kas., where more than 1,000 carloads of wheat have found their way to the gigantic Santa Fe elevator, second largest in the world. (1) A dumper weighing a whole wheat car, the grain is then shaken from the cars and the empties are then replaced on the tracks. (2) Acres of box cars awaiting their turn to empty their contents into the elevator. (3) A top view of wheat laden, reinforced concrete tanks that are 40 feet across and hold 65,000 bushels each. (4) Exterior view of the elevator.

TURNER OFFERS REWARD TO HALT VOTING FRAUDS

(Continued from Page 1)

noon and tonight.

Myers, Y. Cooper, Cincinnati, also a candidate for the Republican gubernatorial nomination, was scheduled to make an address to-night at Bethel, Clermont County.

Supporters of Cooper's candidacy made public what was said to be a copy of a telegram from Congressman Nicholas Longworth, Cincinnati, speaker of the national house of representatives, endorsing Cooper. In this telegram Longworth was credited with pledging Cooper his "whole-hearted and active support in the coming primary."

Nine Ohio dry leaders issued a joint statement urging dry Republicans of the Buckeye state to vote for Begg next Tuesday. The statement was signed by E. R. Root, Medina; former attorney general C. C. Crabbe, Columbus; Judge W. V. Aldrich, Delaware; Lester D. Hill, Bowling Green; Rev. Paul T. Gilbert, Bowling Green; W. J. Danes, dean of the University of Akron; N. C. Sherwood, Fremont; and Mrs. Maybelle Hester, Norwalk, superintendent of the Purity League of the Ohio Christian Endeavor, also a member of the W. C. T. U., it was announced.

Crabbe, a former state representative, is the author of Ohio's dry laws, known as the Crabbe act. The statement asserted that, due to the recent action of Ohio Anti-Saloon League officials in endorsing Cooper's candidacy and failing to approve that of Begg, "a grave situation" faces Ohio voters.

Former Lieut. Gov. Charles H. Lewis, Harpster, and President William F. Pierce, Kenyon College, it was stated, endorsed Begg's candidacy.

Addressing a picnic and rally conducted here under the auspices of the Franklin County Democratic Women's Club, Herman R. Witter, Canton, state director of industrial relations, and a candidate for the Democratic gubernatorial nomination, endorsed the policies of Governor Vic Donahey and said he was "a Smith man."

Director of Agriculture Charles V. Truax, candidate for U. S. senator favored improvement of agricultural conditions on a nationwide basis. George White, Marietta, also an aspirant for the U. S. senatorship, characterized Gov. Al Smith as the "outstanding statesman of

his time." Attorney Graham P. Hunt, Cincinnati, seeking the senatorial toga, accused the Anti-Saloon League and the Republican party with conspiring to "cheat Ohio out of proper representation in congress."

Commerce Director Earl Bloom, Bowling Green, former lieutenant governor questioned the promise of Congressman Martin L. Davey, of Kent, to save \$5,000,000 in taxes if elected governor of Ohio. "If he can show me how he can save \$5,000 in taxes, I will vote for him myself," said Bloom, who also, is a candidate for the Democratic nomination for governor. Replying to Bloom, Davey said the next governor would be a Democrat and that he would have the support of a Democratic state legislature.

Peter Witt, Cleveland, seeking the Democratic gubernatorial nomination, said Ohio will not go Democratic this fall unless the gubernatorial candidate nominated next Tuesday by the Democrats of Ohio is in sympathy with Al Smith. Witt said he is "a Smith man."

ROScoe G. HORNBECK
Common Pleas Judge of Madison County
FOR
JUDGE COURT OF APPEALS
Republican Primary August 14th

The Court of Appeals is an important upper court and reviews the work of Common Pleas Judges. Therefore, experience on Common Pleas bench most valuable.

Judge Hornbeck, a trained and qualified jurist, with years of experience on rural and city Common Pleas Courts. Only candidate with experience as a judge.

Opponent now and for last 15 years a court stenographer. 11 counties in district. 8 have had members on this court. Madison county, home of Judge Hornbeck, never represented. Dayton, home of his opponent, has had 37 years and seeks more.

Vote For and Support Roscoe G. Hornbeck a Qualified Candidate.

P. R. Emery, Chairman, Hornbeck for Court of Appeals Committee, London, O.

FORMAL PROGRAM IS ARRANGED FOR PARK EXERCISES FRIDAY

(Continued From Page One)

Jackson and closes with prayer by the Rev. C. O. Nybladh.

At the conclusion of the D. A. R. ceremony, the Xenia Municipal Band will play a concert and a lawn fete will be conducted at the park by the Xenia Garden Club. The proceeds from the lawn fete will be turned over to the auditorium fund.

Providing favorable weather continues, enabling workmen to rush the construction of the building, the auditorium may be erected in time for use during the Greene County Home-Coming the latter part of this month. Twelve working days lay ahead of contractors in which to complete the project, but the foundation is in place and the slowest part of the work is finished, it is pointed out.

The community house, financed by Home-Coming funds, will remain as a permanent adjunct to the park and will be available for many future activities, serving to increase the benefits of Shawnee Park.

Erection of the memorial structure with Home-Coming funds will make Shawnee Park the center of activities for the affair to be staged August 26-29.

The proposal for erection of the auditorium was originally inspired by the need of such a community ritualistic service led by Mrs.

building to house Home-Coming programs.

The pavilion is being constructed at a cost of \$8,000 of which amount more than \$6,000 has already been raised through contributions solicited from Xenians and former residents of the city.

Sixteen former Xenians were solicited by Home-Coming officials for donations of \$1,000 each. Responses received boosted the fund to \$3,500 and additional subscriptions from Xenia residents brought the total to within \$2,000 of the goal. With most of the money raised or in the process of being raised, it was decided to launch construction of the building.

While the pavilion will be neither elaborate nor expensive, it will be adequately constructed as a permanent building in such a way that it can be added to and improved as occasions demand. The building is expected to seat 1,200 people.

Plans call for an expansive cement floor, roofed but without sides. There will also be a platform stage and possibly a storage room.

As a protection against the weather, canvas sidewalls may be obtained, but the sides will be so constructed that permanent sidewalls may be erected later or the building enlarged if need be. The cement floor will make dancing available and may be used for this purpose during the August celebration.

Many forms of programs that require a large auditorium, including Home-Coming entertainments, reunion meetings, and the like will be staged in the structure. The building in the future will also be suitable for union church meetings.

community meetings, dances, theatricals and the like.

Plans for the auditorium were drawn by Harry Sparks, Xenia, who volunteered this service without cost. In addition Mr. Sparks offered to personally supervise the erection of the structure, still without cost to the building committee. Contractors were also generous in the matter, furnishing materials at cost.

ENGINEER HURT AS TRAIN IS DERAILED

ALLIANCE, O., Aug. 10.—Frank Glasses, engineer, was recovered from slight injuries today as a result of the derailling of a Pennsylvania passenger train east of here last night. A number of passengers were shaken up, but none injured.

A section of the track was

washed out by recent heavy rainstorms and when the train reached this point the engine was overturned and six cars derailed. Glasses, who sustained injuries to his back, refused to go to a hospital.

The train was made up at New Castle, Pa., and was enroute here, via Youngstown, with passengers for Columbus, Cincinnati, and Chicago.

Several sections of the Pennsylvania road in this vicinity are under water and trains have been re-routed through Ravenna, over the Cleveland-Pittsburgh division.

BOY DROWNS

NEWARK, O., Aug. 10.—Arrangements for the funeral of Jack Williams, 10, who was drowned in South Fork of Licking River, near here late yesterday afternoon, were being completed today. He is said to have waded beyond his depth.

The body was recovered later by police.

WILLIAM S. HOWARD

CANDIDATE FOR

Prosecuting Attorney

Mr. William S. Howard is a candidate for the office of PROSECUTING ATTORNEY of Greene County, Ohio, at the coming Republican Primary Election, August 14th, 1928.

It is the first time that Mr. Howard has ever been a candidate before the people for any office. Since his graduation from the Cincinnati Law School, he has been in the active practice of law in this city in all the State and Federal Courts.

Mr. Howard's opponent, Mr. Carl Marshall, the present incumbent of the office of Prosecuting Attorney, is seeking a third term, and this after having held office, successively as Deputy County Clerk, County Clerk, Probate Judge and is now serving his second term as Prosecuting Attorney, in all twenty years of continuous holding of public office.

If nominated and elected, Mr. Howard will give his best services to the people of Greene County.

Pretty Luncheon - Bridge Compliments Guests

GARDEN flowers, in all their variety of color and beauty, centered each of the eight tables, when Mrs. Ray Cox entertained with a charming luncheon-bridge at the Houston Inn, South Charleston, Thursday, honoring her sister, Mrs. Henry C. Moeller, and Mrs. D. J. Gallagher, both of Omaha, Neb.

The guests arrived at 1 o'clock.

U. B. SOCIETY HOLDS LAST SOCIAL MEETING

The Missionary and Aid Society of the U. B. Church held the last meeting before Conference on the beautiful church lawn, Wednesday afternoon.

After the business session, the program was conducted by Mrs. Nellie Bowers for the topic, "Out in the Field With God." At the close, she used a poem, titled, "Leaves Plus," each woman taking part wearing a maple leaf and reading a quotation from each mission field, pinned to large grape leaves. Refreshments were furnished by the committee, consisting of foods which came from and represented each mission field.

Mrs. Bessie Stephens, treasurer of the society, was presented a handsome purse in appreciation of her services for the past three years. Mrs. Stephens expects to leave for her new home in Washington State.

Visitors for the occasion were Mrs. Ella Blake and Mrs. Naomi Haines, Seattle, Wash.

"CUPID" PRESENTS GIFTS TO HONOR GUEST

Little Marjorie Kester, playing the role of Cupid, presented the gifts to the honor guest, Miss Josephine Conklin, bride-elect of Mr. Elwood Smith, when Miss Imogene Kester and Miss Julia Ashbaugh entertained complimenting Miss Conklin, Thursday evening.

Twenty-six young women were entertained at the miscellaneous "shower" and the evening was spent with games. Delicious refreshments were served by the hostesses.

HEALTH TROUBLES BANISHED BY USE OF NEW KONJOLA

Gas Bloating and Dizzy Spells Are Entirely Relieved; Says

Xenia Citizen

Health is the greatest asset we can possess. Without it life is uninteresting and we never seem to attain the utmost happiness we all strive so hard to acquire. Many of us go from year to year with that half-sick feeling that comes from

MR. J. E. PERKINS

a rundown and disordered inner-system, complaining of aches and pains and remarking about that tired, drowsy feeling that comes over us so often. Since the introduction of the new Konjola medicine many thousands of people throughout the central and middle west have voluntarily offered strong words of praise and many local men and women have given their signed statements to the Konjola Man at the Gallaher Drug Store, Xenia, telling of the wonderful benefits they derived from this celebrated compound.

One of the latest to describe the new health received from Konjola is Mr. J. E. Perkins. "But this medicine certainly has made a great change in me and that is the reason for this public statement."

"My stomach was so disordered that it was impossible for me to eat anything without suffering afterward. Food always fermented, gasses that bloated me so terribly. I had to fight for breath. My heart would beat so fast that I often worried for fear of some serious ailment. Of course, the intense suffering after meals soon took all appetite away and I actually had to force myself to sit down to a meal. It was hard for me to sleep during the night and I always felt tired and worn-out. There seemed to be a constant ringing and buzzing noise in my head and I often got so dizzy that it was necessary to hold onto something to keep from falling."

"Konjola proved to be such a wonderful medicine that it did not take a great amount to produce the results I had tried so long and hard to obtain. By the time I had finished the first bottle I felt just one hundred per cent better. I could almost feel the soothing effect every dose had on my system. I began eating food that I never dared to touch before and you can imagine my pleasure when every thing digested perfectly. The gas and bloating spells never came over me and my heart acts in a normal manner. My appetite has increased and I really enjoy my meals without worry about after effects. I can sleep through the entire night and feel the next morning that ringing and buzzing noise in my head has vanished and I never have a dizzy spell any more. In every way Konjola has helped me and I am only too glad to endorse this medicine to others."

The Konjola Man is at the Gallaher Drug Store, Xenia, where he is daily meeting the public and introducing and explaining the merits of this remedy. Free samples.

for a delicious and handsomely appointed luncheon. Bridge was in play during the remainder of the afternoon. Mrs. Paul R. Yockey, Mrs. Charles W. Adair and Mrs. J. C. Doda carried off the score prizes and Mrs. Moeller and Mrs. Gallagher were presented guest prizes.

Miss Dorothy Sullivan, Philadelphia, Pa., guest of Mrs. James Wilson III, was the only other out-of-town guest.

CLARK'S RUN CLUB HAS OUTING WEDNESDAY

The Clark's Run Community Club held its annual picnic Wednesday, in a shady spot on the Bryan Farm, near Yellow Springs. At the noon hour, about fifty sat down at a table, well filled with good things to eat. Thrashing in the neighborhood kept several of the men from being present but most of the families were represented.

In the afternoon, swimming was enjoyed by some, while others watched the swimming races at the Boy Scout camp nearby. Friends were there from Pittsburgh, Pa., Bradford, O., Monmouth, Ill., Dayton and Springfield.

ENTERTAINS HONORING SON'S BIRTH ANNIVERSARY

On the occasion of her little son, Glenn Junior's seventh birthday, Mrs. G. H. Thompson, near Xenia, entertained Tuesday. A birthday cake centered the table and pink and white candles and other appointments were employed.

Those enjoying the day were: Mrs. Ella Miller, Mrs. Harry Devoe, Miss Letitia Lewis, Mr. Charles Miller, Harold and Kathleen Miller and Charles Jones.

MARRIED QUIETLY IN WILMINGTON

Miss Jennie McKay, Wilmington and Mr. Charles F. Ferguson, near Xenia, were married at the home of the bride's sister, Mrs. Ella Pidgeon, Wilmington, Wednesday.

The ceremony was performed by the Rev. W. B. Patterson, pastor of the Wilmington M. E. Church. Immediate relatives witnessed the ceremony.

Mr. and Mrs. Ferguson will reside at the McKay homestead, near McKay's Station.

BIRTHDAY OCCASION FOR PARTY GATHERING

Mrs. Wendell Graham was pleasantly surprised Sunday at her home near Cedarville, when friends reminded her of her birthday.

A delicious dinner was served at noon on the spacious lawn. Mrs. Graham received several useful presents. Twenty-five relatives and friends enjoyed the day.

Mrs. Claude Glass and sons, Raymond and Leland, of New Castle, Ind., are spending the week with their aunt, Mrs. G. H. Hurley, W. Church St.

Norma Jones, daughter of Mr. and Mrs. Marion Jones, underwent a tonsil and adenoid operation, at the offices of a local physician, Thursday.

Mr. and Mrs. Charles Cross and daughter, Miss Winifred and Attorney C. W. Whitmer, are leaving Saturday afternoon by motor for Niagara Falls, New York and other Eastern points. They will be gone two weeks.

Superintendent and Mrs. H. C. Pendry moved this week to Ironton, O., where Mr. Pendry has taken the superintendency of the Ironton Schools.

Mrs. William E. Gilmore, Wilbur Wright Field, entertained a small group for luncheon at the Engineers' Club, Dayton, Wednesday. Later, the party motored to Piqua, to be guests for tea of Mrs. R. L. Hinch.

Capt. and Mrs. Shiras Blair, Wilbur Wright Field, returned home Wednesday after a six week's stay at Langfield Field, Virginia.

The annual reunion of the Le-Vallley family will be held at the Greene County Fairgrounds, Sunday, August 19. Dinner will be served at high noon. All members of the family and their friends are invited to come with well-filled baskets and enjoy the day.

The Rev. W. C. McCleery, New California, who will preach at First U. P. Church, Sunday morning, with his family will be guests of Mrs. McCleery's uncle and aunt, Mr. and Mrs. E. C. Moorman, N. King St.

Brig. Gen. and Mrs. William E. Gilmore, Wilbur Wright Field, will leave August 20 for New York City and will sail on the S. S. George Washington, August 22, for a three months' tour of the continent.

Mr. and Mrs. William Rumberger, Newcastle, Pa., and the Misses Anna and Maud Hutchison of Tyrone, Pa., are the week end guests of Dr. and Mrs. R. H. Grube, W. Second St.

Miss Evelyn Perrill, N. King St., is leaving Saturday for Lakeside to spend a few days as the guest of Miss Eleanor McKay, at the McKay summer cottage.

Mrs. H. L. Sayre is leaving Saturday, accompanied by a party of Cincinnati relatives for Buffalo, N. Y., to spend a week or ten days. They will make the trip by motor and will also stop at Dunkirk, N. Y.

There will be no services at the Second United Presbyterian Church Sunday, it is announced.

Mrs. Anna Shelley, Cincinnati Ave., is spending the week in Cleveland, O.

Mrs. Arthur Perrill, John and Martha Perrill and Mrs. A. L. Reynolds are leaving Sunday for near Sabina, to spend several days camping.

Miss Frances Johnston of the Millinery department, Hutchison and Gibney Store, returned Friday morning from Chicago, where she has been purchasing fall and winter stock. Mrs. J. W. Gibney and Miss Lida Gibney will return later.

Lieut. and Mrs. Crumrine, Wilbur Wright Field, who are leaving August 21 for San Francisco, from where they will sail for a three years' stay in Hawaii, will be honored by Mrs. Robert Gale Breene, Dayton, who will entertain a supper party, Sunday evening.

The reunion of the Earley and Lewis families will be held Wednesday, August 15, at the Jefferson Twp. Centralized School grounds, in Bowersville. All members of the two families are urged to attend.

Mr. and Mrs. C. John W. Luttrell and daughter, Joan, Ashtabula, O., have returned home after spending several days with Mr. and Mrs. Roy C. Lewis, near Bowersville. Mr. Luttrell is principal of Ashtabula High School.

The Christ Episcopal Church choir will enjoy a picnic supper in Shawnee Park Saturday evening, honoring the Rev. and Mrs. C. O. Nybladh on their return from their vacation.

Mr. Floyd Anderson of the Anderson Flower Shop, spent Wednesday and Thursday at Russell's Point fishing. His "catch" included several large catfish, averaging five pounds.

Mr. and Mrs. L. C. Hopkins, Hyde Park, Cincinnati, will be week end guests of Dr. and Mrs. John Ayer, W. Second St.

Miss Clara McMillan, Winston-Salem, N. C., who has been the guest for several days of Mr. and Mrs. James M. Carper, N. Galloway St., is leaving Friday evening for the south.

Mr. Arthur Garfield is entertaining The Literary Club at his cottage along the Little Miami River, this week end.

Alpha Theta Chapter, Delta Theta Tau Sorority will meet at the home of Miss Ruth Arment, Chestnut St., Monday evening.

Mrs. Ada McKay and Miss Nelle McKay are spending a week at Niagara Falls and other points in that vicinity.

Mr. Kenneth Welch, Yellow Springs, underwent a tonsil and adenoid operation at the offices of a Xenia physician Friday.

Mrs. R. N. Elder, Selma, submitted to a tonsil and adenoid operation, Thursday, at the offices of a local physician.

In case of rain Friday night, the cakes donated for the lawn fete, sponsored by the Xenia Garden Club at the cornerstone laying ceremonies in Shawnee Park, will be taken to the Fisher Meat Market and offered for sale Saturday morning. The proceeds will go to the same fund as that intended through the fete, the purchase of park tables.

REPAIRED ROAD IS OPENED TO TRAFFIC

It is announced by County Surveyor W. J. Davis that repairs to state route No. 42, a road extending from Cedarville to the Clayton McMillan farm, a distance of three miles, are completed. The road was re-surfaced, graded and made into a standard highway. It is now open to traffic.

Aug. 10th, 1928

The Editor of the Gazette:

Dear Sir:

In a folder, entitled "The Greene County Bulletin," purporting to be edited by J. Thomas, and to contain Dry Campaign Information, there appeared an endorsement of a slate of Candidates for Central Committee representing the Marshall-Platter faction of Greene County and also the implication that all opposing candidates are wet.

Personally, as Chairman of the Republican Executive Committee, I resent this implication, and I am sure that the candidates of the regularly organized Committee and their friends will also resent it. Therefore in this issue of your paper there is being run a Paid Political Advertisement, which contains the names of each and every candidate and we respectfully challenge the opposition to show that the inclination of a single one of these candidates is other than dry, and further that they do not represent the highest type of citizenship in their respective communities.

I also wish to call to the mind of the public that in May, before the time for the filing of declarations of candidates Mr. L. T. Marshall, co-leader of the opposing group was approached with a proposition to harmonize the differences within our party ranks, which have been a detriment to all social and welfare organizations in the County, by giving each group equal representation on the Committee, that thereby the Republican Party of Greene County might be benefited by a unified organization, and the biennial contest be averted. This offer, after deliberation, for a number of days was, with the advice of his co-workers, declined.

Therefore, it being necessary for the organization then in power to contest for its existence we proceeded to draft men of the highest type in their respective communities to be candidates for positions on the Central Committee, and in your paper we are submitting their names to the voters of Greene County, and request for them undivided support.

Very Respectfully,
R. O. WEAD,
Chairman, Republican Executive Committee of Greene Co.

NEW CARLISLE MAN KILLED BY TRAIN

BIBLE THOUGHT FOR TODAY

STABILITY—Thine own friend, and thy father's friend, forsake not; neither go into thy brother's house in the day of thy calamity; for better is a neighbour that is near than a brother far off.—Prov. 27:10.

SHOWING THE WORLD HOW TO FLY

"Commercial aviation in the United States today has almost reached, and within 12 months will certainly reach a point of development greater than that of all Europe put together," prophesies Herbert Hoover in a current magazine article, "Air Pioneering."

The American plan of development of commercial aviation, explains Mr. Hoover, has been that a sound transportation agency must be developed by private enterprise, without government subsidy; that the government support should be given only so far as we have for 100 years given it to navigation.

"This plan translated into aviation means that the government declares the routes of national airways, builds their equipment of lights and emergency landing fields, furnishes charts, licenses the planes for safety and the aviators for competence, engages itself in scientific investigation, and promotes and co-operates with private and local enterprise to do the rest."

Commercial aviation in the United States has probably a greater opportunity in that the American Government does not regard it largely as a supplement to military defense with transportation objectives secondary. Mr. Hoover further points out that the European development has been based first upon passenger carrying, whereas in the United States, the growth has hinged largely upon carriage of express and mail. As a result of this difference in emphasis, Mr. Hoover says that "per capita we transport more than twice the goods, passengers, and express transported by any European country and one-third more mail per capita than the liveliest of them—and we transport them over longer distances."

Mr. Hoover summarizes the progress made up to the present day: "We have today 7,500 miles of improved national airways in regular operation, and the contracts let will provide for 3,000 miles or more by January 1, with still further extensions after that date."

"We are rapidly developing well-equipped airports at every town, and we now have 207 municipal ports, 163 commercial and private ports, and 124 Department of Commerce landing fields."

And most of this has been largely the work of the past 18 months.

WOMEN ADD TO BUYING POWER

More than 2,000,000 married women in this country are working outside of their homes. Some of them may take this course because of their love for certain professions. But in the great majority of cases it is because they want more money for their homes and themselves than their husbands can earn.

Many of these women have been led to take such work by the increased cost of living. Some complain because such ones take jobs away from unmarried women. But their production adds to the buying power of the nation, and makes the people able to spend more money, and thus makes more work for the people to do.

When a girl sees a new dance step she will second the motion.

Next to loafing the hardest thing is work.

The Way of the World

By GROVE PATTERSON

AS TO OPERATIONS

Dr. R. S. Boles, University of Pennsylvania, says operations for chronic appendicitis are useless. The unthinking may smile happily and say this is a proper blow at the doctors who are all too ready to operate—both on body account and bank account. The more thoughtful realize there are no more earnest seekers after truth than reputable physicians. Qualified doctors do not rush into operations. The fact remains that surgery—in time—is the only cure for acute appendicitis.

RADIO AND GOVERNMENT

The radio has given an astonishing boost to democracy and the whole idea of democracy. Never before have so many people taken an interest in political affairs. The radio brought the exercises of the two national conventions into millions of American homes. Thousands of folks who heard little of politics and public life and cared less, find their interest properly aroused when the proceedings of democracy are delivered into their homes.

KNOWING WHO'S WHO

Speaking of radio and the broadcasting of conventions, one can go further and see the immense contribution radio is making in this national political campaign in acquainting the people with the merits of candidates and policies. With the enormous resources of the radio added to the newspaper and the magazine it is now possible for Mr. and Mrs. Citizen to know who's who in American public life and what he stands for. We now have the best chance we ever had to do some real intelligent voting.

DOES NATURE QUIT US?

Well, here's some bad news. Dr. R. W. Scott, Western Reserve medical school, says that the large number of deaths at the age of 50 and 55 is not brought about so much by our fast living as by the hard fact that nature just naturally goes away and leaves us at the top of the hill. Every well born boy or girl has an expectancy of about 55 years at birth. After we reach that age nature seems to withdraw her special support and we have to shift for ourselves. It behooves us to get a good start before the age of 50, in the way of habits of food, drink, sleep, and exercise so that we can go it alone for the last 30 or 40 years.

The Diary
of a
New Yorker

By CLARK KINNAIRD

NEW YORK—More things that readers of this column want to know about New York: Is there any one who will instruct me in public speaking free for the coming campaign? (Trenton, N. J.)

Where can I buy imported pumpkin seed bread by mail? (Oil City, Pa.)

Is "Strange Interlude" still playing in New York? (New Castle, Pa.)

Are there any magazines in New York devoted to explaining finance for small investors? (Columbus, O.)

Would Smith have carried New York State in 1926 over Mills without the large majority New York City gave him? (Palermo, Cal.)

What denomination is "The Little Church Around the Corner"? (Columbus, O.)

What are the most interesting libraries in New York? (Cynthiana, Ky.)

Where could I sell a mantel clock made in 1725? (Cannonsburg, Pa.)

How many Roman Catholics vote in New York State, and how many hold office? (Langdale, Ala.)

Where in New York could I find some one to give me lessons in rush (woven chair) work? (Troy, N. Y.)

Where is the largest collection of Egyptian mummies and relics of Egypt in New York? (Huntington, W. Va.)

Where is the Margaret Sanger birth-control clinic? (Dayton, O.)

Is a building taller than the Woolworth building being built in New York? (Nashville, Tenn.)

When I was there a few months ago I saw a diamond store which advertised diamonds supposed to have been taken away from smugglers by customs officers, at unheard of prices. Are they genuine? (Nashville, Tenn.)

I want to go to art school in New York. What is the best one? (Evansville, Ind.)

When did the old Crystal Palace in New York burn down? (Poughkeepsie, N. Y.)

How many negroes have state positions in New York? (West Point, Ga.)

What per cent of New Yorkers are foreign born? What per cent are Catholic? What was the Coolidge vote in 1924 and the Smith vote? (Dayton, O.)

Household
Hints

By MRS. MARY MORTON

MENU HINT

Minute Steak Mashed Potatoes
Corn with Green Peppers
Cabbage and Lettuce Salad
Blackberry Pie

Season your meals well for summer consumption. I sometimes think that all the difference there is between a good and a bad cook is in the seasoning. I do not mean that everything must be highly spiced to taste well. Too many condiments spoil the digestion. But just enough salt and just the proper tang of spice or whatever you are using, will make all the difference in the world between a dish that is tasteless and one that but whets the appetite for more.

Today's Recipes

Minute Steak—Have steak from the round or sirloin cut one-fourth inch thick. Sprinkle heavily with pepper and broil under a hot flame about one minute on each side until browned. Light the broiler at least five minutes ahead to insure good heat. Sprinkle with salt and dot with butter. Slices may be cut in individual servings before cooking if preferred. Minute steak may be pan-broiled by using a very hot, heavy frying pan and greasing it slightly with butter. Slice the meat fat. Sliced Bermuda onion may be used as a garnish.

Corn Fried with Green Peppers—Three cups corn, two green peppers, one-half onion, three tablespoons bacon fat, salt, pepper. Brown onion and pepper finely chopped in bacon fat, add corn and seasonings and cook until slightly browned.

Plum Marmalade

Mrs. Mary Morton's Daily Tested Recipe—Take Lombard or egg plums and peel by pouring hot water upon them. After skins are off weigh and cover with the same weight in sugar. Let them stand overnight. In the morning cook until soft and the pits come out. Stir, and when pits rise to the top while boiling, skim them out. Boil until thick and put up in jelly glasses.

REAL TEMPERAMENT

The best Richard Mansfield story we ever heard originated in Youngstown, at the old Grand Opera House. Knowing the great actor's reputation for temperament, the stage hands resolved to meet him more than half way. All of them bought "snacks" which they were to make the principles of dieting, and each one was instructed to be as silent as possible.

Standing in an entrance, the local stage manager said to the actor: "Listen, Mr. Mansfield, you can hear that clock ticking 'way over there on the other side of the stage." "Yes," replied the actor, tersely, "have it stopped."

Speaking of Beauty Spots on the Vacation Trop—

How to Achieve Beauty

By MME. HELENA RUBINSTEIN

I have never known the Temperate zone peoples to take kindly to a mid-day siesta. In Spain, southern Italy, France, and of course throughout the tropics, it is quite another matter.

But even there, I believe the mid-day rest to be a habit imposed by economic necessity. The intense heat of the noon hours makes it unwise and impractical to indulge in any form of labor during this time. They make up for the three-hour mid-day rest in the cool of the evening.

At the first sign of real fatigue, it is an excellent habit to take the proverbial "cat nap." To fall into the bad habit of "dozing," however, is quite another thing. Frequently this one habit assumes such power over you that real sleep is permanently disturbed.

Sleep, you see is far more complicated than the average person realizes. It isn't only enough to be physically tired to sleep; you must be able to will your brain away from its activity before rest can come. To try and rest with your nerves clamoring is to attempt the impossible.

I have repeatedly advised the wisdom of relaxation. If you find that a 30-minute nap during

the day does not disturb your long, unbroken night's sleep, by all means make it a habit.

Begin not to woe sleep, but to completely relax. A face treatment or an eye treatment can aid you in this. Make the treatment simple, however. If you have an evening engagement, begin with cleansing cream—remove it gently with soft tissues. Then, with a pad of cotton wet with extract, go over the entire face. Lastly, make two thin pads of fresh cotton, warm a little extract in an enamel cup, and place the wet pads over your eyes. Then lie down. In 20 minutes, even if you have not slept, you will have learned the advantage of physical comfort and relaxation.

Do this at the same time every day. The day will come when you will sleep. Arrange to be called at the appointed time so that this thought is not on your subconscious mind.

And as a final warning, let me urge you not to shock your nerves by submitting them to the clamorous awakening of an alarm clock. You can actually undo all the good of your rest by being startled awake. Regular waking and sleeping hours will become habits in a very short time, and they are excellent habits—both of them, for you to cultivate.

Diet and Health

By LULU HUNT PETERS M. D.

Author of "Diet and Health" and "Diet For Children"

ANNA REDUCES

"I'm Anna the new maid on your floor."

Before me was a short, blue-eyed little person, truly almost as broad as she was tall.

"All right, Anna. First, do you mind telling me how much you weigh?"

"Oh, about 225, I think."

"How tall are you?"

"About 5 feet."

"I think you weigh a little more, Anna, and I think you're not quite 5 feet. Let's see."

I took her height; it was 4 feet 8 inches—4 inches less than 5 feet. I weighed her on my scale. Exactly 240 pounds. Not nearly 5 feet tall and weighing 240 pounds. Can you picture her? Naturally, I got her interested in reducing. She wants to reduce, but she says she really eats very little—hardly any breakfast and no lunch.

I asked her to tell me just what she ate the day before, and I estimated the calories. She had had 3,000! For a woman of her height, even with her activities, she probably should not have more than 1,800 to 2,000 calories a day. I found she had been eating nuts and candy every afternoon, and that morning she had had a good-sized slice of home-made apple pie with her breakfast. She was very fond of sweets, and thought she couldn't get along without them. I told her the principles of dieting, and she promised to follow them. I didn't have her go on a semi-liquid diet for the first three days, but just put her on about 1,000 C. a day. The first week she lost 5 1/2 pounds. The second week 2 1/2 pounds. The third week, 2 1/2 pounds. So this morning, as I am writing, Anna weighs 225. She's the happiest little person you ever saw, and is sure she will continue now until she is normal weight, for she understands why she is so abnormal.

I had her take my pedometer one day. We found the walk to and from her work was 1 1/2 miles, and while doing her work she walked 6 miles, and she said that day was a light day. So she gets quite a bit of active exercise. I'm not having her do any other exercises until she reduces considerably.

Here's a little of Anna's history:

She is one of 15 children, about half of whom were overweight. Mother was "average" fat, father normal. She was a fat, child, and when 11, weighed 130. At that age she went to work for a flour manufacturer, who said he was going to use her as an advertisement. She weighed around 130 until she was 17, when she was married, and then she began to gain until at the age of 30 she weighed 263. She kept about that weight for 17 years, when she had to have an operation to have a tumor removed. It weighed 8 pounds. At the same time, the surgeon cut off an apron of fat weighing 11 pounds, so when she came out, she weighed 244. She kept that weight for three years; then she had a slight stroke. One side was affected, and she couldn't walk. Her weight went down to 212—32 pounds. However, she recovered completely in a short time, and began to gain again until she reached 240. She had three children, all operative deliveries.

I'll keep you posted on Anna. Meanwhile, for those who wish to avoid a like fate, we have condensed instructions on reducing. The column rules for obtaining all material we offer are to enclose 10 cents in coin and a fully self-addressed, stamped envelope for the reducing and gaining pamphlet, and only 2 cents in coin and the

Kellygrams

By FRED C. KELLY

In New York recently I saw a little shoe store, fashionably located, with a sign on the window proclaiming that it is a "Shoe Salon."

I'm wondering if such an idiotic name for a shoe store does as much good as harm. Personally I should have grave suspicions about shoes from a shop that calls itself a Shoe Salon. I should fear that all goods inside the store as well as the store itself ought to be thoroughly debunked. Pompous phraseology always sounds so spurious that it suggests fake goods. If we're to have shoe salons why not Suspender Studios and Collar Button Art Rooms?

I'm suspicious, too, of places that put shirt materials in their windows and call them "Shirts." How am I to know that such an establishment doesn't sell also underdrawers or hatters?

Peter's Adventure

By MRS. FLORENCE SMITH VINCENT

Hiding in the Seaweed
"All night long that fellow talked to himself and not a thing did he do but eat!"

"How his tummy could hold all the fish and the crabs and the rest of the prey he caught I don't know!"

"We and I would not have had a chance for our lives if we had ventured within reach of his beak. Even now I shiver when I happen to think of what a narrow escape we had." Bobolink flapped his wings nervously and Mrs. Bobolink swung the faster upon her clover stalk.

"I should think you would have been scared to come out," exclaimed Sonny-Bunny, and Mrs. Gray Rabbit nodded solemnly.

"I know just how you Bobolinks felt," said she. "Once upon a time I spent a whole night in a hollow of a tree trunk. I caught sight of Mr. Fox far across a field and coming my way and I didn't dare show my head until a Woodpecker friend of mine told me that he had given up searching for me in disgust, thinking I'd never come out of the hole, and gone off in another direction. And even then I had all I could do to make my legs carry me home, they shook so."

"How did you Bobolinks finally manage to get away without the Night Watchman spying you?" asked Peter.

"We didn't get away at all," replied Bobolink. "We stayed right where we were hidden in the seaweed and never ruffled a feather all through that long, long night."

"Indeed, we were almost afraid self-addressed, stamped envelope for all other articles.

Tomorrow: Answers to Correspondents.

EDITOR'S NOTE: Dr. Peters cannot diagnose nor give personal advice. Your questions, if of general interest, will be answered in the column, in turn. Requests for articles must be accompanied by a fully self-addressed, stamped envelope and two cents in coin for each article to cover cost of printing and handling. For the pamphlet on reducing and gaining, ten cents in coin with fully s. a. s. e. must be enclosed. Address Dr. Peters in care of this paper.

Behind the Scenes in
Washington

By CHARLES P. STEWART

WASHINGTON.—Washington will not feel at ease concerning Mexico until it has had plenty of time to see how the southern republic's two big political parties hit it off without Gen. Alvaro Obregon.

These two parties are the Laborites and the Agrarians.

There are other parties also—the Reactionaries, who would like to engineer a return of the old pre-revolutionary days, and several more groups.

However, the industrial and agricultural factions are the only ones powerful enough to signify seriously at present.

They are bitterly hostile to one another.

Curiously enough their respective leaders were for years the friendliest two men in Mexico—President Calles and the late Gen. Obregon.

Obregon trusted Calles so fully that he passed the presidency over to Calles upon his own term's expiration and Calles was about to return it to Obregon when the latter was assassinated.

Yet, all this time, the Agrarians had hated Calles with all their souls and the Laborites had hated Obregon so venomously that, as we know, the Agrarians held the Laborites responsible for his murder.

So long as Obregon and Calles were swapping the presidency back and forth between them, it is understandable that the Agrarians and Laborites at least considered that each party was getting its turn.

But now an emergency has arisen where the Agrarians will not get their turn when they expected it, or else, if they do get it, it will be under some other president than Obregon, and the new man's relations with Calles may not be so pleasant.

To be sure, Calles has announced that he has decided not to continue in office after the expiration of his regular term, December 1.

Nevertheless, it is not considered certain he will not change his mind on this point. Tremendous pressure undoubtedly will be brought to him, to persuade him to do so. If he does, it will only be for a two-year period, as provisional president. Even that will strain the constitution, and the Agrarians will resent it furiously.

On the other hand, if he retires, it seems to be a foregone conclusion that his successor will be Gen. Aaron Saez of the state of Nuevo Leon, who has been tacitly recognized as the Agrarians' leader since Obregon's murder.

Saez was pretty well disposed toward Calles in Obregon's time and even held a portfolio in

the Calles cabinet, but that was out of deference to Obregon. With Obregon gone, the danger is seen that his attitude will change, more in conformity with his party's.

Still another danger threatens. During the outburst of anti-labor excitement, which immediately followed Obregon's death, Calles was forced to agree to considerable pro-Agrarian anti-labor legislation, which promises to set very ill on the labor party's stomach as its effects begin to be felt, particularly as Saez, if he becomes president, must be depended on to enforce it as vigorously as possible.

Then, probably, will be Luis Morones' time to make himself felt.

Morones is very much in eclipse at the moment.

Blamed in a great part, as head of the Mexican Federation of Labor, for the Obregon killing, he not only was forced to resign hurriedly as Calles' minister of commerce and industry, but to go into hiding, where he still remains.

Morones is not the man to stay in the background longer than is absolutely necessary. He is as strong as ever with the labor forces, and if he allowed himself to be very summarily wiped out of the picture as a result of conditions which took him temporarily by surprise, there are few who imagine he will be contented to stay out of it indefinitely.

The Mexican Labor party, after all, is a power to be reckoned with, and in the event of Calles' retirement, Dec. 1, Morones will be the active head of it.

Calles will be a constitutional president until December. Let him undertake to hold over later than that and his tenure will become doubtfully constitutional, which the Agrarians are likely to take advantage of.

Let Calles drop out and Saez come in and labor probably will immediately be driven to the wall which will give Morones his opportunity.

Some Washington officials think Calles has sufficient influence with the army to throw support to Saez, as Obregon's successor. It is more generally questioned if he can do it, even he wishes—the army having become strictly the personal machine of Obregon and only to Calles because Obregon died.

Assuming that the future depends on the army, any number of prophets are to be found predicting that Minister of War Alvaro will decide to use it for his own individual benefit and perhaps turn out to be the next dominating factor in Mexico.

Living and Loving

By MRS. VIRGINIA LEE

When a young lady gets to be 15 or 16 and isn't allowed to have a beau, what shall she do? She is too young for beaux, say her family and friends, but she is too old for little girl games. It's a tiresome age, isn't it, this teen

ages? It's a good time, however, to cultivate your taste in music, literature, etc., and to go skating and swimming and all the things that make an attractive young lady when you are a few years older.

"Dear Mrs. Lee: I am a girl of 15, but look and act like 20. I have a boy friend whom I think the world of and my folks respect him highly. People like to converse with him that are entirely too young to associate with him. I realize that I am pretty young, but what shall I do? I can't go out doors and play tag like some people try to make me believe I should. VIRGINIA ROSE."

It wouldn't hurt you a bit to have an occasional game of tag, dear. At the same time, if your parents think it is all right for you to go with this nice boy there is no reason why outsiders should object.

"My Dear Mrs. Lee: I am what is called an old-fashioned girl. This all happened during last Christmas. A boy told me to a party. There was mistletoe and I unwittingly walked under it. The boy who took me then kissed me, slapped him in the face and walked home. Everyone since has laughed at me, even my family, and no boy has ever looked at me again. Did I do right or not? INNOCENCE."

You undoubtedly acted on impulse in the surprise of the moment, dear. It was all a game, of course, and it would have been better to have laughed it off. It is not a matter of right or wrong, and I would forget it as soon as possible, if I were you. I think it is probably just a coincidence that the boys have not been paying attention to you since. However, if you ever have a good chance you might tell the boy you are sorry you took the matter so seriously, as his feelings were probably hurt as well as his face.

"Dear Mrs. Lee: Would you please tell me the correct way to introduce one's boy friend and sister? My sister is much older and married. Shall I say her married name or just her first name, and just how shall I give the introduction? I thank you."

First, to your sister say, "Mary, this is my friend, John Smith." And to him, add, "John, my sister, Mrs. So and So." Or to be more formal, "Mary, let me present my friend, John Smith John. This is my sister, Mrs. So and So."

What's Borew?

"He claims his wife was intractable, your lordship, so he beat her into subjection with a golf club."

"In how many strokes?" asked the judge.—TIT-BITS.

Harness Cigars Beaten By Downtown Club 11 - 6

WINNING STREAK OF LEAGUE LEADERS IS CHECKED THURSDAY

Victory Cuts Lead Of National Loop Pace-makers

The worm finally turned and The Downtown Country Club, 1927 city softball champions, checked the advance of the Harness Cigars by defeating the league-leaders 11 to 6 Thursday night in a National League game at Cox Memorial Athletic Field.

The victory shaved a full game from the lead of the Harness Cigars but still leaves the D. T. C. Club one full game behind with, however, a better chance of overhauling the leaders.

It was only the second defeat of the season for Harness, which had defeated the 1927 champions by one-run margins in two previous games.

The D. T. C. Club made victory certain in the lucky seventh inning when the second-placers pushed seven runs across the plate after two were out.

Until this round, the two teams had battled on even terms. The D. T. C. Club took the lead by scoring one run in the second. Harness went ahead with a two-run rally in the third but the second-placers again went out in front by tallying twice in the fourth, aided by a home run by LeSourd with the bases empty. Harness tied it up with a marker in the fifth. Matters stood this way until the seventh-round blowoff. The winners added another run for good measure in the eighth.

Harness scored one run in the seventh and two more in the ninth but found the margin too great to overcome. Frame and McCarran formed the battery for the winners. Paul Boxwell, who started in the box for Harness, gave way to Smith in the eighth.

Central High School meets the Phi Delta Friday night.

D. T. C. Club lineup: R. Finlay, 3b; Patterson, ss; Huston, 1b; LeSourd, 1f; McCarran, c; D. Finlay, 2b; Higley, rf; Eavey, cf; Frame, p.

Harness lineup: Shaw, rf; D. Fuller, 1f; P. Fuller, 2b; Leopard, c; Bottorff, ss; A. Boxwell, cf; Smith, 3b-p; Cain, 1b; P. Boxwell, p-3b.

Score by innings:
D. T. C. Club 010 200 710-11
Harness 002 010 102-6

AUTHORIZE \$17,000 BOND ISSUE TO PAY FOR SEWER SYSTEMS

A bond issue of \$17,000 to finance extension of sewer systems on E. Market and E. Church Sts., petitioned for by property owners, was authorized by City Commission Thursday night.

Commission passed an ordinance covering the bond issue in anticipation of the collection of assessments in ten annual installments. Property owners will be specially assessed for a greater part of the amount.

The sewer system on E. Market St. will be extended east for 635 feet and on E. Church St., from Columbus St. to Patton St., a distance of approximately 3,000 feet.

Commission also authorized a bond issue of \$2,000 for enlargement of the city municipal water plant building north of Old Town.

Complying with a request of the State board of health, the city will build a new wing on the east side, completely covering the settling chambers. This will necessitate a change in the location of the airways, according to Superintendent T. H. Zell. The suggestion was made to protect the settling chambers from an accumulation of dust and dirt.

CHARLES V. BURTON ASSUMES DUTIES AS EXECUTIVE AT HOME

Charles V. Burton, new superintendent of the O. S. and S. O. Home, arrived at the institution Thursday from Cleveland, where he spent the week closing up his affairs before taking charge at the Home.

He was busy Friday "sizing up" work at the Home and declared that he found everything harmonious and everyone co-operating for the good of the institution.

Mrs. Burton will arrive Saturday from Cleveland and their son, Jim, 21, will arrive from that city, later. Young Mr. Burton plans to enter the U. S. Military Academy at West Point next term.

Superintendent Burton has had three years work with veterans' claims and guardianships in Cleveland, for the U. S. government. In connection with his office in the Ohio National Guard, in which he served as lieutenant colonel. His previous experience has been of benefit to him in his new office, he believes.

AFTER 47 YEARS
Suit to dissolve the marriage, performed in Osborn forty-seven years ago, was filed in Court County Common Pleas, Court, Springfield, Thursday by Belle E. Hader, 705 Tibbetts Ave., Springfield, against John L. Hader, address unknown.

They were married March 16, 1881 and have three sons, all of age. She asks restoration of her maiden name, Belle E. Davis.

FAIRFIELD PIKE WILL BE AMONG BEST IN COUNTY SAYS SURVEYOR

County Surveyor William J. Davis, who is personally supervising the paving of the Xenia-Fairfield Road, predicts the highway, upon completion, will be one of the finest in the county.

Six miles of the road are being paved with concrete. At present the construction of two and one-half miles is complete and the entire project is expected to be finished by October 1. Parts of the road are closed to traffic.

A new concrete bridge, 135 feet in length, which will replace the present wooden structure, is also being built at a point in the road near Old Town. Upon completion of the new span in a month, the present wooden structure will be razed. The new bridge is being built at a point about sixty feet downstream from the site of the present structure. The road is being moved at that point to eliminate a sharp curve in the road.

W. J. DAVIS

HUGGINS PULLS RABBIT FROM HIS HAT; YANKEES HOLD LEAD

NEW YORK, Aug. 10.—The sleight-of-hand ability of Professor Miller Huggins, director of those temperamental Yankees, today is the envy of fifteen other big league managers. The professor never pulled a rabbit out of a hat, but he demonstrated an even better trick yesterday when he pulled a crack-jack pitcher from the minors.

The pitcher who put the Yankees right back into the thick of the American League pennant scrap was Lefty Himech, and his successful comeback set Connie Mack to gnashing his teeth because Himech once was discarded by the Athletics. The A's traded him to the Boston Red Sox, whom he held to four hits yesterday in his first start as a Yankee. Lefty struck out eight men and retired fifteen consecutive batters after the first inning, the Yankees winning 7 to 1.

Sharing the spotlight with Himech were Howard Ehmke and Al Simmons of the Athletics. Ehmke held the Senators to only three hits and beat them 8 to 3 with the aid of Polish Al, who smacked an important home run with the bases loaded. The Mackmen are still four and one-half games behind the Yankees.

The St. Louis Cardinals, who have lost four of their last five starts now lead the Giants by only four games in the National League scramble. The Pirates hung up their eighth straight win and advanced to within a game and a half of the third place Cubs when they whipped the Cards yesterday, 5 to 1. The Buchs picked Haines for three runs in the first inning while Hill and Grimes checked St. Louis after Frisch hit a homer with one on.

Other teams did not play.

ANNOUNCE RATE SCHEDULE FOR BOOTH SPACE AT HOME-COMING

A schedule of rates and conditions for the sale of space for concessions at the Greene County Home-Coming celebration August 26-29, has been drawn up by the ways and means committee of the Greene County Home-Coming Association.

Space for concessions has been set aside along the east side of Detroit St. from Main to Market St. and on Market St. from Detroit to Green St.

EVANGELIST KNOWN IN XENIA SUCCEUMBS FRIDAY IN ALABAMA

The Rev. Douglas McDuffie, colored evangelist, died last Friday night in Birmingham, Ala., after being found intoxicated in a gutter, according to the Pittsburgh Courier, leading race newspaper.

McDuffie, the article says, admitted he was a habitual drunkard and narcotic user, before his death. He conducted a revival service here at one time, during which he was arrested on complaint of two young boys and required to face serious charges. He escaped trial by jumping his bond. The Courier story follows:

Rev. Douglas McDuffie, famous evangelist, died last Friday night in the Birmingham Hospital.

The story goes that McDuffie had just closed a three weeks' revival in a C. M. E. church in Birmingham and as his usual practice left the church with two grips of money.

According to McDuffie's confessions shortly before his death, he has been a habitual drunkard and dope fiend, under the guise of a preacher and man of God and has been a robber and a hypocrite. He died cursing, claiming that hell would be his goal.

McDuffie has been known the country over as a revivalist and a religious fanatic.

Many times he has conducted meetings at the larger churches in this city, converting souls in large numbers and leaving the city with bags of money.

He claims to have owned a palatial home in New York City and one in Philadelphia.

That McDuffie was under the influence of drugs and liquor at the time he was carried to the hospital was evidenced when he fell in love with one of the nurses and gave her all of his money, telling her that she was the only woman he had ever loved.

For McDuffie this was unusual, as he was known to have held an aversion to womankind so far as personal admiration goes.

This love at first sight and extreme generosity on the part of the dying evangelist raised the ire of his man attendant, who bitterly resented the nurse's acceptance of the money.

Dr. Charles S. Nail is said to have found McDuffie drunk and in a gutter on the street after leaving the church.

He rushed him to the hospital, where physicians attributed his death to a long habitual use of drugs and whisky.

SEEK AUTOIST WHO HURT FOUR PEOPLE

Dayton police are searching for Joseph Youngblood, Osborn, who is said to have injured four persons Wednesday night, while driving a speeding automobile in Dayton, and then disappeared.

Tarquin M. Hawkins, Osborn, owner of the machine Youngblood drove, said he loaned the car to Youngblood early Wednesday night. Youngblood is said to have gone to his home in Osborn, after the accident, packed his clothes and disappeared.

He is said to have had three companions at the time of the accident.

GLIMPSES OF OHIO HISTORY

Mad Anthony Wayne of the "Dark and Bloody Ground"

FOR years after the Revolutionary War so terrible were the onslaughts of the thousands of Indians north of the Ohio River that the country became known as the "dark and bloody ground." Still harboring their hatred of the white man generated by the British in earlier days the red men continued their raids.

In 1793, the impetuous and daring Anthony Wayne who had gained the nickname of "Mad Anthony" during his service in the revolution conducted a final expedition against the savages. He literally built a road into their country, and over this passed his army, hardened, disciplined, and eager to fight. His victory led to the treaty of Greenville, by which the United States gained title for all time to a vast area.

Mad Anthony Street in Cincinnati marks the beginning of the road which the dauntless general built; and it extended to Hamilton, crossing the Miami just south of the present High Street bridge.

Over practically the same highway pass thousands of motorists annually, guided and aided by the now familiar red and white emblem of Smiling Loreco Service.

VEEDOL Motor Oils and Greases, nationally advertised and famous for the "Film of Protection,"—smooth as silk, tough as steel,—are available at most Loreco Stations.

Creamed Comments On S.S. Lesson

From the council at Jerusalem, Paul and Barnabas returned to Antioch and after some days set out on a second missionary journey visiting the cities where they had founded churches on the first journey. The trouble about Mark's turning back in the first journey caused sharp contention between Paul and Barnabas, Barnabas, the uncle of Mark, wanting to take him along and Paul refusing to agree to this. The result was that Paul and Barnabas separated, Barnabas taking Mark and Paul taking Silas as his traveling companion. The quarrel was overruled for good as two foreign missionary expeditions instead of one set out into pagan territory.

V. 9. "Come over into Macedonia and help us." Visions are still hovering around us to catch our attention and coax us as Paul into a larger world and richer life. Any call to duty and opening into service is a vision burning in our sky. The Macedonian was a representative man and his call was the pathetic cry of the heathen world. The church that cannot hear this man today is spiritually dead.

V. 10. "And when he had seen the vision, straightway we sought to go forth into Macedonia, concluding that God had called us to preach the gospel unto them." When Paul knew the Lord's way, he instantly acted and turned his vision into reality. The reason we do not see more visions may be that we do not obey the ones we do see.

Va. 11, 12. "Setting sail from Troas . . . and from thence to Philippi"—This sail marks one of the greatest crossings and epochs of history. In passing from Troas to Philippi, the gospel stepped at one stride from Asia into Europe and set out upon its world wide march. When we set out under divine providence we never know what splendid results we may achieve.

V. 13. "And on the Sabbath day we went forth by a river side where there was a place of prayer." Paul remembered the third commandment. The heathen world did not know this day but these missionaries knew it and how to spend it—by attending a place of worship. To those who know its secret, it is a divine day in the calendar that brings rest and worship and peace and breathes a better spirit through all our days. "And spake unto the women"—The Gospel in heathen lands generally first finds its way into woman's heart and the cause that captures woman to its support will eventually capture the world.

Lydia. . . "heard us." Lydia has the conspicuous honor of being the first Christian convert in Europe. First she "heard" the Gospel. Next the Lord "opened her heart"; then she "gave heed unto the things spoken by Paul"; "she was baptized"; then grace widened and took in her whole life. Place by place the missionaries came to dinner, her faith "flowered in the beautiful grace of hospitality" and her conversion was complete.

1. What should Christians do when they differ in opinion?
2. How can we know when Providence is guiding us?
3. How turn visions into victories?
4. What would be the difference now if Paul had remained in Asia for the rest of his life?
5. What is the world's greatest need today?

need today? How far are we from reaching the world with the gospel?
6. What were the steps in Lydia's conversion?
Clericus says, "When one honest Christian soul stands at the parting of the ways, looking up prayerfully for guidance, then manfully going forward because there is no going backward, no one knows what blessing that act will eventually bring to thousands yet unborn."

Lesson Prayer—O, Lord, open our ears that we may hear the Macedonian call challenging every Christian—the call of all lands and places increasingly without the gospel.

BOOK REVIEW

"Evangelistic Sermons," by Rev. Joseph B. Baker, H. M. Shelley, publisher, 5513 Larchwood Ave., Philadelphia, Pa. \$1.50. Consists of seventeen evangelistic sermons sounding the gospel alarm to the unchurched and the unsaved.
"American Travelchart and Travelcharts" by Frederick L. Collins, The Bobbs-Merrill Co., Indianapolis, Ind. \$2.50. Contains systematized information covering eight eastern cities, eleven midwestern, five western, and six vacation lands—the essential places of interest, total outlay financially for a visit, etc.

World Religious News
Dean W. R. Inge of St. Paul's Cathedral, London is to preach the League of Nations' sermon in Geneva Cathedral September 2nd.

Bishop F. J. McConnell was elected acting president of the Board of Foreign Missions of the Methodist Episcopal church recently and Bishop Edwin Hughes made chairman of the World Service Commission.

John D. Rockefeller, Jr., has contributed \$10,000 for the restoration of the beautiful stained glass windows of the Chartres cathedral in France. While traveling in France last summer Mr. Rockefeller found that the original windows had been replaced by ordinary glass.

Students representing sixteen different colleges and universities met at Cornell University recently and passed a resolution pledging support to a campaign for \$10,000,000 for the starving Chinese in the province of Shantung.

After ten years of discussion, the New York Lutheran Synod, the Synod of New York and New England and the New York ministerium have taken action looking toward a merger into a new United Synod of New York. This merger will affect 390 ministers and property valued at twenty million dollars.

Mr. Julius Rosenwald, Chicago philanthropist is to invest \$200,000 in a well planned group of apartment buildings for negroes to cover an entire block on the south side of Chicago, to be called Michigan Boulevard Gardens. This will be the second largest gift of its kind surpassed only by the Paul Dunbar apartments in New York City, gift of Rockefeller.

Church Forum
What may be expected of a successful Sunday School Superintendent?
The superintendent should be an organizer of forces. To put all to work the superintendent must be some wise and persistent planning. He should be a student of the best literature on his work as well as a student of school methods. He should see that the school over which he presides is of the best type and is made interesting, instructive and devotional.—John R. Pepper.

Do you believe in dues as a means of financing the class? This is not the ideal method but it seems to be the most practical. The majority of classes finance their organizations by some means.

of dues. The idea is to get each one to contribute something, what he desires rather than some fixed amount. The Duplex Envelope system sometimes solves the financial problem for Sunday School classes.

THE POWER OF AN AMBITION

Many years ago, a teenage poverty stricken lad, moved by an ambition for an education, sought aid by an appeal to a livery man who had two supernumerary nags considered useless.

The lad made a proposition to the livery man to let him drive these two old nags to an old carriage as a means of transportation, splitting fees.

The boy had made friends by his genial disposition. He had a passion for horses and was known as a clever, young, jockey. But there was no future in that business and he was determined to make himself useful, which called for an education.

It was not long before he succeeded in building up a good patronage and one day he offered the owner of the two nags a price for the outfit, which was accepted.

While the horses rested, the boy attended the Topeka public schools. Then he took a course in law and was admitted to the bar at the age of twenty-one.

His name is Charles Curtis, candidate for vice president on the Republican ticket.

THE BETTER WAY
THE INFLUENCE OF THE GOSPEL

The influence of the social gospel on the industrial conditions of the country is revealed in an appeal signed by forty Christian leaders of the Southern states looking toward better living conditions and better wages for the workers in the mill villages of the South. This appeal is as follows:

"We believe that all of the conditions can be steadily improved, and we therefore urge you, as present leaders holding positions of responsibility and vantage to take the initiative in their improvement. We believe that if you will take the initiative and if there can be the friendly co-operation of employers, employees, churches, educators and officials of the state, it will be possible to build in the South, by united effort in the lifetime of this generation, a greater and more powerful industry, constructed solidly upon good will and co-operation, avoiding the waste and bitterness of individual conflicts and mitigating the intensity of the class struggle."

Butter and Eggs

"Big butter and egg men" have nothing on Miss Betty Shimon, of Milwaukee, Wis. She is described as the only woman operator on the butter and egg market in the Chicago mercantile exchange, and her business exceeds \$4,000,000 annually.

ROOSEVELT AND THE CHURCH

Roosevelt said, "In this actual world a churchless community, a community where men have abandoned or scoffed at or ignored their religious needs, is a community on the rapid down grade. I advocate a man's joining the church for the sake of showing his faith by his work."

"Church work and church attendance mean the cultivation of the habit of feeling some responsibility for others."

Consider the value of the church to yourself and community. Why not accept the invitation and COME TO CHURCH NEXT SUNDAY?—D. Carl Yoder.

CIVIC LEAGUE NOTES

To make us love our city, we must make our city beautiful. In all city beautification there is involved an element of self-denial, or self-subordination for the common good. Setting aside parks and playgrounds and planting trees is a good example of this form of self-denial.

Xenians in general are proud of Shawnee Park, a long desired community pleasure and beauty spot. Now it is time for Xenians in particular to cultivate a personal pride in keeping the park neat and attractive at all times, and in further beautifying it. Trees and shrubbery have been planted and will add in wonderful measure to the appearance of the Park in a very brief time if the public aid in the care of them. Every one should feel a personal interest in this little park; talk up the care of it; train children and grown-ups alike to respect its beauty by keeping the grounds clear of rubbish.

Papers, boxes, trash of any kind should be thrown into the receptacles provided therefor, or carried home for the home receptacle.

Help make Xenia beautiful in every possible way, that we may love it more.

GANGSTER IS SLAIN AND WIFE ARRESTED

CLEVELAND, Aug. 10.—As a result of aggressive and precise moves by local detectives, practically all details in the murder of Philip "Funnycake" Corry, 28-year-old gangster and drug addict, had been cleared up today. The murderer's wife is under arrest and the capture of the accused man himself is a matter of only a few hours, according to Detective Inspector Cornelius Cody.

Corry was mortally wounded as he stood at an east side street corner yesterday afternoon. A roadster, accompanied by a man and woman, was parked a short distance away. The woman was driving.

The man stepped out, approached Corry, and spoke to him. He answered. There was a shot and Corry sank to the sidewalk, a bullet through his abdomen. The gunman walked rapidly to the parked roadster and the woman drove him away.

POSTMASTER DIES WHEN ON VACATION

COLUMBUS, O., Aug. 10.—Funeral services for Fred H. Tibbets, 58, Columbus postmaster, were to be conducted here this afternoon. Tibbets was stricken while vacationing at Confluence, Pa., Wednesday.

Officers of the Tri-state Postmasters' Association, of which Tibbets was a sergeant-at-arms, have been asked by their president, James Patchell, postmaster at Union City, Ind., to attend the services. Franklin County postmasters, also have been asked to attend.

...was when they arrived at any port.
...to refrain from leaving the ship
...until after Mrs. Roosevelt.

...Another's Sorrow.
...On the boat, all alone, was a
...little old man who seemed bowed
...down with grief. Apparently, each
...day of the trip only added to his
...sorrow. Studiously he avoided
...every one on board and spent most
...of his waking hours sitting quietly
...in his deck chair looking longingly
...across the trackless waste of wa-
...ter as if his eyes, sometimes dim
...with tears, were trying to pierce
...the veil that separated and marked
...the place "where earth ended and
...heaven began."

...One day his story was told—
...I will let him recount it in his own
...pathetic words:

..."This is the first time in all my
...life that I ever took a trip that
...my Rebecca was not with me and
...I am very sorrowful. Before the
...war came, I was very happy with
...my four sons; they all answered
...their country's call. First the eld-
...est, then the other two in turn.
...My youngest son joined the colors
...the moment he went away, and
..."My Rebecca began to grieve
...the moment he went away, and
...when the official word came that
...he had been killed at Chateau
...Thierry it seemed as though she
...did not want to live any longer.

...Whether Mrs. Roosevelt over-
...heard this or someone, moved by
...the pathos of his story, told it to
...her, I do not know, but he ap-
...peared on deck some days later
...with the first gleam of interest
...and hope that any of the passen-
...gers had seen in his eyes. Later,
...as he sat in his deck chair, Mrs.
...Roosevelt passed by.

...With the characteristic impul-
...siveness of his race, the man
...turned to a woman who sat next
...to him and said: "Do you know
...what that wonderful woman said
...to me this morning? She said, 'I
...am very glad to have met you, sir,
...for I feel that the stories of our
...lives are much alike. We have
...much in common. We each have

...had four sons all of whom enlisted
...in the great war. Only three of
...yours came back and my youngest
...boy is lying on French soil. You
...have lost your life-long companion
...and so have I, and yet I feel that
...we must not give up. We must
...carry on until the end. Not only
...because of those who are left, but
...for the honor of those who are
...gone."

...For a moment the man's voice
...trembled and stopped, then he
...said: "I did not weep while that
...blessed woman said these things
...to me. My heart was weeping, but
...I did not let a tear drop from my
...eyes. But after she went away I
...went down to my cabin and I
...cried for hours until my grief-bur-
...dened soul could weep no longer."

...The woman to whom this story
...was told observed that every day
...thereafter Mrs. Roosevelt took
...particular pains to single this man
...out for some little act of kindness.

...Mrs. Roosevelt's Kindness.

...to him and said: "Do you know
...what that wonderful woman said
...to me this morning? She said, 'I
...am very glad to have met you, sir,
...for I feel that the stories of our
...lives are much alike. We have
...much in common. We each have

...had four sons all of whom enlisted
...in the great war. Only three of
...yours came back and my youngest
...boy is lying on French soil. You
...have lost your life-long companion
...and so have I, and yet I feel that
...we must not give up. We must
...carry on until the end. Not only
...because of those who are left, but
...for the honor of those who are
...gone."

...For a moment the man's voice
...trembled and stopped, then he
...said: "I did not weep while that
...blessed woman said these things
...to me. My heart was weeping, but
...I did not let a tear drop from my
...eyes. But after she went away I
...went down to my cabin and I
...cried for hours until my grief-bur-
...dened soul could weep no longer."

...The woman to whom this story
...was told observed that every day
...thereafter Mrs. Roosevelt took
...particular pains to single this man
...out for some little act of kindness.

...Mrs. Roosevelt's Kindness.
...Whether Mrs. Roosevelt over-
...heard this or someone, moved by
...the pathos of his story, told it to
...her, I do not know, but he ap-
...peared on deck some days later
...with the first gleam of interest
...and hope that any of the passen-
...gers had seen in his eyes. Later,
...as he sat in his deck chair, Mrs.
...Roosevelt passed by.

...With the characteristic impul-
...siveness of his race, the man
...turned to a woman who sat next
...to him and said: "Do you know
...what that wonderful woman said
...to me this morning? She said, 'I
...am very glad to have met you, sir,
...for I feel that the stories of our
...lives are much alike. We have
...much in common. We each have

...All the others came back, but
...still her heart seemed broken and,
...although my business prospered
...greatly, my Rebecca faded away
...and died.

...After my Rebecca died, my
...three boys were goodness itself to
...me. But all was ashes, nothing
...was right. Finally my boys
...seemed to think that I might re-
...gain some little forgetfulness, if
...not happiness, if I had a change
...of scene and they persuaded me
...to take this trip. I have tried to
...get interested, but all I can think
...of is—that I am alone—alone."

...Mrs. Roosevelt's Kindness.
...Whether Mrs. Roosevelt over-
...heard this or someone, moved by
...the pathos of his story, told it to
...her, I do not know, but he ap-

NOTICE TO CONTRACTORS STATE OF OHIO DEPARTMENT OF HIGHWAYS.

Columbus, O. July 30, 1928.

Unit Price Contract.

Sealed proposals will be received at the office of the State Highway Director at Columbus, Ohio, until 2 o'clock p. m., Eastern Standard Time, Friday, Aug. 17, 1928, for improvements in:

(Project on Proposals Nos. 1 and 2 to be awarded to the same contractor as on contract J. 1928.)

Proposal No. 1. Clark County, on Sections "G," "H" and "I" of the Dayton-Springfield Road, S. H. (I. C. H.) No. 60, State Route No. 4, in Clark County, by surface treating with H. O.

Width: Pavement 20 feet. Length 5.8 miles. Estimated cost, \$3,320.00. Date set for completion, Oct. 15, 1928.

Proposal No. 2. Greene County, on Section "D" of the Dayton-Springfield Road, S. H. (I. C. H.) No. 60, State Route No. 4, in Bath Township, by surface treating with H. O.

Width: Pavement 20 feet. Roadway 28 feet. Length 12.200 feet or 23 miles. Estimated cost, \$2,727.39. Date set for completion, Oct. 15, 1928.

The bidder must submit with his bid a certified check in an amount equal to five per cent (5%) of the estimated cost, but in no event more than ten thousand dollars (\$10,000.00).

Specifications are on file in the office of the County Surveyor, Resident Engineer and the Department of Highways.

The Director reserves the right to reject any and all bids.

H. J. Kirk, State Highway Director.

Farm Notes

THE HOG WALLOW

While there is nothing esthetic about a hog wallow, there is satisfaction for the hogs—and protection for their owner. In hot weather the hog more than most other animals, is liable to overheating. Likely to be attended by very high mortality. Plenty of shade and cool water, together with freedom from any disturbance, are preventative against this source of losses in the hog lot.

On the John Brown farm near Mechanicsburg, Ohio, there is a hog wallow of concrete which pretty well suits the ideas of J. W. Wulchert, animal husbandry specialist at Ohio State University, as to what a hog wallow should be.

About twenty-five feet square, the sides of the wallow slope very gradually toward a drain in the center. In one corner there is an automatic drinking fountain, the overflow from which runs directly into the pool. Over the wallow, there is a roof supported on posts. All four sides are open.

The capacity of the wallow is highly elastic, since every hog that grunts his way into the water, displaces his own volume in water and raises the level of the pool. The more hogs in the pool, the more water.

The surface of the water in the pool carries a floating film of crude oil which keeps down the pests on the hogs and also checks mange among them.

EAST END NEWS

MRS. JAMES HARRIS Correspondent

Tel. 91-R

MIDDLE RUN BAPTIST CHURCH

W. C. Allen, Pastor

11 a. m. Theme: "The Worth-while Liberty."

2:15 p. m. Sunday School, J. T. Rountree, Supt.

7:45 p. m. Preaching services. All members are requested by their pastor to be at their post of duty during his absence; also that they keep in mind the moonlight picnic Saturday, Aug. 18, 1928.

GOTHAM FIRE CHIEF NO QUITTER; STILL WORKS AT NEARLY 70

John Kenlon in civvies.

By CLARK KINNAIRD Staff Writer for Central Press and The Gazette

NEW YORK, Aug. 10.—The fame that is Lindbergh's, the glory that is Babe Ruth's, the renown that is Tom Mix's, have not decreased the number of boys who want to grow up to be fire fighters. It is indicated by the number of youthful letters received by John Kenlon.

John Kenlon is glad it is so. You see, he's the biggest fire chief of them all, head of the fire department of New York City, and commander of 7,000 men.

When he was a boy Chief Kenlon didn't want to be a fireman, but the captain of a ship, and at thirteen he ran away to sea. In fourteen years he rose from cabin boy to master. When sails began to fade from the seas, he came ashore and became a fireman. For thirty-nine years he has been a fire fighter. He wishes now he'd become a fire fighter sooner.

But he isn't a sentimentalist about his business. He doesn't weep when a fireman is killed in line of duty, for he knows that death, to the men who fight fires, is always just around the corner. And he never asks his men to go anywhere or do anything he would not attempt himself.

He's near 70 now, and there is talk of retiring Kenlon in favor of a younger and more vigorous man. The chief, who figures he's good for ten or more years, admits they can get a younger man, but no more vigorous one. He shows them by going to all the fires he can, and there are lots of them in New York, despite the unrelenting vigilance of Chief Kenlon's 7,000 men.

Constantly on Job

He spends eight to ten hours a day in executive work at the Municipal building, then goes to night headquarters in Great Jones St., and except on Saturdays and Sundays he is on duty virtually twenty-four hours a day. He still slides down the brass pole, and he slides with his hood on his head and a fire alarm over his head.

His headquarters in Great Jones St. is lined with books he likes to read. Stories of ancient battles and the memoirs of great commanders are his favorite books, and he is an authority on ancient military campaigns. Another hobby is working out engineering problems. He still has his master's certificate and a marine engineer's certificate, and has kept himself informed on all new developments so that he is qualified to command an engine room on any liner.

On all sides it is admitted that in the sixteen or seventeen years he has been chief of the department, he has been above politics. He has compelled the bosses to keep their hands off his department. Kenlon doesn't care whether the men in his command are vote getters, but he does insist that they be good firemen. During the Hyman administration an effort was made to force him out of office. It failed.

He knows he's a good fireman. That's one of the reasons why he's glad that boys still want to grow up to be fire fighters.

Everybody is welcome.

MAKE-UP

A Romance of the Footlights by SCOTT

READ THIS FIRST:

Janet Mary James, eighteen, sweet and clever and good, has an ambition to go on the stage because her mother, who died the night she was born, had been a famous opera star. Janet meets Dr. Ballard Riley, who is known as a woman hater. Ballard dates her up, and Janet gets a lot of fun out of having a date with him. Janet meets Sir Henry Martindale, a tattered old gentleman, who becomes interested in her stage career. He takes Janet to meet Mort Goldstein, famous musical revue producer. Mort has her sing and dance, and engages her for a number in his new show. Janet is attending rehearsals.

At the rehearsal she meets Corinne Mallory, a tired little chorus girl, broke, who has gone hungry for several days. Janet takes her to lunch, and they become friends. Janet is anxiously waiting for her call to go on the stage at rehearsal.

Florence Deslys, one of the show girls, takes a dislike to Janet, and they are bitter enemies. Florence is particularly disagreeable on the opening night of the new show.

NOW GO ON WITH THE STORY

CHAPTER XXI

Corinne whirled and her eyes flashed. Janet knew she was going to say something to Florence and tried to restrain her with a look. But Corinne tilted her little nose and sniffed.

"Were you seeking encouragement, Miss Deslys, when you stuck your head in the barn paint?"

A good time was had by all. Janet was too big to let such remarks worry her. She had heard plenty of them at school and they rolled off her. Esther always said, like water off a roof. There was not a petty bone in her pretty body.

Corinne was in the first number and had to hurry. Janet kissed her on the cheek and told her to go out and knock 'em dead. Corinne laughed a little bitterly.

"Yes, knock 'em dead carrying a spear. Fine chance! If I had your looks and your ability I might have a break. I used to think I was a world beater."

Janet gave her a little slap. "You used to be! You sound as though you had been in the business fifty years."

Farm Notes

THE HOG WALLOW

While there is nothing esthetic about a hog wallow, there is satisfaction for the hogs—and protection for their owner. In hot weather the hog, more than most other animals, is liable to overheating. Likely to be attended by very high mortality. Plenty of shade and cool water, together with freedom from any disturbance, are preventative against this source of losses in the hog lot.

On the John Brown farm near Mechanicsburg, Ohio, there is a hog wallow of concrete which pretty well suits the ideas of J. W. Wuchet, animal husbandry specialist at Ohio State University, as to what a hog wallow should be. About twenty-five feet square, the sides of the wallow slope very gradually toward a drain in the center. In one corner there is an automatic drinking fountain, the overflow from which runs directly into the pool. Over the wallow, there is a roof supported on posts. All four sides are open. The capacity of the wallow is highly elastic, since every hog

that grunts his way into the water, displaces his own volume in water and raises the level of the pool. The more hogs in the pool, the more water.

The surface of the water in the pool carries a floating film of crude oil which keeps down insect pests on the hogs and also checks mange among them.

GOTHAM FIRE CHIEF NO QUITTER; STILL WORKS AT NEARLY 70

John Kenlon in civvies.

By CLARK KINNAIRD Staff Writer for Central Press and The Gazette

NEW YORK, Aug. 10.—The fame that is Lindbergh's, the glory that is Babe Ruth's, the renown that is Tom Mix's, have not decreased the number of boys who want to grow up to be fire fighters. It is indicated by the number of youthful letters received by John Kenlon.

John Kenlon is glad it is so. You see, he's the biggest fire chief of them all, head of the fire department of New York City, and commander of 7,000 men.

When he was a boy Chief Kenlon didn't want to be a fireman, but the captain of a ship, and at thirteen he ran away to sea. In fourteen years he rose from cabin boy to master. When sails began to fade from the seas, he came ashore and became a fireman. For thirty-nine years he has been a fire fighter. He wishes now he'd become a fire fighter sooner.

But he isn't a sentimentalist. About his business he doesn't weep when a fireman is killed in line of duty, for he knows that death, to the men who fight fires, is always just around the corner. And he never asks his men to go anywhere or do anything he would not attempt himself.

He's near 70 now, and there is talk of retiring Kenlon in favor of a younger and more vigorous man. The chief, who figures he's good for ten or more years, admits that he can get a younger man, but no more vigorous one. He shows them by going to all the fires he can—and there are lots of them in New York, despite the unrelenting vigilance of Chief Kenlon's 7,000 men.

Constantly on Job He spends eight to ten hours a day in executive work at the Municipal building, then goes to night headquarters in Great Jones St., and except on Saturdays and Sundays he is on duty virtually twenty-four hours a day. He still slides down the brass pole, and he sleeps with his boots beside his bed and a fire alarm over his head.

His headquarters in Great Jones St. is lined with books he likes to read. Stories of ancient battles and the memoirs of great commanders are his favorite books, and he is an authority on ancient military campaigns. Another job by working out engineering problems. He still has his master's certificate and a marine engineer's certificate, and has kept himself informed on all new developments so that he is qualified to command an engine room on any liner.

On all sides it is admitted that in the sixteen or seventeen years he has been chief of the department he has been above politics. He has compelled the bosses to keep their hands off his department. Kenlon doesn't care whether the men in his command are vote getters, but he does insist that they be good firemen. During the Hyman administration an effort was made to force him out of office. It failed.

He knows he's a good fireman. That's one of the reasons why he's glad that boys still want to grow up to be fire fighters.

"Oh, it doesn't take 'em long to pick up with someone with a little cash to buy 'em a chance." Mrs. Van Arden concealed her contempt. How she loathed his filthy mind. She thought of pretty little Janet James, and tried to imagine her paying for a chance on Broadway. Not that girl! There was something different in that precocious little elf who hated subways and had never seen one before. She remembered Janet's remark about being a parson's daughter and thriving on sin, and smiled to herself. Well, if Janet played a season in this show she ought to find plenty to thrive on. Goldstein's shows were noted for their being made up of breach of promise and alimony ladies of the

MAKE-UP

A Romance of the Footlights

READ THIS FIRST:

Janet Mary James, eighteen, sweet and clever and good, has an ambition to go on the stage because her mother, who died the night she was born, had been a famous opera star. Janet meets Dr. Ballard Riley, who is known as a woman hater. Ballard hates her up, and Janet gets a lot of fun out of having a date with him. Janet meets Sir Henry Martindale, a rather old gentleman, who becomes interested in her stage career. He takes Janet to meet Mort Goldstein, famous musical revue producer. Mort has her sing and dance, and engages her for a number in his new show. Janet is attending rehearsals.

At the rehearsal she meets Corinne Mallory, a tired little chorus girl, broke, who has gone hungry for several days. Janet takes her to lunch, and they become friends. Janet is anxiously waiting for her call to go on the stage at rehearsal.

Florence Deslys, one of the show girls, takes a dislike to Janet, and they are bitter enemies. Florence is particularly disagreeable, on the opening night of the new show.

NOW GO ON WITH THE STORY

CHAPTER XXI

Corinne whirled and her eyes flashed. Janet knew she was going to say something to Florence and tried to restrain her with a look. But Corinne tilted her little nose and snorted.

"Were you seeking encouragement, Miss Deslys, when you stuck your head in the barn paint?"

A good time was had by all.

Janet was too big to let such remarks worry her. She had heard plenty of them at school and they rolled off her. Esther always said, like water off a roof. There was not a petty bone in her pretty body.

Corinne was in the first number and had to hurry. Janet kissed her on the cheek and told her to go out and knock 'em dead. Corinne laughed a little bitterly.

"Yea, knock 'em dead carrying a spear. Fine chance! If I had your looks and your ability I might have a break I used to think I was a world beater."

Janet gave her a little slap.

"You used to be! You sound as though you had been in the business fifty years."

Corinne bent over and whispered.

"I've never told anybody. But I'll be thirty next year."

Janet stepped back and looked at her in amazement. Corinne did not look a day over twenty. She shrugged and half smiled.

"I got about five years more to go, and then I'll be a has-been!"

Janet thought about it constantly as she stood in the wings watching the excitement and waiting to see the first number from the wings. Corinne thirty! And how hopeless she sounded. What a life for a girl with no special ability. Why would they stick to it? Instead of settling down and marrying or getting into work they could succeed at.

The curtain rose on a crowd of squirming, laughing, shouting little flappers. And Corinne was the gayest looking of the lot. Janet watched, fascinated.

Mrs. Carter Van Arden sat in a box with a party of friends. Opening nights always thrilled her. She was looking over the program.

Suddenly she sat up straight and gasped. Oh, it must be just a coincidence of names. "I want to be a French Coquette—Janet Mary James and ensemble."

She was thrilled. The little girl she met on the train! Surely not. Not so soon! She could not be doing a number in a big show like "The Three of 1923." She turned to her husband.

"Why, I met a child on the train by that name when I was coming from the south in June. She said she was coming to New York to go on the stage. You don't suppose it can be she."

Mr. Van Arden looked bored. Opening nights were fine when you didn't have to take your own wife. His eyes were glued to the flashing legs of the chorus on the stage when he answered her.

"Oh, it doesn't take 'em long to pick up with someone with a little cash to buy 'em a chance."

Mrs. Van Arden concealed her contempt. How she loathed his filthy mind. She thought of pretty little Janet James, and tried to imagine her paying for a chance on Broadway. Not that girl! There was something different in that precocious little elf who hated subways and had never seen one before. She remembered Janet's remark about being a parson's daughter and thriving on sin, and smiled to herself. Well, if Janet played a season in this show she ought to find plenty to thrive on. Goldstein's shows were noted for their being made up of breach of promise and alimony ladies of the

stage. Janet seemed to be all over the stage at once. He had never seen such a girl. She got a hand the moment she came out. There was something about her personality and her breath-taking beauty that got the audience at once. Broadway first nighters can be kind to the stranger in their midst if they like them. And Janet won them with her first smile.

Her dialect was perfect. There were many who thought she must be one of the girls Goldstein brought over from Paris. She was real Parisian!

Florence Deslys stood in the wings, biting her lips. How she hated that little amateur sinner from the sticks. That was the number she had been promised. Darn her pretty face! Her eyes glittered. Someday—somehow, she would find a way to fix her. Goldstein might change his mind and put her in her place if he liked—but she wouldn't get away with it long.

The chorus danced out in costumes that were the replicas of Janet's, in black. Ballard Riley noticed how she put everyone of them in the background. There wasn't a figure that could touch hers.

Mrs. Van Arden sat with a pleased smile on her lips. It was a good surprise. Coming to see the opening show and finding her little train acquaintance. She must go back stage after the show and say "hello."

Janet had to come back and give two encores. They were wild in their enthusiasm. She felt as though she had been on the stage all her life. It was in her blood—the love of the crowds and their wild applause. She went through it all as though she were in a dream. A happy, gay dream—one it seemed she had always looked forward to.

Goldstein was back stage when she came off. He grasped her hands and there was enthusiasm in his voice.

"Believe me, M.D. I've never

She was wonderful.

night clubs. Fine setting for the parson's daughter!

Janet's number was next. Ballard Riley smiled to himself. He was excited. Bless the kid! He knew how happy she was. And he hoped she would look down and see that he was there pulling for her. It was sort of a mean trick. He should have told her he fully intended being there, and where he was going to sit. But he had enjoyed stringing her along about it.

Ballard was lost in thoughts of her throughout the number. He scarcely knew what was happening on the stage. He wondered if she would be as beautiful with make-up as without it. How glad he was she did not use it on the street. That she gave her own rich coloring a chance.

At that moment Janet came sailing out. Mrs. Van Arden leaned over in her box and smiled. It was the little girl of the train! Bless her!

Janet came out in a tight slip of a flame-colored satin thing that fit like her skin. Every curve of her beautiful body was revealed, and her legs were bare. She wore no ornament except large rhinestone buckles on her French pumps.

Her eyes sparkled like jewels. Ballard Riley leaned forward in his seat—and gave a satisfied smile. She was wonderful! He had never seen anyone look quite so French—so daring and fascinating.

"I want to be ze French Coquette," Janet sang.

Janet seemed to be all over the stage at once. He had never seen such a girl. She got a hand the moment she came out. There was something about her personality and her breath-taking beauty that got the audience at once. Broadway first nighters can be kind to the stranger in their midst if they like them. And Janet won them with her first smile.

Her dialect was perfect. There were many who thought she must be one of the girls Goldstein brought over from Paris. She was real Parisian!

The Theater

Ben Hecht, Chicago newspaperman, author and scenarist, can add playwright to these titles. Hecht has a play in Broadway, entitled "The Front Page," with a newspaper of.

Hecht wrote the successful play, "Underworld" which added laurels to his already crowned crown.

An operetta based on the ro-

from the works of Chopin. Grace Brinkley of the "Greenwich Village Frolics" fame will have the leading role. Included in the cast will be DeWolf Hopper, Odell Myrtil and Guy Robertson.

The genius Chopin was the lover of Mme. Dudevant, better known as George Sand. The vogue for operettas of this sort was established by the successful "Blossom Time" upon the life and times of Franz Schubert.

Ina Claire is returning from Europe to appear in a new play, based on the life of Nell Gwynn. Leonore Ulric will also have a new one, Farence Molnar's "Mina."

Twenty Years '08- Ago -'28

Final plans for the first annual picnic of the Y. M. C. A., to be held at Neff Park August 21, were made.

The first business house in Xenia to be decorated in anticipation of the Home-Coming, is Zell's book store on Green St.

The congregation of the First U. P. Church authorized the letting of a contract to erect a stone church, costing \$28,000, on the site of the present edifice.

Dr. Clarence McPherson, who at present is connected with the Ohio State Hospital, as an assistant physician, is preparing to open an office in Xenia for the practice of medicine.

LULA VOLLMER PLAY WILL FEATURE 1928 XENIA CHAUTAUQUA

Years past chautauqua was largely associated with prominent lecturers to the exclusion of other types of entertainment and the chautauqua program was in the past analysis nothing more than a lecture course.

In that day patrons were fortunate in having opportunity to listen to such great personages on the Redpath platform as William Jennings Bryan, Frank Willis, David Sutton and Governor Allen. But this day is past and the programs offered by the chautauqua must answer to an entirely different demand. People throughout the country today are not satisfied with a preponderance of any one kind of entertainment but they insist upon a diversified bill.

Xenia patrons have always been especially interested in the Redpath play productions. It was the earnest request of the local chautauqua association, in planning the entertainment with the Redpath people, that some important play hold a principal place on the 1928 program. The drama decided upon to fill this need captured the Pulitzer prize for 1924, has brought fame and fortune to Miss Lula Vollmer, the author, and will be presented here by a company carefully selected—Miss Marie Pavey having the leading role which she filled when the play was on Broadway.

Many properties that carry the audience back to the alleged "good old days" when wooden buckets, gourd dippers and coal-oil lamps flourished, and automobiles were unknown, may be seen when the Redpath chautauqua brings the north Carolina mountain drama, "Sun-Up," as one of the week's big features.

The scene is laid in a mountain cabin, with the Widow Cagle as the central figure in the drama. Seated in an old-fashioned arm chair, puffing a corn cob pipe, and never allowing a smile to cross her features, "Miz" Cagle is the human hum about which revolves the action of the play.

"Pap" Todd affords humorous relief from the tenseness of the drama, with his frequent references to being shot in the leg while fighting in the Confederate army. He isn't especially popular with Widow Cagle, who claims that "Pap" was born without a backbone.

One of the most lovable characters in the play is Emmy Todd, who marries the widow's son, Rufe Cagle, just before he leaves for France—"bout forty miles tother side of Asheville."

Among the other big features of chautauqua opening August 15 in Xenia are the comedy success "Tommy", Gilbert's Golden Memories, William Rainey Bennett, Claremont String Ensemble and the Solis Marimba Band.

666

Cures Malaria and quickly relieves Biliousness, Headaches, and Dizziness due to temporary Constipation. Aids in eliminating Toxins and is highly esteemed for producing copious watery evacuations.

VOTE FOR LACKEY

For Commissioner
Next Tuesday, Aug. 14th

Now Serving First Term

We are too busy with official work to canvass the county or make a house to house call.

The present Board has made and repaired more roads and streets than has ever been done in one term of the County Board. Drainage has been our first work on all streets and roads in each town in the county. We have made or assisted in constructing more new streets. The roads are in better condition than ever before, with less expense to the county, using in the last two years only one-half of the two mill levy.

We were the first to suggest rest rooms and comfort stations for the public in the Court House. How does the Court House look to you? More people out of the mud than ever before.

The present Board is very logically situated. Mr. Beam, in the south west part of the county, Mr. Eavey at Xenia and Lackey in Ross Township.

The Board has always been very harmonious in all county work and deliberations and plans. We are better prepared to serve the county successfully than four years ago.

We are only asking the customary second term and will appreciate your support.

Our present board is different in that they do not use tobacco in any form or cuss or swear.

It's too hot for that if we were so inclined.

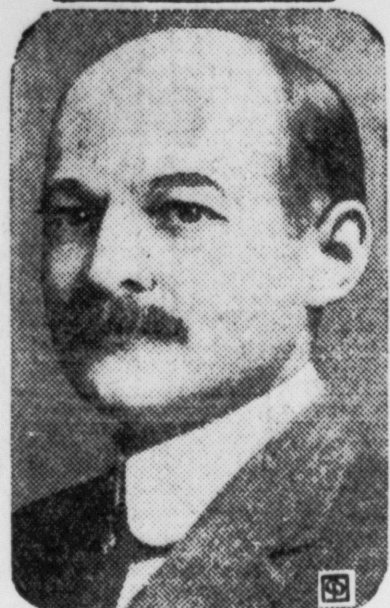

Let's keep it that way by the usual X next Tuesday.

Respectfully your Servant,

J. H. Lackey.

—Political Adv.

M. D.'s Honor Him

Dr. Edward Francis, of the United States public health service, who has been awarded a gold medal for research work into tularemia, or "rabbit fever." The American Medical Association, in awarding the medal, characterized his efforts as the most important medical research work of the year.

EAST END NEWS

MRS. JAMES HARRIS
Correspondent
Tel. 91-R

Relatives upon their return from the hospital Thursday report that the Rev. A. M. Howe, who was operated on Wednesday for appendicitis at the Miami Valley Hospital at Dayton, O., is doing as well as could be expected and the physicians feel that unless unforeseen complications arise his recovery is safe.

There will be a social Saturday night at the residence of Mrs. Marietta Moore at Main and Patton Sts.

Rev. Jas H. Harris will preach at

Washington C. H., Ohio, Sunday, filling the pulpit of Rev. Smith. The Coatsville Baptist Church will hold its annual basket meeting Sunday and as Rev. Smith also pastors that church he will be in charge of the basket meeting services.

The Zion Baptist Moonlight picnic will be held on the Masonic lawn, Main and Leach Sts., Saturday evening, Aug. 11.

Mr. and Mrs. Edward Page of E. Church St., have as their house guests, their sister and brother-in-law, Prof. and Mrs. Mabel Williamson of Buffalo, N. Y., and also Mr. Edward Page, Jr., Mrs. A. W. Williamson and daughter Edith and Mr. John Brock all of Chicago, Ill.

Miss Gertrude Blade of Cleveland spent this week with her uncle Rev. Samuel Blade and Mrs. Ellen Blade of E. Third St., and other relatives.

ALL OUT DOORS AND WHERE TO GO

Editor's Note: The "All Outdoors and Where to Go," is written for L. N. S. by James W. Stuber, big game hunter, sportsman-conservationist, and member of the Outdoor Writers' Association of America, who has had a wide field of experience covering a period of many years, both in the United States and Canada. Mr. Stuber is also secretary of the Ohio Conservation Council.

You don't have to go so far away to get good fishing, and beautiful scenery, with good roads and camping sites and good accommodations for the tourist who wants a short trip, not too far away from Ohio. Here are some good places:

Harlan County, Kentucky: P. O. Baxter. On Cumberland River and not far from Cumberland Falls.

Accommodations at farm houses, L. and N. to Baxter or drive there from Cincinnati.

Taylor County, Kentucky: Campbellsville, L. and N. Ry. Information from L. and N. ticket agent at Campbellsville. Many lakes and good fishing, wonderful scenery.

Boone County, Kentucky: Gunpowder Creek. Dixie Highway from Cincinnati to Erlanger. Hotels at Burlington.

Pendleton and Harrison Counties, Kentucky: Motor from Cincinnati to Independence, via Madison Pike from Covington and on to Falmouth. Bass, perch, and pan fish. Beautiful scenery. Wading and shore fishing in streams. Hotels at above named towns.

Where can I get some grouse shooting? This question is often asked by Ohio hunters. One of the best places close to Ohio for grouse, woodcock and small game, is at Conneaut Lake, Pennsylvania. There is also good bass, perch and bluegill fishing there. Conneaut Lake is in the western

part of the state, Crawford County and is reached by good roads through Youngstown, or via Pennsylvania railway via Linesville or Besmer and L. E. direct. Information as to guides can be obtained from Wild Life Inn, or Hotel Iroquois, Conneaut Lake.

For a short fall fishing trip combined with duck hunting is Lake of Many Islands, 170 miles north of Toronto, Ontario in the Parry Sound territory. It is reached via Canadian National Railway from Detroit. The stopping place is Burk Falls. Deer, moose, bear, grouse and small game is plentiful. Twenty lakes are close by, and also good streams. Write to F. J. Schmeier, Box 51, Magnetawan, Ont., for information. This would be an inexpensive trip.

The survey now being made of American game resources by the U. S. Bureau of Land and Ammunition, the Institute will interest the general public as well as every sportsman. The purpose of the survey is to collect experience and ideas of sportsmen and conservationists as to the best means of sustaining a game crop. Facts will be assembled by the Institute and made available to state officials, and sportsmen, from which a dependable replacement program can be formulated. The survey is premised upon the idea that the sportsman, landowner and manufacturer of sporting equipment as well as the public have a stake in the maintenance of an abundant supply of game. Again the sportsman is taking the lead in the conservation movement according to "Sportsman's Digest," well known outdoor publication of national circulation, speaking editorially.

An effort will be made to have the American farmer consider game as a crop, instead of a liability. Instead of stopping hunting by posting farms, the farmer will be encouraged to raise game and profit from the hunters, who under the law can trespass only by permission anyhow. Once the farmer finds he has a gold mine in a game supply, he will realize its value as a crop. He will find some measure a means of "farm aid" by cultivating the friendship of the sportsman, many of whom will gladly pay for the privilege of hunting on farms where game is plentiful. The farmer should be able to pay his taxes with the game on his farm, by leasing shooting privileges. At the same time state should provide shooting ground through lease or purchase to hunters.

The Dayton Power & Light Co.
Xenia District

Notice to Voters of Greene Co.

We hereby call your attention to our candidacy for re-election to the office of "County Commissioner" at the Republican Primary, Aug. 14th, 1928.

We have tried to serve the county the past four years faithfully and impartially; have been absent from only two business sessions of the board during that time and the policy of the board has been to view the county at all times as a unit.

The Board has made special effort in the more remote parts of the county to bring the condition of the roads up to a standard thus giving assistance to those taxpayers who have hitherto not enjoyed the privilege of good roads.

We feel that it has been the good fortune of our board to have been able to build mere roads at less cost by using the present day road equipment as graders, trucks, stone and gravel crushers, using the native quarries and pits thus eliminating freight rates and extremely long hauls and in co-operation with the state the county will have completed this year some fifteen miles of hard surfaced road during the incumbency of the present board; also the state and county have jointly rebuilt and maintained during the past two years about twenty miles of road in Bath, Miami, Cedarville, Silvercreek, and Jefferson Townships; besides the county alone under the supervision of the County Surveyor and the Commissioners has converted many miles of strictly mud roads into roads now passable at all times of the year.

It may also be of interest to the tax payers of Greene County to know that only one mill of the regular two mill levy formerly made has been collected during the past two years.

We would appreciate the consideration of all voters who feel that our efforts and services merit their support.

Signed,
A. E. BEAM.

for Healthy fall Pigs and Heavy fall Hogs

The hog raiser who makes the biggest profit in good years, and often a fair profit in bad years, always looks to the future—next spring—next fall. He knows that FEED is a most important item.

Thousands are depending on Tuxedo Hog Ration to give them hogs that will bring the top of the fall market. These same hog raisers will get healthy fall pigs by feeding their brood sows Tuxedo Hog Ration.

This correctly balanced feed gives the sow just what she needs to build bone, blood, flesh and energy for her pigs.

Tuxedo Hog Ration makes good, sound pork faster and cheaper than any other feed or combination of feeds. You need not worry about corn—this year, or any year—if you feed Tuxedo Hog Ration.

Start to profit now—by getting a supply from any of the dealers named below. The Early & Daniel Co., Cincinnati, Ohio. "Our Forty-Seventh Year."
